COUNTRY SPECIFIC YOUTH EXPERIENCE**

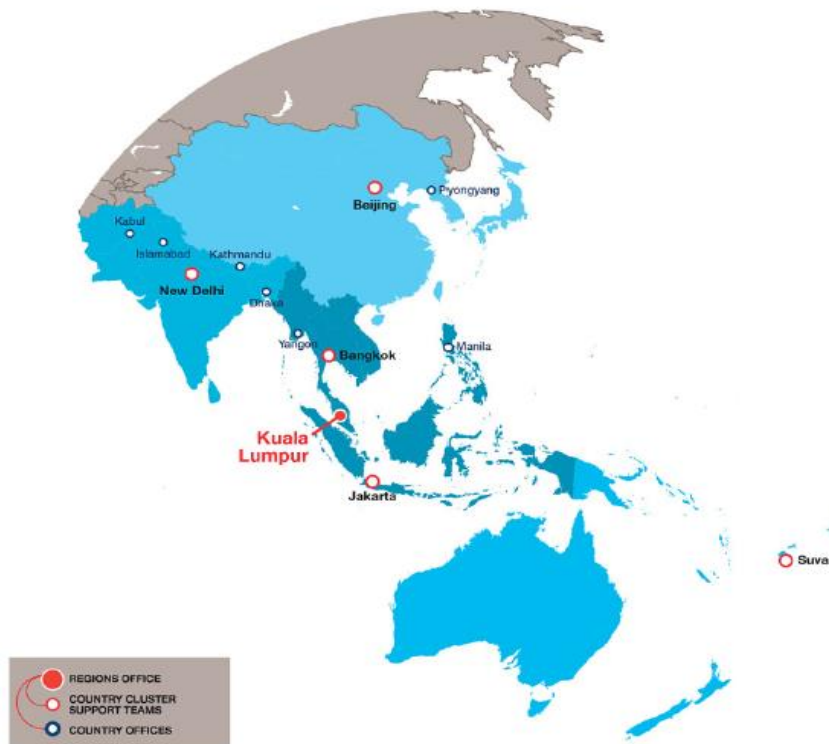

**SEAYN INITIATIVE IN SCHOOL SAFETY**

**SUCCESSSES AND CHALLENGES OF YOUTH  
ENGAGEMENT**

# Youth Volunteering among Southeast Asia National Societies

IFRC Asia Pacific Region structure

Approximately **4.6 million** youth volunteer aged 12 to 29 are registered under our **Southeast Asia** Red Cross and Red Crescent National Societies.

ASEAN Youth Population below 29: **282 million**

# *My experience in Malaysian Red Crescent*

---

## *Results and Challenges*

---

Results		Challenges
Student able to identify risks that they are facing everyday		No safe space for children to voice out before YSS
School teacher and parents are amaze with their children effort		

---

## *Southeast Asia Youth Network (SEAYN) Initiative*

---

1. 6<sup>th</sup> and 7<sup>th</sup> AMCDRR Youth representation and voice out of school safety
2. School Safety Initiative from SEAYN in annual meeting and its individual NS commitment
3. Youth in school safety facilitators tool development and demonstration in Malaysia and Myanmar started implementation (**By Ms. Thiri in session 6**).
4. Collection of NS data working with schools (Cambodia, Myanmar and Singapore)

---

## *Results*

---

### **Regional level**

1. 11 RCRC Youth practitioners are on board in school safety (not only DM or health profile)
2. First Youth in School Safety tool developed by youth for youth.

---

## *Challenges*

---

### **Regional level**

1. Not much space for youth.
2. Need more cooperation and collaboration between youth organizations in ASEAN countries
