Migliorare la qualità della vita

A BETTER LIFE

Crediamo nell'utilizzo consapevole della tecnologia, un'alleata per migliorare la qualità della vita delle persone. Sviluppiamo il concetto di well-tech nel mondo dell'abitare. Comfort, sicurezza, controllo ed esperienza sono le parole chiave che tracciano il nostro percorso, oltre il concetto di domotica, verso un autentico benessere abitativo.

We believe in the conscious use of technology, an ally to improve the quality of people' s lives. We develop the well-tech concept in the world of living. Comfort, safety, control and experience are the keywords that trace our path, beyond the concept of home automation, towards a true wellness of living.

DISCOVER OUR COLLECTIONS

Ogni spazio racconta una storia. Ogni dettaglio ne definisce il carattere. Le collezioni Ekinex nascono dall'incontro tra design, tecnologia e materia, per trasformare l'interazione quotidiana in un'esperienza naturale, intuitiva, raffinata. Linee essenziali, superfici ricercate e soluzioni intelligenti prendono forma in una visione unica dell'abitare contemporaneo.

Every space tells a story. Every detail defines its character. Ekinex collections are born from the encounter between design, technology and materials, transforming everyday interaction into a natural, intuitive and refined experience. Essential lines, refined surfaces and intelligent solutions take shape in a unique vision of contemporary living.

ERA

COLLECTION

by Michael Vincent UY

ERA | *Wall-mount devices*

by Michael Vincent UY

ERA nasce dalla matita di Michael Vincent UY, tra funzionalità e precisione. Pulsanti KNX con 1, 2 o 4 tasti personalizzabili con testi e icone, dotati di LED RGB, gestiscono illuminazione, climatizzazione, ombreggiamenti e funzione termostato, anche con sensore di umidità. Le finiture ricercate di ERA donano profondità e tridimensionalità, valorizzandone la realizzazione in metallo.

ERA was designed by Michael Vincent UY, combining functionality and precision. KNX push-buttons with 1, 2 or 4 rockers that can be customised with text and icons, equipped with RGB LEDs, manage lighting, air conditioning, shading and thermostat functions, even with a humidity sensor. ERA's refined finishes add depth and three-dimensionality, enhancing its metal construction.

ERA by Michael Vincent UY

THE TIMELESS COLLECTION

Disegnata dall'architetto Michael Vincent UY, la collezione ERA è un dialogo tra passato e futuro, un incontro tra tradizione e innovazione. Ogni elemento è pensato per incarnare un'eleganza senza tempo, dove forme essenziali e dettagli raffinati creano un equilibrio perfetto tra funzionalità e bellezza.

Ispirata all'armonia delle epoche, ERA traduce la storia in un linguaggio contemporaneo, fondendo materiali pregiati, geometrie sofisticate e un'estetica minimalista che valorizza ogni spazio. Un omaggio all'evoluzione del design, in cui ogni pezzo racconta una storia di stile e maestria artigianale.

Designed by architect Michael Vincent UY, the ERA collection is a dialogue between past and future, a meeting between tradition and innovation. Each element is created to embody timeless elegance, where essential shapes and refined details create a perfect balance between functionality and beauty.

Inspired by the harmony of the ages, ERA translates history into a contemporary language, blending fine materials, sophisticated geometries and a minimalist aesthetic that enhances any space. A tribute to the evolution of design, in which each piece tells a story of style and craftsmanship.

"Design innovation is not just new aesthetic but innovation can be an expansion of mindset."

WATERPROOF COVER

COLLECTION

WATERPROOF COVER

Wall-mount devices

Grazie alla sua struttura robusta e ai materiali di alta qualità, la waterproof cover garantisce resistenza agli agenti atmosferici senza sacrificare il design ricercato che contraddistingue i prodotti Ekinex. Offre un grado di protezione IP65, rendendola ideale per applicazioni in ambienti esterni e in contesti industriali o residenziali con elevati requisiti di sicurezza. Perfetta per chi cerca una soluzione affidabile, funzionale ed esteticamente impeccabile, la waterproof cover è la sintesi perfetta tra protezione, innovazione e stile.

Thanks to its solid structure and high-quality materials, the waterproof cover guarantees resistance to atmospheric agents without sacrificing the refined design that distinguishes Ekinex products. It offers an IP65 protection rating, making it ideal for outdoor applications and in industrial or residential contexts with high safety requirements. Perfect for those looking for a reliable, functional and aesthetically impeccable solution, the waterproof cover is the perfect synthesis of protection, innovation and style.

PROXIMA

COLLECTION

PROXIMA | *Wall-mount devices*

Proxima unisce eleganza e versatilità in un design contemporaneo. Pulsanti KNX con 1, 2 o 4 tasti, dotati di LED RGB, gestiscono illuminazione, climatizzazione, ombreggiamenti e funzione termostato. La laseratura sulla placca e le finiture di pregio esaltano il design in metallo delle placche magnetiche, mentre prese e moduli di serie civile, anche in configurazioni doppie, rendono Proxima una soluzione completa e flessibile.

Proxima combines elegance and versatility in a contemporary design. KNX push-buttons with 1, 2 or 4 rockers, equipped with RGB LEDs, manage lighting, air conditioning, shading and thermostat functions. The laser engraving on the plate and the high-quality finishes enhance the metal design of the magnetic plates, while sockets and wired devices modules, also in double configurations, make Proxima a complete and flexible solution.

DICO

IP VIDEO DOOR PHONE

DICO | *IP Video Door Phone*

Con un design elegante e un'estrema facilità d'uso, il videocitofono DICO sfrutta un vasto campo di tecnologie all'avanguardia per l'accesso intelligente agli edifici e al controllo della casa. Dico è un videocitofono esterno IP basato sullo standard SIP, perfettamente integrato con il sistema di supervisione Delégo e può funzionare in modo completamente autonomo all'interno della rete domestica.
È un prodotto completamente touch e grazie all'integrazione con il cloud Ekinex e l'app Delégo è possibile ricevere video chiamate ovunque ci si trovi.

With a sleek design and extreme ease of use, the DICO door phone leverages a wide range of cutting-edge technologies for intelligent building access and home control. Dico is an IP-based outdoor door phone based on the SIP standard, which is fully integrated with the Delégo supervision system and can operate completely autonomously within the home network.
It is a fully touch-screen product, and thanks to integration with the Ekinex cloud and the Delégo app, you can receive video calls wherever you are.

REVÉLO

TV LIFT

REVÉLO | *TV lift*

Amiamo vedere la nostra serie preferita, le imprese sportive, le news appena svegli, ma vogliamo vedere il TV solo quando serve. Per questo motivo abbiamo creato una serie di sollevatori Made in Italy che ti aiutano a disporre meglio i tuoi spazi, dandoti l'opportunità di nascondere il TV quando non è in funzione.

We love to watch our favourite series, sporting events, the news as soon as we wake up, but we only want to see TV when needed. That is why we have created a series of Made in Italy lifts that help you to better arrange your space, giving you the opportunity to hide the TV when it is not in use.

ICONS & FINISHES

Simboli e finiture

Scegliete un simbolo per ogni funzione dall'ampia libreria e create la vostra combinazione personale per ogni stanza. Inviateci il vostro logo in formato vettoriale o il testo che volete sia stampato sui tasti. Premere il pulsante giusto non è mai stato così facile. I simboli riportati sulle prossime pagine possono essere sostituiti da simboli o testi personalizzati su richiesta.

Choose a symbol for each function from the wide library and create your own combination for every room. Send us your logo in vector format or the text you want to be printed on the rockers. Press the right pushbutton has never been easier. The symbols on the following pages can be replaced by customised symbols or texts on request.
