RILEY® EYE PROTECTION

RLY00502

Lens Blue Anti-Fog

Frame Shiny Black

Description

Engineered for professionals who demand performance and style, the Cypher™ safety eyewear delivers cutting-edge protection in a sleek, aerodynamic 8-base design. Its soft, co-injected temples and adjustable anti-slip nose bridge ensure all-day comfort and a secure fit, even in the most demanding environments. Featuring Riley's advanced lens technologies, Cypher is available with multiple color and coating options, including Tecton™ and Arida™ for enhanced scratch resistance and anti-fog performance. The sports-inspired wraparound lens maximizes visual coverage and impact protection.

Each pair is supplied with a microfibre storage pouch for easy care and lasting clarity.

Technology

This style features lenses constructed with the highest quality polycarbonate, temples made with polycarbonate and Thermoplastic Elastomers (TPE) , and the nose piece and temple ends made with TPE material.
