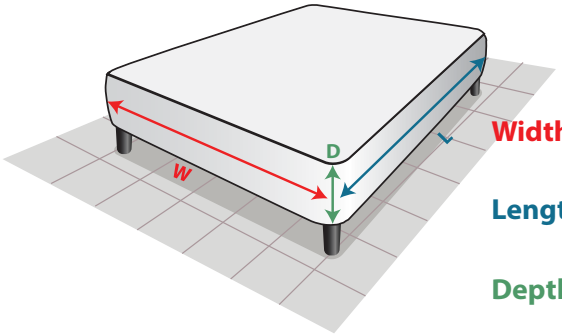
Properly Measuring Your Box Spring



It is important to properly measure your box spring.
The Contour Wrap® is made according to industry standard box spring sizes. Please use the following guidelines to measure correctly.

Width: Measure the width (in inches) of the box spring from side to side to the nearest 1/4 inch. **For Split King box springs, measure the width as one unit.*

Length: Measure the length (in inches) from the head of the box spring to the foot of the box spring to the nearest 1/4 inch.

Depth: Measure the height of the box spring (in inches) from the bottom of the box spring to the top to the nearest 1/4 inch.
