Devin Sipal

Philadelphia, PA 19147 | +1 (919) 444-4268 | devin@devinsipal.com

Summary

Web developer with experience managing and developing ecommerce sites. Seeking a junior developer position to apply my knowledge of front and back-end technologies.

Work Authorization

Yes, I am authorized to work in the U.S.

Work Experience

Instructor

CodeWizardsHQ | Remote

April 2023 to Present

- Teaching middle and high school students concepts such as object oriented programming, recursion, and web development in Java, Python and Javascript.
- Debugging student's code to help them complete course and home work.
- Grading student's work and helping debug their projects when needed.
- Communicating with the operations, curriculum, and platform teams to report progress and issues.

Partner

Cistemics LLC | Pittsboro, NC

May 2019 to Present

- Developing and maintaining ecommerce websites using Shopify, Magento, and WordPress.
- Implementing internal tooling for accounting.
- Designing logos and web assets.
- Performing technical search engine optimizations on storefronts.
- Managing ad accounts on Google, Amazon, Etsy, and social media websites.

Intern Web Developer

UNCA's NEMAC Center | Asheville, NC

January 2017 to January 2018

- Maintained a news board to allow scientists using NEMAC's GIS platform to share findings visually on a map.
- Visualized cohort data from Google Analytics to determine improvements for NEMAC's GIS software.

Education

New Media, Minor in Philosophy (Bachelor of Arts)

University of North Carolina Asheville | Asheville, NC

2015 to 2019
