Electric Luggage

This 20-inch Smart Rideable Luggage is built for travelers seeking convenience, durability, and modern features. Its strong aluminum frame offers lasting protection with a sleek, stylish design.

It includes a secure lock system and multi-functional storage for safe, organized packing. Lightweight at just 8.3 kg with ample space for short trips, it's easy to carry or ride.

Powered by a 200W motor reaching up to 15 km/h, it glides smoothly through airports, stations, or large venues. Waterproof and TSA-approved, this unisex smart luggage blends style, tech, and practicality—perfect for today's lifestyle.
