LIBERTY

LAW-8001SWS

Single Wheel Electric Scooter

Built for riders who crave adventure, this high-performance electric ride strikes the perfect balance of speed, power, and endurance. With a top speed of 28 mph and a range of up to 50 miles, it's perfect for both urban commutes and off-road exploration. The powerful 1800W motor ensures smooth acceleration and can handle slopes up to 25° while supporting riders up to 330 lbs. Designed for stability and control, it features large 18-inch wheels with thick pneumatic tires that absorb shocks and maintain grip on varied terrain. High-brightness LED front and rear lights improve visibility and safety in low light. Ergonomic pedals offer better comfort, and the integrated display provides real-time battery status for confident, uninterrupted rides.

PARAMETER
