BULLHEAD SAFETY®
EYE PROTECTION

LIONFISH™

Lightweight full-frame safety glasses with pop-lock hinges and anti-fog technology for glare-free, fog-free vision

The Lionfish is a lightweight full-frame design that boasts pop-lock temple hinges that easily snap open and shut. The dual lenses have a 6-base curve and give the user a stylish look. Featuring inset TPR on the nose bridge and temple ends, this style is adaptable to any environment. This model also features a PFT lens. Thanks to its chemical and physical properties, Performance Fog Technology is an anti-fog lens coating that is permanently bonded to the lens to prevent the formation of condensation on the lenses by absorbing the humidity drops.

LENS OPTIONS

- Red Fire Mirror
- Blue Ice Mirror
- Clear
- Indoor/Outdoor
- HD
- Gold Mirror
- Gray
- Green Mirror

FEATURES

- PFT - Performance Fog Technology lens: Better than traditional anti-fog! This water-washable, hydrophilic anti-fog lens coating is permanently bonded to the lens to absorb moisture and evenly disperse it, providing clear, fog-free vision
- High-Definition (HD) Lenses: Designed to enhance visual contrast and reduce eye fatigue, this lens balances brightness and contrast perfectly, ensuring relaxed vision across changing light conditions. The HD lens has exceptional clarity in both indoor and moderate outdoor environments
- Precision lenses block blue light rays, which reduces eyestrain, increases visual acuity, and protects from the long-term effects of blue light exposure
- Polarized lenses filter out bent light waves eliminating glare, eye fatigue, and decreasing reflection from surfaces such as water, sand, and snow
- Dual 6-base curve lenses give it a flat front-facing appearance
- Dual 6-base curve lenses give it a flat front-facing appearance
- Lightweight full-frame design
- Inset TPR nose bridge and temple ends comfortably secure eyewear and prevent
