

THE WAYS FORWARD FOR SCHOOL SAFETY IN THAILAND

**by Department of Disaster Prevention and
Mitigation (DDPM) , Ministry of interior, Thailand,
17 Dec. 2015**

At Phnom Penh, Cambodia

PERSPECTIVES FROM DDPM THAILAND

- Encourage Educational Networking on school safety in Thailand by various stakeholder
- Method:
 - 1 combine active stakeholders which work on school safety in the part
 - 2. Seek for new networking on school safety among CSR approaches (Private sector, Non Profit organization or anyone who active DRR in school

PERSPECTIVES FROM DDPM THAILAND

- Incentive good practices on School safety in Thailand
- 1. Sharing experiences by showcase in special occasions
- 2. Study Visit : exchange experience among stakeholders.

OUTPUT

- 1. Disaster Prevention Plan in school
- 2. Emergency Plan in school
- 3. Tools & Equipment for disaster prevention in school
- : Exercise and drill
- 4. Manual book and Guideline for school safety
