Wire Mesh Face Shield

ITEM HH-V3

*Hard hat not included.
Shown attached to cap style aluminum bracket - HH-AB1 (sold separately).

FEATURES

- 8" X 15.5” wire mesh face shield
- Provides ventilation for comfort and anti-fog
- Universal slots will accommodate a wide variety of headgear
- Meets ANSI/ISEA Z87.1-2020 impact standards only
- Individually packaged, 200 PCS/CS

Face Shield Attachment Instructions:

- Beginning at one end, place the oval holes that are along the top of the face shield over the corresponding latching mechanisms on the visor
- Once the holes are over the latching mechanisms, twist them 90 degrees down until the face shield is secure

DESCRIPTION

This wire mesh face shield has universal slots that accommodate a wide variety of headgear. The shield is 1 mm thick and eight inches wide by 15.5 inches tall, giving full protection for the face. Mesh construction provides ventilation for comfort and anti-fog.
