## Looking towards 2010 ...

Last month I told you about coming changes to the Carolinas Region Board for next year. Some of the biggest changes will be with the Area Directors. Next year half of our Area Directors will be new to the role. Those changes are as follows:

**SunFun Area** – After 14 years as Area Director, Rock Webb, will be handing over the reins to Sandy Shirley. For those of you that do not know Rock personally, he is what I would conservatively describe as a consummate track junkie and Club Racer. He has brought the same passion that he has for the track to the Board through the tenure of nine different Carolinas Region Presidents. Quite the record in my opinion. In addition to his area director role he has been the lead on the Pine Island Concours and also the Club Race Concours. We thank Rock for his long service to the Region and to the Club. He has represented us well.

**Triangle Area** – The Triangle Area has always been a tough role to fill. Geographically bordering the Hurricane Region plus being on the far edge of our Region brings many challenges. As Area Director for the Triangle Area for the last three years, Martin Salas has navigated those challenges and brought needed stability and leadership. Taking over from Martin is Scott Holcomb. Scott brings a lot of passion to the role and has some great ideas for the coming year. A warm welcome to Scott and a hearty 'thank you' to Martin.

**Metrolina Area** – Steven Zakely approached me a couple months ago and told me that he wanted to transition to our revamped Autocross Committee. Stepping in for Steven will be our Carolinas Region Enthusiast of the Year for 2008, Don Morris. Don has a strong background in working for volunteer organizations and has a true passion for our chosen marquee. I am looking forward to working with Steven and Don in their new roles.

**Upstate SC Area** – With Jim Horner announcing his intentions to rotate out of his area director role earlier this year the chase was

on to find someone to fill his shoes. It is with mixed emotions that I announce that our current Vice President, Gene Kendrick has agreed to assume that position. With Gene's new travel schedule he felt that the Area Director responsibilities would be a better fit for him. I am glad that he will continue to be an active member of the Board. Upstate SC, you guys are getting another great leader. Jim, thanks for your time as Area Director and also for providing guidance for Tobacco Roads!

The above change leaves the VP position open, however we may have that slot filled by the next Board Meeting on December 5th.

## Other Coming Changes ...

**Treasurer** – After many years in this position, Bryson Kiser will be rotating out and taking over as Membership Chair from Nadine Saville. Replacing Bryson will be Art Weiss. Art owns and runs several small businesses, has a strong background in accounting and brings very strong organizational skills. Many, many thanks to Bryson for his strong leadership as Treasurer. I look forward to his continued council and input as Membership Chair.

**Track Committee** – Since there was a lot of overlap between the needs of our Driver's Ed Program and our Club Race, it was decided to combine the two organizations together as one. Co-Chairing this newly formed Track Committee will be Brian Powell, current DE Chair, and Nadine Saville, current Membership Chair, DE Registrar and National PCA Club Race Scoring & Timing Staffer. Both bring years of experience and second to none organizational skills. Brian and Nadine will be adding experienced staff to the Committee over the next few months.

**Autocross Committee** – The Carolinas Region Autocross Series expanded this year holding six very successful events. With that expanded schedule it became clear that Walter Stone, Autocross Chair, needed additional support. Accordingly we have added Steven Zakely, Sean Steinbrueck and Jerry Kilcrease to the Autocross Committee. All bring great organizational skills and a strong passion for Autocross to the table.

## November Events

Although the year is winding down, Novem-

ber was still a very busy month for the Region. On November 7th-8th our Region held our annual Fall Tour. All the feedback I have heard has been overwhelmingly positive. I was very disappointed that Vivian and I could not attend this year. The Fall Tour is a tradition for us as we celebrate our anniversary on that weekend. This is only the second time that my wife and I have missed the Fall Tour in the past 9 years. The first time we missed it was in 2001 when we got married. This time it was due to our new twins. We have both promised each other that we will make it next year.

This past weekend we had overlapping events. One was an Open House at the Ingram Collection and the other was our last Driver's Ed of the year at VIR. Surprisingly my wife gave me a full day hall pass. With new twins that is a rare occasion, but luckily Vivian's mom is helping out. So I decided to squeeze as much out of my free time as possible. I set out early Saturday morning, albeit with about 2 hours sleep, to the Ingram Collection in Durham. For those of you that have not heard about the Ingram Collection, it is owned by Bob Ingram and is one of *the* premier Porsche collections in the world. Nestled in a revitalized downtown Durham, the collection is housed in a refurbished Chevy dealership which I would now describe as a cross between an upscale cigar bar and a leather upholstered library. Stunning cars. Stunning setting. Thanks to Bob, his wife Jeanie, Cam, Rory and Kevin for the opportunity to see history in person and also for their hospitality.

After leaving Durham I headed to our DE at VIR for a brief visit to see friends and to see how the event was going. The weather was perfect and I saw a lot of smiles which usually is a good sign. Since I had promised Vivian that I would be home by 6:00 I unfortunately had to leave VIR by 3:00.

It looks like my next track event will be our March DE. I am keeping my fingers crossed that the babies will be sleeping all night by then. One can hope anyway.

As always if you have any ideas, comments or feedback please feel free to contact me at president@carolinas-pca.com or on my mobile at (704) 906-0343.

Harvey

## **Triangle Area Report** **Scott Holcomb, Area Director**

Greetings Triangle Area PCARs! My name is Scott Holcomb and I am your new Triangle Area Director.

I am still recreating the Triangle Area email distribution list from Martin's list and the official Triangle Area list, so if you haven't received an email from me yet, you should soon.

First of all I'd like to thank Martin for his time and effort as the Triangle Area director for the previous 3 years.

Moving forward I'd like to focus on doing more social activities and improving the communication both internally and externally to the Area.

### **Tech Sessions**

I'd like to do more tech sessions, from oil changes, brake fluid changes, to anything else that could be covered within the available time. I want these to be for everything from an older 911 to newer models such as Caymans and Cayennes. I know many of us have connections with local shops and dealers. Therefore I feel we should utilize these networks to learn more about these cars. For those of us that also like making our Porsche really shine, these Tech Sessions could also include things such as detailing clinics.

### **Track Events**

I know there are many of us that like to do Driver's Eds and Autocrosses. Let's get together and learn from each other.

### **Drives**

Let's get out and enjoy the cars we bought with people with similar interests.

### **Socials**

No specific reason but to get together with old friends and meet some new ones; these could be "coffee and cars" type gatherings or a quick dinner or beverage during the week, or even karting.

### **Mixers**

I think it's important to socialize not only among ourselves as an area, but also with the surrounding areas.

I'm open to any of your suggestions as well

so get involved. If you want to coordinate an event, let me know and we'll work on it.

### **Previous Month's Events & News**

BBQ run and Jordan Lake Cool Car & Music Festival

See Martin's summary below for these events.

#### **3G**

Saturday November 14th, a group of Carolinas folks drove from Apex to Greensboro to visit 3G Motorsports, a race prep and track support shop, where the owner Greg Jones gave us a detailed tour of his new facility and the cars that were there. He then did free tech inspections for a few of us, drained and filled the transmission fluid for another one of our members, and swapped in some new pads for me in preparation for the Carolinas DE @ VIR on the 20th. Greg was very generous with his time on a Saturday and we're very appreciative. I look forward to doing more tech sessions at Greg's shop, 3G.

### **Planned Events**

I do want to have a meeting on the 2nd Thursday, December 17th, at the usual place, Manchesters, but at 7:30. If you didn't get my earlier email, shoot me a note and I'll forward it to you. Per my earlier email, the meeting will start at 7:30, but you can arrive as early as you wish for dinner or drinks. Other than that I do not have any planned events for December. Between the holidays and people using up their vacation, it could be difficult to plan something with a reasonable turnout. That being said, there is a group of us that meet every Saturday for coffee and car talk at the Wake Zone in Apex; everyone is welcome!

If I put anything together, I'll send out an email about it, and will have the event also posted to the Carolinas event calendar.

Here is one event to get on your calendars:

**BMW & PORSCHE SWAP MEET**  
Sponsored by Sandlapper & Tarheel Chapters BMWCCA & Carolinas Region PCA  
Hosts: Touring Cars Inc. and EuroWerks (back to back shop properties)  
300-340 Seaboard Drive  
Matthews, NC 28104  
Date: Saturday, February 27, 2010

Time: Vendor setup from 8 am to 9 am  
Swap Meet Shoppers from 9 am to 1 pm  
(No charges for Vendors or Shoppers)  
Free EuroWerks DE Tech Inspections as Time permits  
Contact: Event Info - John Meek jmeek911@aol.com 803-324-4994

### **Triangle Holiday Party**

We currently have one volunteer to host the party. Martin has historically had it the 2nd weekend in January but I will work with the host to develop the best date. If you'd like to help coordinate, please shoot me an email.

Any questions or concerns don't hesitate to reach me by email anytime!

Scott

## **Triangle Area Report** **Martin Salas, Area Director**

Our November meeting had a good turnout. In attendance: Dorothee Thielich, Randy Hayward, Jeff Schif, Mark Rinaldi, Michael Stupp, and Andreas Winston.

We discussed several bits of Porsche news like the recent change of Porsche AG's CEO, the new Panamera, the new Boxster Spyder, rumors on the new 356 Speedster, and the 2012 928 (a 2-door Panamera). A lot of stuff going on at Porsche!

Back in October, Charles Daniels, Randy Hayward, Michael Stupp, and I went to the open house MPowered Automotive ([www.mpoweredautomotive.com](http://www.mpoweredautomotive.com)). Several members in the Triangle Area highly recommend Matt Newcomer as the mechanic of choice when servicing their cars and we decided to pay them a visit.

On October 31st, Mark Rinaldi, my wife and I decided to go and check the Jordan Lake Cool Car & Music Festival. This is their 4th year event which occurs twice a year but no one in the group had heard of it before. I received an invitation which I forwarded to the group but decided to check it out before organizing a group visit. The weather was cloudy and a bit chilly and there were only a few cars on the show: our two Porsches, a Lexus, and six mostly Ford muscle cars. There were a few vendors at the festival and they also had short helicopter rides (less than

## **Metrolina Area Report** **Don Morris, Area Director**

Steve Zakley has done a great job of leading us this past year. He is to be congratulated for a job well done. Steve wants to move on to supporting the autocross effort, which I also really enjoy. I will become your new Area Director and hope to be able to fill Steve's shoes.

By the time you read this, the November VIR Drivers Education event will have come and gone. It will be the first workout of my newly acquired 2000 Boxster S on the full course. I can't wait. It will be different than tracking my 997. Guess I will have to learn about maintaining momentum with the reduced horsepower.

Our next meeting will be January 21 at the Waldhorn Restaurant on US521 in south Charlotte, or is it Pineville? I hope to have an interesting speaker for us. So come on out on a winter's evening and have some fun with fellow PCA members.

Remember Cars and Coffee is at North Lake Mall Pantera Bread parking lot the first Saturday of each month. The event keeps growing with more marques. It starts around 9AM and parking space fills up fast. So come join in with your Porsche.

We will be setting up some weekend area driving and dining events as spring comes along. Also some more Saturday morning restaurant parking lot shine and show events. Come join in the fun. If you have an idea of an event you would like to do, let me know and we will see if we can get it going.

Remember the Christmas party is December 5 in Greenville SC.

## **Mountain Area Report** **Jim Peterson, Area Director**

On Saturday the 7th Brock and Jen Fraser hosted a chassis dyno demo session at their beautiful mountain top home. Needless to say, they have quite a garage, complete with a chassis dyno and a CNC machine in addition to plenty of work and parking space. Dyno run results included John Ghent's 1964 356 1600 normal at 75 hp, Gordy Cwik's 1989 944 turbo at 305 hp, Roland Zahn's 1991 928 GT with 309 hp and Brock's 964 twin

turbo generating 485 hp at the wheels. The demos were loud and interesting. The Dyno Jet chassis dynamometer is a top notch tool for measuring the results of engine tuning and adjustments. Between dyno runs the group also reviewed and discussed the recent Carolinas Region member survey results and programming ideas for 2010. Thank you Brock and Jen, you were wonderful hosts for our group.

On Saturday December 5th at 10 am Deal MotorCars will host a session on "What's new in Porsche, Audi, and VW for 2010?" We will take a look at some new models and also review some specs, pricing and availability information. Whether or not you are in the market for some new wheels in 2010, this should be an interesting update.

Our January 2, 2010 meeting (10 am at Deal Motorcars) will feature a high performance driving seminar presented by Dick Maybach, Club member and experienced autocross and Driver's Ed instructor. You'll find this presentation to be interesting if you plan to participate in these events in 2010. The information at this session can also be applied to the spirited street driving that some of us are known to engage in from time to time.

I hope to see you at a future event.

## **Sun Fun Area Report** **Rock Webb, Area Director**

Great turnout for the November meeting viewing Larry Wilson's car collection. Larry has a variety of perfectly restored cars, to include numerous race cars, MGAs, Jags, a 32 Ford "Highboy", 1946 Jeep, a DB 9 Aston Martin, GT 40, a 289 Cobra, 57 Corvette with C-5 running gear and my favorite a 1955 Maserati race car. Oh and the 09 GT 3 is real nice! Thanks Larry for letting us see your toys.

Also our Christmas Party is scheduled for December 15, 6:30 pm. The location is Aloadia's Italian Restaurant located in the Publix Shopping Center 2736 N Lake Dr going toward Ballentine. Please RSVP by Dec 9 so we can make arrangements.

Everyone have a very Merry Christmas and a Happy New Year!

## **Upstate Area Report** **Jim Horner, Area Director**

The big news from the November meeting is that **Gene Kendrick** was nominated and enthusiastically voted in as Area Director for 2010. Gene has about 15 years of history with the Porsche Club, and is active in both Driver's Ed events and Club racing. And of course, he and Paula are gracious hosts at our annual summer pool party. He has been a great mentor for me as I got started at DEs, and I'm really looking forward to Gene having a larger stage to share his Porsche expertise and enthusiasm with us all. Gene's work schedule requires that meetings be moved to Monday nights next year, and he'll be in touch with information on time and place. Our club will be in good hands in the coming year!

To start the New Year off right, the annual Chili Cook Off has been scheduled at Pro Tech for January 30. Be sure to make the date on your shiny new calendars!

We shared an email with the group from member **Rick Burnette**, repeated below:

"Just a quick update. I have missed all my friends in the Porsche Club these last eight months. I am looking at being able to return to the States sometime around February. I have been in Iraq and now Afghanistan on special assignment with the Army since March of this year. It has been a long assignment, but I have really appreciated the e-mails and well wishes! I am really looking forward to coming home and seeing all my family and friends (especially looking forward to driving my 996 C-4 cab!) Hope the club has a safe and happy holiday season! Sincerely, CPT Rick Burnette, US Army Signal Corps."

I'm sure Rick would appreciate hearing from any of you who might like to send a message. His email address is [rlburnette@att.net](mailto:rlburnette@att.net).

Since our area is hosting the regional holiday party in December, we won't be having a meeting in December. I have really enjoyed my role in the group these last two years, but I'm looking forward to being "off duty" – and eating dinner – at future meetings. Happy holidays to all!

5 mins) for \$20. Most of the people really come to listen the bands playing during the day (there is also a kids area). Music is played at three places at one time but we stayed at the main stage listening to Mel Melton and the Wicked Mojos (great music!). Maybe it was the weather but I think this event requires a bit more promotion. By the time we were leaving, I found that entrance cost down to half price for people showing their cars and free food. Maybe for the next event we'll bring more cars.

On November 7th, we had our yearly BBQ Run to Roxboro, NC. As in previous years we met at Briar Creek the same weekend the Triangle Italians meet. Briar Creek has now become the gathering place for most sport car clubs in the area. In addition to the Porsches, Ferraris, and Lamborghinis, now you see the Corvettes, Honda S2000 group, Shelby Cobra replicas, etc. It is a nice place to start the run to check out all of the sport cars. On this run we had seven Porsches with the following members: Charles Daniels, Andreas Winston and son Josh, Michael Stupp, Mark Rinaldi and daughter Jenna, Charles Ledbetter, Larry Van Voorhis and friend JC Holen, my wife, Raquel, and I.

The weather was great and some of us drove with the windows down (or top down). The route took us through Roxboro, NC (our lunch stop) but we keep on going all the way up to Kentuck, VA where we do a loop through Turbeville, Cluster Springs, Bethel Hill, and then back to Roxboro. This year I opted for new roads which were definitely better than last year's route. The roads are great but it is quite a drive from the Raleigh/Durham area so I will be exploring new options if we do this again next year.

The route put us back in Roxboro at 12:30 on time for lunch at Hog Heaven BBQ. After lunch, Mark Rinaldi took over leading the group back to Durham as he proposed a new route through Hwy 157 which put us back in Durham about 2:30 before we split.

At our monthly meeting, we discussed the Holiday Party where Dorothee Thielisch gracefully offered to hold the party once again in her home. However, before we continued I needed to bring the next item in the agenda.

At this meeting I announced that effective

January 1, 2010, Scott Holcomb will be taking the Triangle Area Director position and, due to personal commitments, I will start transitioning the duties of this position as soon as possible. Scott will work on any of the December activities as well as organizing the Holiday Party with Dorothee. I believe Scott will help the group move forwards and my intention is to support him as the new Area Director. I wish him the best.

On my side, it has been a pleasure serving you as the Triangle Area Director over the past three years. However, it is time to give the opportunity to another member to take on this job. During the past three years we had all sort of events organized by the Triangle Area where several of you participated at one time or another. I just hope everyone had a great time and hope to see you again in future events.

**Sandhills Area Report**  
**Marty Barrett, Area Director**

Porsches at Rockingham Dragstrip!

It just so happens that the famous dragstrip in Rockingham is owned by Steve Earwood, one of our Sandhills Area PCA'ers. Steve has owned "The Rock" for eighteen years, so he has built, renovated and expanded the entire facility. The Rock hosts many regional and national championship events. When Steve mentioned that he would host an event for us it didn't take more than a couple of seconds for me to say "Yes."

OK, everyone knows that I am a devout track rat; but for the past thirty years or so my only venue has been road racing courses. However, like a few of you, my track experience started with drag racing. I was about fifteen when I started going to York, Pa. on Saturday nights to watch the stock and modified muscle cars run....and it was great! I only got to drive one time when a friend let me take his father's 327 Chevy down the strip. So I consider myself an experienced drag racer! Right?

Back to The Rock....it's Saturday night and we have six Sandhills PCA'ers lined up in Seven Lakes and headed for Rockingham. Of course we take all the good back roads to warm up the tires. As we pull up to the gates we see several hundred other participants in the paddock, spectators in the grandstands, and lots of noise and smoke! We found out that some of these people have been here since the track opened at 10:00 a.m. The participants included several drag racing clubs and lots of individuals just there to "run what they brung." We were directed to an area just behind the tower for tech, car numbers and signing waivers. Steve and his tech people were waiting for us.

As soon as tech was completed Steve directed us to Lane 7 to stage the cars....no instructors and no classroom for novice drag racers! So we queue up as directed and just watch the experienced guys to figure out what to do. The sights, sounds and smells get the adrenaline going. We had a few minutes to talk to a couple of racers for a few tips on tire pressure and staging area etiquette....and they wanted to look at our Porsches. Next, the Porsche group is announced and Chuck Mills and I are called to the line first. Here's

when it gets complicated. The serious guys want the line wet and they get at least one burnout. We take the dry line in each lane and no burnouts. But, getting lined up at the Tree takes me a couple of tries...all controlled by sensors, electronics and lights on the Tree. The starter yelled something, but I heard nothing. Then, before you have a chance to take a deep breath, the lights on the tree flash amber and go Green! No time to rev up and poise the clutch....just go! I think Chuck got the jump on me, but when the GT3 hooked up I was gone. First gear to 8000 and shift, second to 8000 and shift.... then I missed third and hit fifth...no power! Embarrassing! That never happened in a Club Race. Later in the paddock Chuck told me he did the same thing...must be novice nerves.

Do I have to give you these numbers? Ok, but a couple of more details first. The quarter mile seemed a lot longer than I expected and I was not sure what to look for at the finish line. We were told to take the first right turn after we passed the emergency vehicles. Then we pull up to a small building and a guy gives us each a slip of paper with lots of numbers. The slip has ten sets of numbers for each car to record your run times. My reaction time was .717 seconds and Chuck's was .379....so he certainly got the jump! Then they give you times for the first 60 feet, 330 feet, 1/8 mile (time and mph), 1000 feet and the 1/4 mile time and speed. My time was 14.080 at 93.60....pretty sad! But, I still had my clutch!

The other Porsche guys followed, and we all had a blast. A real rush of adrenaline! Then it's time for some bench racing as we wait

for our second run. We queue back up in Lane 7 and watch all the other lanes run. No professionals, but some of these guys are very serious and very fast. A new Z06 pulled up with huge slicks, but he was running in the stock class. His 1/4 mile speed was 128 mph....I was impressed.

My next run was better. Larry Lassiter was on my right for this run. I anticipated the lights on the Tree and didn't miss third! Reaction time was .061 and 1/4 mile was 13.378 at 109 mph. It felt a lot better, but the stats on my car say it should hit 118 mph...with a good driver!

Steve then invited us all up into the tower to see the timing and scoring gear and meet his staff. They had a professional photographer take pictures of us "light it up" at the Tree too. Great stuff. Then we settled back in the tower lounge to have a beverage and watch the serious guys run.

Our many thanks to Steve Earwood and his staff at The Rock for a fantastic experience!

It's going to be hard to top this one, but we are planning other events in the next few months. Our next dinner meeting is Tuesday, November 17 at Italian Table in Seven Lakes. We would normally meet the 24th (4th Tuesday), but many people have Thanksgiving plans.

From the Fast Lane...  
Marty

## Triad Area Report Jerry Kilcrease, Area Director

The Triad Area held its November 17th monthly meeting at Big Shotz Tavern in Clemmons. We had 45 members and guest attending and we were happy to welcome new PCA member **Chris Porter** to our group. **Chris** is a Porsche enthusiast, lives in Mocksville and owns a 944. We also had a first timer visit our meeting, **Avery Greene**, who lives in Summerfield. **Charles Ruppert** of C&C Eurosports, host for the upcoming Triad Area Christmas Party, made a short announcement related to party details (it was also **Charles's** birthday so we all joined in and sang "happy birthday"). **Wayne Taylor**, who works for Mutual Distributors of Greensboro (wines and beverages), also announced that his company will host a wine tasting station at the Christmas party. **Ron Reed** posted recent photographs taken during Fall Tour on the overhead screen for all of us to enjoy. **Sadie** had the Goodie Store set up and a lot of members were busy checking out the inventory. This was our last official monthly meeting of 2009 as we do not have a December meeting due to the busy holiday schedules. After dinner, folks continued to visit and socialize; check out the Goodie store and some exited to the parking lot and checked out the cars.

### Past Events:

November 7th and 8th: Carolinas Region

Fall Tour – The Carolinas Region Fall Tour was hosted this year by the Hickory Area. **Vincent** and **Vallie Piccirelli**, co-area directors, along with **Bryson** and **Cathy Kiser**. They did a great job of laying out some beautiful mountain roads for all of us to enjoy. There were quite a few Triad Area PCA members attending: **Dale** and **Jane Hewitt**, **Art** and **Randy Weiss**, **Ron** and **Tanya Reed**, **Charles** and **Emily Branch** and **Sadie** and **I**. The Tour started in Asheville on Saturday morning where about 32 cars headed out down curvy mountain roads in western North Carolina, ending up the morning session in the resort community of Highlands for lunch. After lunch and some homemade ice cream, we headed out on the afternoon part of the drive that took us to Young Harris, Georgia, where we checked in to the Brass Town Resort and Spa. Everyone relaxed for a while, then enjoyed dinner and dancing. The next morning we were treated to a huge breakfast buffet. After eating, folks said their goodbyes and everyone headed back home. It was a fun time with a lot of gorgeous mountain scenery and a chance for Porsche enthusiasts to gather and enjoy fellowship. By the way, check out **Ron Reed's** (Carolinas Media Coordinator) photos taken during Fall Tour posted on the website: <http://carolinasregionporscheclub.shutterfly.com/>.

### Triad Area Christmas Party – Last Triad Area Event of the Year

December 1st – (Tuesday)- Triad Area Christmas Party - This year the Triad Area's local Christmas Party will be hosted by

**C&C Eurosports**, owned and operated by **Charles Ruppert**, located at 293 Edwardia Drive, Greensboro, NC. The party will start at 7:00pm. There will be plenty of food so come hungry, soft drinks and other refreshments will be served. This year we are doing things a little different. In lieu of toys, we are asking that each member makes at least a \$10.00 donation, cash or checks made payable to the Carolinas Region PCA which will be collected when you come in. All proceeds will be going to Social Services in Greensboro to provide toys for small children in foster care within the community. Each member will receive a raffle ticket for great door prizes that will be given away to the lucky ticket holders. **Sadie** will also be there with the Goodie Store for those members looking for some good deals on Christmas purchases. Please make plans to come and join us for the Triad Area's last gala event of the year.

Next Triad Area Monthly Meeting: Tuesday, January 19th at Big Shotz Tavern Located in Clemmons, NC. Please come out and join us at our first monthly meeting of 2010, starting at 7:00pm. We will be discussing the 2010 Triad Area's Event Agenda so be thinking about what type of activities you would like for us to host during the coming year. Here are directions to Big Shotz: If you are heading West on I-40, take Hwy #421 exit; then take the Lewisville-Clemmons Road exit; at the top of the ramp, take a left back across Hwy 421; at second light take a right onto Styers Ferry Road and Big Shotz Tavern in on the right just behind Rite Aid Drug Store.

# MID-WINTER TRACK SEMINAR

Saturday, January 30th, 2010

11 am to 2:00 pm

Carolina Motorsports Park, Kershaw, SC

Have you considered participating in Carolinas Region's Drivers Education Events but have not had the opportunity to do so? Or maybe you have some questions: Will I like it? Will it damage my car? What's expected of me? Who are the instructors and how do they teach me? What do I have to do to my Porsche to participate? – If you have any of these questions or others, this event is for you!

During Lunch, you will have the opportunity to casually discuss the program with instructors and club members that have been enjoying "life at the track" for years. After lunch, we will discuss the operation of a Drivers Ed event, concentrating on what you need (or want) to know as a participant. We will also discuss some of the fundamental concepts of performance driving such as turning, braking and accelerating properly, and the vocabulary used to describe track driving. Video and other materials will be used to give you a thorough understanding of what a weekend at the track entails. Marty Barrett, our Chief Instructor, will discuss the roles of the instructors and how they can help you understand you car and your driving. Finally, we will discuss the safety check and tech inspection that is performed on each car to ensure a safe and enjoyable event. If time and weather permits, we'll tour Carolina Motorsports Park.

This is our fifth off-track seminar to introduce the concepts behind the Carolinas Region's Driver Education Program, which is a series of high performance driving schools conducted at local tracks like Carolina Motorsports Park – IT IS NOT A RACING SCHOOL!

This seminar is open to all Carolinas Region members who have not participated in a Drivers Education event, or who have very limited experience on the track. \*\*Region members with no prior track experience will receive a \$50 Coupon towards a Carolinas Region DE

event\*\*

**Registration is Free!**

Lunch will be provided

**Space is limited, and pre-registration is required, so register early!**

Please send your registration including name, number attending (please limit to those actually interested in attending a DE event), address, telephone number, **track experience**, and email address to:
