RILEY® EYE PROTECTION

RLY00484

Lens Indoor/Outdoor Anti-Fog

Frame Black and Gray

Description

The Flux™ lightweight wraparound safety glasses deliver clear, reliable protection in a compact, ergonomic design. The single polycarbonate lens provides a wide field of view and features Arida 400, UV400, and moisture-repellent coatings for consistent clarity in demanding conditions. A soft brow pad adds protection against dust and droplets, complementing the adjustable anti-slip nose bridge for stable, comfortable wear. Co-injected TPE temples offer both length and angle adjustment, allowing a personalized fit that stays secure through active tasks. Weighing only 24 grams, the Flux™ reduces fatigue while maintaining strong impact resistance, making it a practical everyday safety solution.

Z87+ — MEETS ANSI/ISEA Z87.1-2020 STANDARDS

ANTI-FOG — HYDROPHOBIC TREATMENT REDUCES FOG

HARD COAT — ANTI-SCRATCH HARD COAT TREATED LENS

UV PROTECTION — FILTERS 99.9% UVA/UVB/UVC LIGHT RAYS

Technology

This style features lenses constructed with the highest quality polycarbonate, temples made with Thermoplastic TR90, and the nose piece and temple ends made with Thermoplastic Elastomers (TPE) material.

Features

- Arida 400 Coating: Anti-fog lens treatment greatly reduces fog in hot, humid, and variable temperature environments. It disperses moisture which allows the water droplets to bead and clear during normal movement and airflow
- UV400 coating is a UV absorber added into the polycarbonate material, which enhances protective capabilities against harmful UV rays
- Telescoping temple arms provide a customized fit
- Inclinable temple arms allow for lens angle adjustment, providing a more customized fit
- Single-mold wraparound lens made with polycarbonate material
- Soft, adjustable, anti-slip nose bridge
- Soft brow pad protects eyes against dust and droplets
- Co-injected, dual-color (gray and black) flexible temple ends ensure a secure and comfortable fit
- Meets ANSI/ISEA Z87.1-2020 high impact standards
