HAND PROTECTION

Torq Spark™ Premium Vend-Packaged Leather Welding Gloves with Cut and Impact Resistance

Description

This premium cut and impact TIG welding glove is engineered for a high-performance balance of dexterity, durability, and multi-hazard protection. Constructed from A-grade goatskin leather, this glove provides exceptional tactile sensitivity and flexibility, making it ideal for TIG welding, grinding, brazing, and other high-heat applications. Key features include a 360° cut-resistant liner made from Tuffalene® UHMWPE and soft, molded TPR reinforcements across the knuckles, fingers, and thumb to reduce the risk of impact injuries. The glove also incorporates welted seams stitched with para-aramid thread for enhanced heat resistance and longevity in harsh conditions. A long-split cowhide cuff extends protection to the forearm and wrist, while the overall length ensures full lower-arm coverage. Designed with a three-dimensional thumb structure, this glove improves grip control and facilitates precise, controlled welding.

Each pair is vend-packed for vending machines.

ITEM SKG00117J **SIZES** 8(M)-11(2XL)

ANSI/ISEA 105 A6 4 4 | CUT LEVEL A6 | ABRASION LEVEL 4 | PUNCTURE LEVEL 4 | ANSI / ISEA 138 2 | EN 388 3X43FP

Features

- Premium-grade grain goatskin leather shell
- Tuffalene® UHMWPE inner liner offers 360-degrees of high cut protection and comfort
- Soft, flexible, TPR impact protection over the fingers and metacarpal bones provides tough protection
- Excellent thermal protection against flames, sparks, and welding spatters
- Sewn with aramid fiber for added durability and heat resistance
- Reinforced leather patch on the side of the hand
- 4.5 inch long premium-grade split cowhide leather gauntlet cuff allows for easy donning and removal plus extra forearm protection
- Contact heat protection up to 100°C / 212°F for a short period (15 sec max)
- Packaged in a vend pack ready manner for use in vending machines
- EN 388:2016 + A1:2018 Levels: 3X43FP
- EN 407:2020 Levels: 412X4X
- EN 12477:2001 + A1:2005 Type B

Meets ANSI/ISEA 105-2016 standard

- Cut Level A6
- ASTM F2992-15 Results = 3,264 grams
- Abrasion Level 4
- Puncture Level 4
- Puncture Results: 110 Newtons

Meets ANSI/ISEA 138-2019 standard

- Impact Level (Fingers/Thumb): 2
- Impact Level (Knuckles): 2
- Impact Level (Overall): 2
