JEANTET ADVISES HOFFMANN GREEN CEMENT TECHNOLOGIES ON ITS SHARE CAPITAL INCREASE BY WAY OF PRIVATE PLACEMENT INTENDED FOR QUALIFIED INVESTORS

Paris, June 29, 2026 – Jeantet has advised Hoffmann Green Cement Technologies, a company listed on Euronext Growth Paris, on its share capital increase by way of private placement intended for qualified investors.

The share capital increase involved the issuance of a total of 1,271,485 shares, representing a total share capital increase of circa €5 million on the basis of a subscription price of €3.70, corresponding to a 7.7% discount on the volume-weighted average price of Hoffmann shares over the three trading days preceding the fixing of the issuance price.

This transaction did not require the approval of a prospectus by the French financial markets authority.

This share capital increase will provide Hoffmann Green Cement Technologies with additional financial resources to support its industrial and commercial strategy and continue investing in its R&D capabilities. Hoffmann Green Cement Technologies notably announced the launch of its new breakthrough technology, H-CLAY®, designed to enhance the value of clay, on June 9, 2026.

Hoffmann Green Cement Technologies designs, produces and distributes innovative extremely low-carbon cements – with a carbon footprint 5 times lower than traditional cement – that present, at equivalent dosage and with no alteration to the concrete manufacturing process, superior performances than traditional cement.

The settlement-delivery of the new shares and their admission to trading on Euronext Growth Paris occurred on June 23, 2026.

Jeantet (Legal Advisor to Hoffmann Green Cement Technologies): **Cyril Deniaud** (Partner, Capital Markets), **Benjamin Cohu** (Counsel, Capital Markets), **Constance Bégué** (Associate, Capital Markets).

Portzamparc – BNP Paribas Group acted as Global Coordinator and Bookrunner for the transaction.
