RILEY® EYE PROTECTION

RLY00374

Lens IRG

Frame Gray with Blue

Description

The Riley® Stream™ Evo redefines eye protection with a sleek, frameless sports-style design engineered for industrial environments. Weighing just 23g, this ultra-lightweight safety spectacle delivers all-day comfort without compromising on durability or protection. Featuring a single 9.5-base wraparound polycarbonate lens, the Stream™ Evo provides a wide field of vision and effective lateral protection. Each lens is treated with our advanced Tecton 400 coating, offering superior anti-scratch and anti-fog performance for clear visibility in demanding conditions. Comfort and fit are prioritized with a soft, adjustable rubber nose bridge and co-injected, bi-color thermoplastic rubber temples that flex to ensure a secure, anti-slip fit. Slim, metal-free temple arms are specially designed for compatibility with ear defenders, making these glasses ideal for high-noise environments. Fully metal-free, these are safe for electrical applications and reduce interference in sensitive work areas.

Each pair is supplied with a microfiber storage pouch.

Z87+ — MEETS ANSI/ISEA Z87.1-2020 STANDARDS

DIELECTRIC — FREE FROM METAL COMPONENTS

HARD COAT — ANTI-SCRATCH HARD COAT TREATED LENS

UV PROTECTION — FILTERS 99.9% UVA/UVB/UVC LIGHT RAYS

Technology

This style features lenses constructed with the highest quality polycarbonate, temples made with Thermoplastic TR90, and the nose piece and temple ends made with Thermoplastic Elastomers (TPE) material.

Features
