

CPS®

COMPUTE-A-CHARGE® REFRIGERANT CHARGING SCALES ACCURATE. PRECISE. RELIABLE

Compute-A-Charge® CCD110

- Capacity: 110 Lb (50 kg)
- Weight Accuracy: 0.015% of reading
- Resolution: 0.20 Oz (5g)
- Unique 3 point, non-rocking base
- Battery / Life: One 9V =75 hrs.; Two 9V =150 hrs
- Designed and manufactured in the USA with US and globally sourced components

Compute-A-Charge® CC220E

- Capacity: 220 Lb (100 kg)
- Weight Accuracy: 0.015% of reading
- Resolution: Selectable from 0.1 oz (2g) to 0.50 oz (25g)
- Charge/recover visual alarm with 7 button control
- Battery / Life: One 9V =75 hrs.; Two 9V =150 hrs
- Designed and manufactured in the USA with US and globally sourced components

NEW

BLACKMAX® BTLH5E Hydraulic Tube Expander

- Includes hydraulic tool, plus 5 quick change, color coded expander heads and tube reamer
- For expanding 3/8", 1/2", 5/8", 3/4", 7/8" O.D. soft copper or aluminum tube
- Heads and blades are interchangeable with BLACKMAX BTLE9/BTLE9M models
- Hydraulic power- the easiest way to swage tubing!

CPS VG200W Wireless Vacuum Gauge

- For accurate vacuum measurements while evacuating HVAC and refrigeration systems
- Ideal for obtaining vacuum data during time, target, dynamic and static vacuum tests.
- Use with or without free app
- Designed and manufactured in the USA with US and globally sourced components

NEW

CPS PT200W Wireless Pressure and Temperature Gauge

- For Super Heat
- Target Super Heat
- Sub-Cooling
- Target Sub-Cooling
- Delta Temp (t1-t2)
- Use with or without free app
- Designed and manufactured in the USA with US and globally sourced components
