KEY FEATURES

This 6.5-inch UL-certified hoverboard combines safety, performance, and entertainment in one sleek design. It features a smart self-balancing system that makes it easy for beginners and enjoyable for riders of all ages. Powered by 500W dual motors, it reaches speeds up to 8.5 mph, offers a range of 8.5 miles per charge, and can climb inclines up to 15°. With a 220-lb weight capacity and a fast 2–3 hour charge time, it's both reliable and convenient. The hoverboard includes non-slip footpads, front LED lights, durable solid rubber wheels with glowing LED effects, and 360° rotation for agile handling. Three adjustable speed modes let you switch between learning, cruising, and high-speed riding, while built-in Bluetooth speakers let you play music on the go. A battery indicator keeps you informed, making this hoverboard perfect for short commutes, outdoor fun, or as a standout gift.
