

# INTRODUCING THE PRO-SET® MT2H7 “WORKINGMAN” MANIFOLD

**cps**®

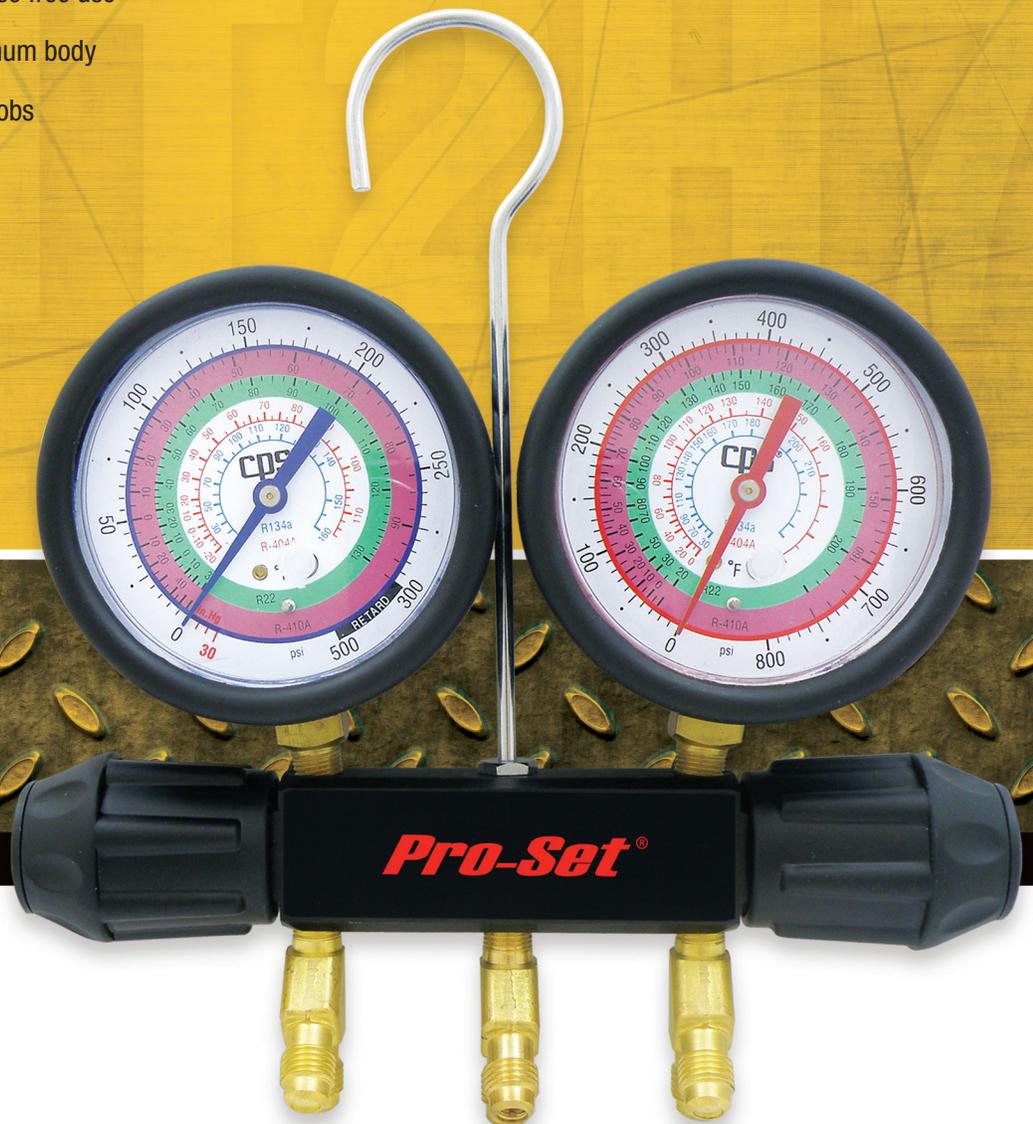

INNOVATIONS IN DESIGN™

## AS CLOSE TO PERFECTION AS ENGINEERING GETS

**Accuracy is critical when it comes to measurement,** Pro-Set “Workingman”

has rugged durability that is up to the task even in the most punishing working conditions.

- 1% measurement accuracy
- Hard-coat anodized for maintenance free use
- Precision machined aircraft aluminum body
- “Gorilla Grip” TPE coated metal knobs
- Triple-Seal™ piston valve design
- Large 3 1/8" gauges
- Heavy duty Santoprene® gauge boots
- Custom-fitted carrying case when purchased with hoses
