Travel Document Requirements

The following information will cover all aspects of documents required for travel.

YOUR
Holiday Experts

Please ensure the validity of your passports, secure travel insurance promptly, and check visa requirements. These essential steps will contribute to a smooth and worry-free travel experience.

Passports

We have assumed that all passengers on your booking hold full British passports. All passports must have at least six months validity after the date of your return, or you may be refused boarding. If any of the passengers in your party do not hold a British passport, they will need to check with their relevant embassy to ensure they are eligible to travel. Please ensure that the names provided at the time of booking exactly match those on the passports to avoid any later amendment fees. You can also update your passport information via **Manage My Booking** on our website.

Please Note:

You'll need at least 6 months' validity remaining on your passport from the day you return from your trip. If you renewed early, any extra months carried over onto your new ten-year passport don't count towards this — so check the actual expiry date, not just when you renewed.

Visas

All passengers are responsible for obtaining the necessary visa(s) for their holiday prior to travel.

Together with our preferred visa provider CIBT we are pleased to provide you a simple online solution to all your World Cruise/ Holiday visa requirements.

Your visa requirements may differ if you do not hold a British Citizen passport, should this be the case, you can contact the relevant embassy or consulate for advice.

Alternatively, you can contact our recommended visa service CIBT on 0207 593 6223. Be sure to advise if you are travelling by sea, as your visa requirements may be different to the standard advice supplied for air travel.

Fines may be imposed if you travel without the correct documentation, and it is important we point out that it is your responsibility to ensure you have the correct documents prior to travel or when in transit to the countries included in your itinerary. Failure to have the correct documents will result in denial of boarding or repatriation, in line with government regulations. Please be sure to check your itinerary and obtain the visas required for the specific countries you will be visiting during your cruise.

Visas are required when embarking/ disembarking or staying on board a cruise ship, please check your booking on the cruise line's website for further clarification.

Current Visa Info

gov.uk/foreign-travel-advice

The below is correct at time of publishing and pertains to UK and Republic of Ireland (ROI) passport holders and should be used for guidance only. Please note, some "British Isles" passports issued in the Isle of Man or the Bailiwicks of Jersey or Guernsey, do not have the same visa exceptions as a full UK passport and guests holding either of these passports should check this with CIBT specifically for the countries they are visiting on their itinerary. CIBT are experts in visa and passport arrangements and can provide visas online or by phone.

Any visa that is obtained on board a ship is charged in the ship's currency, this will be converted to Pounds Sterling (and charged at the conversion rate of the day) to your on board account.

Where can I find advice on destinations I am travelling to?

The Foreign & Commonwealth Office (FCO) issues travel advice on destinations, please visit their dedicated website for information which includes passports, Visas, health, safety, security and more.

Your Responsibilities

Please note that there may be a visa requirement for your cruise, and it is the responsibility of each guest to ensure that they are in possession of all travel documents required for their itinerary. Guests who do not possess the proper documentation may be prevented from boarding their flight or ship or from entering a country. In some cases, this may lead to large fines which you will be required to pay and/or immediate repatriation to your home country at your own expense. Please ensure you check your requirements carefully before you travel to to avoid any unnecessary expense and inconvenience.

Please also ensure you read the Important Information below:

- When applying for your visa you must ensure that all guests' full names are exactly the same as they appear as in their passport. If there is any difference, you may be refused entry onto your flight/cruise.
- Passport and visa requirements may change and vary by destination. We regret we cannot accept any liability if you are refused entry onto any flight, cruise or into any country, or otherwise suffer any difficulties or incur any costs as a result of not having the correct passport and/or any required visa(s).
- It is your responsibility to ensure that you are in possession of all necessary travel and health documents before departure. You must pay all costs incurred in obtaining such documentation. Certain Port Authorities may require photo identification when you depart the ship during the cruise. We strongly suggest that you take photocopies of your passport information page with you in addition to, but separately from your passport itself, and that you carry the photocopy with you each time you depart the ship. This will help to provide an official means of identification whilst ashore in case it is required or due to loss/ theft of your passport.
- The information is correct at time of publishing and is subject to change at any time. UK passport information applies to British Citizens, holders of another UK passport must check with the relevant authority. There is often a stipulation on having a minimum amount of validity left on your passport and a number of clear pages in order to gain entry, which can be up to a 6-month requirement. Again, please check with the relevant authority.

EU Entry/Exit System (EES) – Important Travel Update

Starting 12 October 2025, the European Union will launch the Entry/Exit System (EES) — a major change affecting how non-EU travellers enter and exit the Schengen Area.
This new system will replace manual passport stamping with a digital record of your travel, including the collection of biometric data (fingerprints and facial image).
To learn what this means for you and what to expect when travelling to Europe, please visit the link below:

EES - EES Homepage

Please ensure you inform us of the weight and dimensions of any equipment you need to take with you, including walking aids and wheelchairs, as these will need to be authorised with the relevant travel provider prior to your departure.

This way we can make sure you are completely looked after on your holiday.

Vaccinations

We are unable to provide specific health requirements for travel destinations. Please check the NHS website for updates or contact your GP.
