BHARAT SUGAR EXPO

Bharat Sugar Expo is a premier B2B trade exhibition dedicated to the sugar, ethanol, and allied industries, bringing together manufacturers, technology providers, solution companies, policymakers, and industry professionals under one roof.

The expo serves as a comprehensive platform covering the entire sugar value chain-from sugarcane processing and sugar manufacturing to ethanol production, cogeneration, bioenergy, automation, and sustainability solutions. It showcases the latest innovations, machinery, equipment, chemicals, and digital technologies shaping the future of the sugar industry.

With participation from leading national and international exhibitors, the Bharat Sugar Expo enables direct business interactions, knowledge exchange, and strategic partnerships. The event also features technical conferences, expert sessions, and panel discussions focused on industry trends, government policies, ethanol blending initiatives, efficiency enhancement, and environmental compliance.

Designed to support industry growth and modernization, Bharat Sugar Expo acts as a catalyst for technology adoption, investment opportunities, and sustainable development, making it a must-attend platform for decision-makers across the sugar and bio-energy ecosystem.

Bharat Sugar Expo attracts a highly focused and influential audience from across the sugar, ethanol, and allied industries, offering exhibitors direct access to key decision-makers and buyers.

Exhibitor Profile

Sugar Manufacturing & Processing
- Sugar mills & cooperative sugar factories
- Refineries (raw, white & specialty sugar)
- Crushing, milling & juice extraction systems
- Clarification, evaporation & crystallization equipment
- Centrifuges, dryers & grading systems

Machinery, Equipment & Engineering
- Sugar plant machinery manufacturers
- Boilers, turbines & cogeneration systems
- Conveyors, elevators & material handling systems
- Fabrication & turnkey EPC companies
- Automation & control systems

Chemicals & Consumables
- Process chemicals & enzymes
- Clarifying agents & treatment chemicals
- Lubricants & industrial oils
- Laboratory chemicals & reagents

Ethanol, Distillery & Bio-Energy
- Ethanol production technology providers
- Distillery equipment & fermentation systems
- Bio-energy & co-generation solution providers
- Waste-to-energy & by-product utilization companies

Quality Control & Laboratory Solutions
- Testing & analytical instruments
- Lab equipment & measuring devices
- Quality assurance & certification agencies

Environmental & Sustainability Solutions
- Effluent treatment plants (ETP)
- Zero liquid discharge (ZLD) systems
- Air pollution & emission control systems
- Water management & recycling solutions

Packaging, Storage & Logistics
- Sugar packaging machinery & materials
- Bulk handling & storage solutions
- Warehousing & logistics service providers

IT, Automation & Digital Solutions
- ERP & software solutions for sugar mills
- Smart factory & IoT solutions
- Data analytics & monitoring systems

Services & Institutions
- Banks & financial institutions
- Insurance & risk management companies
- Consultants & industry experts
- Government bodies & industry associations
- Research institutes & universities

Visitor Profile

Sugar & Ethanol Industry Professionals
- Owners, Directors & CEOs of sugar mills
- Plant Heads, Factory Managers & Production Managers
- Distillery & ethanol plant operators
- Operations, Maintenance & Utility Heads

Engineering & Technical Experts
- Mechanical, Electrical & Instrumentation Engineers
- Process & Chemical Engineers
- Project & EPC Consultants
- Automation & Control Specialists

Bio-Energy & Sustainability Professionals
- Ethanol & biofuel producers
- Cogeneration & renewable energy experts
- Environmental, ETP & ZLD professionals
- Sustainability & compliance managers

Quality, R&D & Laboratory Professionals
- Quality control managers
- Laboratory heads & analysts
- R&D scientists & technologists

Procurement, Purchase & Supply Chain
- Purchase managers & sourcing heads
- Supply chain & logistics managers
- Warehouse & storage planners

Government, Associations & Institutions
- Central & State Government officials
- Sugar federations & industry associations
- Research institutes & academic professionals
- Policy makers & regulatory authorities

Traders, Exporters & Buyers
- Sugar traders & bulk buyers
- Importers & exporters
- FMCG & food processing companies

Finance, Consulting & Services
- Banks & financial institutions
- Project financiers & investors
- Industry consultants & service providers
- Insurance & risk management professionals

Why Exhibit

Bharat Sugar Expo is a dedicated platform designed to address the evolving needs, challenges, and opportunities of the sugar and ethanol industry. It brings together technology providers, manufacturers, policymakers, and buyers to drive growth, innovation, and sustainability.

- **One Platform, Complete Value Chain**

  From sugarcane processing and sugar manufacturing to ethanol, cogeneration, automation, and environmental solutions—everything under one roof.

- **Meet Decision-Makers**

  Direct interaction with sugar mill owners, plant heads, purchase managers, and government officials, enabling faster and more effective business decisions.

- **Explore Latest Technologies**

  Live demonstrations and displays of advanced machinery, smart automation, energy-efficient systems, and sustainable solutions.

- **Business Expansion & Networking**

  Connect with buyers, suppliers, EPC contractors, consultants, and investors, creating new business and partnership opportunities.

- **Ethanol & Bio-Energy Focus**

  In-depth coverage of ethanol blending, distillery expansion, bio-energy, and waste-to-wealth solutions, aligned with national energy goals.

- **Knowledge & Policy Insights**

  Technical conferences, expert talks, and panel discussions on industry trends, government policies, compliance, and future roadmaps.

- **Sustainability & Compliance**

  Discover solutions for ETP, ZLD, emission control, water management, and energy efficiency to meet environmental regulations.

- **Brand Visibility & Market Presence**

  Strengthen brand positioning and visibility among a targeted, industry-specific audience.

ORGANIZERS

Indian Exhibition Services (IES)

Indian Exhibition Services (IES) is a leading exhibition organizing company in India, actively involved for several years in creating strong business platforms through B2B exhibitions, seminars, conferences, buyer–seller meetings, and other trade promotion activities. We have been continuously engaged in the development of MSMEs, providing effective business promotion platforms for small-scale industries to showcase and promote their products. Our core objective is to create a strong bridge between buyers and suppliers within the MSME ecosystem, enabling sustainable business growth and long-term partnerships.

The core strength of Indian Exhibition Services lies in acting as a reliable connector between buyers and sellers. Every event organized by IES has been a resounding success, aligned with our commitment to maintaining international standards in delivering high-quality, professionally managed, and value-added exhibitions and events. In addition, IES actively works with corporates and large industries, offering powerful trade exhibition platforms to promote their products, strengthen brand value, and accelerate business growth through well-curated industry-focused events.

Indian Trade Fair Academy

ITFA is a registered and non-profit trade association with the main objectives to promote exports of Indian MSMEs, providing business platform to medium and small scale industry on national and International level, Research & Industry Development, Trade Promotion, Event Management, organizing national and international b2b & b2c Exhibitions and also specific education in exhibition management.

ITFA is engaged in the promotion of export of MSMEs in various sectors for last several years and providing platform to the small scale industry to promote their products through the buyer seller meet, national and international trade exhibitions with continuously the aim to create a bridge between buyers and suppliers.
