From the Driver's Seat

Harvey Yancey, President

Back in the Saddle Again ...

Every once in a while it takes time away from something you really love to make you truly appreciate it. That includes family, close friends, your favorite meal, etc. In my case this past month it was our May DE at Carolina Motorsports Park. It was the first time that I had been on the track since our twins were born last year. My wife Vivian was kind enough to give me a hall pass for the weekend because she knew that I was really missing being out on the track.

I had been prepping my 993 for a couple of weeks before the event. A quick trip to Eurowerks took care of my Tech Inspection as well as some other maintenance items including a fresh track alignment and transmission lube change.

An email to my tire guy, Bob Chick with RC Enterprises, secured me some really fresh Michelin Porsche Cup slicks. Sticky, sticky, sticky. Linda and Clark at Apex Performance, one of our new sponsors for 2010, set me up with some new Schroth harnesses for my passenger seat as my SPARCO's had become dated. The new harnesses became moot during the weekend however when my student told me that he got motion sickness when he

was not driving. I've had one student yack before and I did not want to experience that again.

As usual we made the rounds at our wing place on Friday night, Leo's, and our Mexican hang-out, San Jose. The weekend ended without any incidents other than a few spins. The new Expanded Passing in the Red Run Group worked out great, although some of the Club Racers though we should be giving point-byes in the Kink (and you know who you are!). The weather was cooperative albeit pretty warm. All in all a great weekend.

One of the more interesting moments of the weekend was when Marty Barrett, Carolinas Region Chief Instructor, recognized one of our new solo students, Dick Gimmi. While we have students solo at every event this student is a bit unique. Dick is 89 years old. You can read more about Dick in Jerry Kilcrease's Triad Area report.

By the time you read this PorscheFest 2010 will be in the books. This is the second year that Jim Peterson and his Mountain Area cadre have hosted the event. I anticipate that I will again have great things to report back in the July Tobacco Roads.

The 50th Anniversary Committee has been busy putting together a couple of events. The 50th Anniversary Tour will be held the weekend of August 21-22. The Tour will start out from the Triangle Area,

work its way through the Sandhills Area, the Metrolina Area then stopping in the SunFun Area Saturday night. The next morning we will pass through the Upstate SC Area on our way to the Mountain Area where we will stop for lunch. We then head to the Hickory Area, where we are hoping to have an interesting stop. More details on that stop later as we firm things up. Then we will end the day in the Triad Area where Foreign Cars Italia will host a dinner.

The Tour will structured so any member can participate for as long as they want, be it the entire route or just a couple of segments. The only things that you will have to sign up for are the planned meals. We will send the Registration Form out via email and it will also be in the July Tobacco Roads.

The 50th Anniversary Celebration will be held in Charlotte on November 6-7. The host hotel will be the Renaissance at SouthPark. We will have a top-down, People's Choice Concours at Symphony Park Saturday morning followed by a banquet that evening. We will have more details again in the July TR.

That's it for this month. As always if you have any ideas, comments or feedback please feel free to contact me at president@carolinas-pca.com or (704) 906-0343.

- Harvey

Brian Powell, Track Committee Co-Chair

According to Paul "T-Bone" Lueskow, the May DE was just about perfect. Two days of near perfect weather for the 90 participants with a large dose of karting thrown in. We had a smaller crowd than usual but just as enjoyable none the less. Linda and Clark, our event sponsors from Apex Performance. Net were there to support the event as well as have some track time themselves. We welcomed many old friends back to the track, Bob Humphrey, Walter

Dennis and Jim Hecht to name a few. And welcomed several first timers, like Tracey Faddis and Paul

Babinski. John Babinski was kind enough to loan his Boxster to his brother Paul for the DE. Now that's what brothers are for! So John, how's that clutch holding up?

For those that haven't been to CMP lately, rental karts are now available at the kart track. Several had not gotten their fill of driving and held their own All Star race on Saturday evening. The karters seemed to be equally divided between a gentlemen racer demeanor and the upstate dirt track racer mindset.

Although battered and sore, all had a good time. Definitely something to try next time you're at CMP.

Our next event is the Summer Scorcher at VIR. We've had many requests for another event at VIR. Weekend dates there are scarcer than unobtainium though. So our event will be Monday-Tuesday, July 12th and 13th. Event fees will be \$290 for PCA members, \$360 non-members and \$150 for instructors.

Several had not gotten their fill of driving and held their own All Star (kart) race on Saturday evening.

Registration is open and online at the region website. We're also trying a new payment system for this event. The new system will allow for direct payment via credit card instead of passing online payments through PayPal. This system will give us better accounting at a lower cost too.

For any questions on these or any other track events, please contact Brian Powell, driversed@carolinas-pca.com or Nadine Saville, clubrace@carolinas-pca.com

Chief Instructor Report – May 2010

By Marty Barrett

At the May DE at CMP we had thirty (30) instructors volunteer to support our Novice and Beginner students. Thanks to all of those guys for volunteering to help...we cannot have a DE without good instructors. Our region is very fortunate to have a large group of PCA certified instructors who enjoy sharing their high speed driving skills with students.

Speaking of PCA instructor certification, we had nine instructor candidates participate in the national training program on Friday, May 14 at CMP. Five are from Carolinas Region and four from other Zone 3 regions. Candidates must have thirty (30) DE track days experience and be capable of driving at pace safely with the DE instructor group. The certification training program

consists of 4-5 hours of classroom presentation and discussion, and two hours of role playing track exercises. Jerry Kilcrease, Bill Williams and Jim Strowd assisted me the presentation and on track evaluations. Thanks guys!

At the DE on May 15-16 we again implemented expanded passing in the Red instructor group. We tried this first in March, but were not able to complete our full evaluation. Expanded passing means that the Red group drivers can pass other cars anywhere on the track... including in the turns. This is not racing, and safety rules are observed and enforced. Wow, it is fun! The evaluation went very well with no warnings or incidents. We will continue to use this venue at future DE events. Five more DE's are scheduled this year! Please come join us!

This month's submission pertains to an interesting article I came across in Porsche 356 Registry, an excellent magazine well worth subscribing to. The article appeared in the Jan/Feb 2009 issue, and was titled Goodbye to the 356, written by Phil Carney.

The point I wanted to emphasize that struck me was the unique manufacturing difference in the car's hood. From page 18 of the article:

"The first aluminum 356s made in Austria had a distinctive, likeable face. Despite his desire to make radical design changes in other areas, Butzi (Ferdinand Alexander "Butzi" Porsche) felt it very important to preserve the classical Porsche sports car features as viewed from the front."

"This photo shows some of the Bauhaus thinking that Butzi put into making the 901 a good example of form-follows-

function. Consider for example the front hood of the 356 versus the 901. The 356 nose is full of compound curves [in this case, a perturbation of a surface which changes its dynamic about the x, y, and z axis routinely, DW] and it was very labor intensive to get all those gaps to be 3mm. The 901 hood on the other hand is based on very subtle curvature with straight seams between the hood and surrounding sheet metal. This made the car significantly easier to manufacture and assemble."

All materials, text and photo, used by permission of Gordon Maltby, Editor, Porsche 356 Registry, who invites you to check out 356registry.com.

Yours in the pursuit of Porsche excellence =)

The Upstate Region's Spring Drive was Saturday, May 1st. Twenty-four folks in fifteen Porsches met at Protech. The drive was almost two hundred miles long, alternating between fun, twisty roads for the drivers and easy going scenic sections for the passengers. The weather held up fairly well for us, as we only had a slight mist of rain once during the trip. The ride took us to Lake Robinson, Campbell's Covered Bridge, Caesar's Head, through the Pisgah Nat'l Forest following the Davidson River up to the Blue Ridge Parkway. Luckily for us, the ten mile section of the Parkway had

UPSTATE SPRING DRIVE

By John & Martha Babinski

just re-opened the week before and we got to take that route over and down to Lake Toxaway. We stopped at Toxaway Restaurant for a leisurely lunch. We were fogged in there... we could HEAR the adjacent falls at Toxaway Dam, but couldn't see it! Next stop was Whitewater Falls, just enough of a short easy walk to walk off some lunch. Last stop was treating ourselves to ice cream at "Aunt Sue's" back on highway 11. It was a fun, enjoyable day. It's especially fun driving with a group, sharing stories about our cars and attracting attention and seeing heads turn is always fun too.

Area Updates: June 2010

Hickory Area By Vincent & Vallie Piccirelli

Greetings to all.

April was a pesky month as the storms kept us away from Asheville and the

Festival of Flowers, at the Biltmore Estate. On May 15th we started off for the Highlands tour and instead visited Waynesville & Hendersonville. It was a small group but we had a beautiful day, when it wasn't raining or Hailing, or the very few times we were not behind someone going verrrry slow. The new Porsche of Hickory provided coffee & doughnuts, and did I mention a demonstration of the nearly unnecessary soft top of the New Porsche Spider?

Sadie & Jerry Brought the goodie store, which always attracts a good crowd, about 22 in all.

Next month we will do a Drive & Dine, which starts at Porsche of Hickory at 6PM.

We will be getting another demonstration of the Spider top, for those who missed it. We will then travel to Shelby where we are trying out a new eatery that Vallie & I scoped out several weeks ago, called Smoke on the Square, located at 5 East Marion St.

Remember: Our next meeting will start at Porsche of Hickory, on Rt.70, same place as the Kia Dealer at 6PM Sharp.

July will bring us back to the Flat Rock Grill.

Any questions please Vallie or me @ 828-781-8352/8332

Ciao!

Vincent & Vallie Piccirelli

Metrolina Area By Don Morris

The DE at CMP on May 15-16 was a blast. The weather was hot but dry. The track was fast. Everybody has big smiles on their faces on Sunday. The 944's from the Metrolina Area did great. If you haven't done it before, Now is a good time for you to get an approved helmet and sign up for the June DE at the new track NCCAR.

We are changing our monthly meeting site effective for the June meeting to Maggiano's Restaurant at South Park, a great Italian Eatery. We will continue to meet the 3rd Thursday of the month at 7PM. We have not been able to keep guaranteed room space at the previous meeting locations. Antonio, the manager of Maggiano's is a Porsche Club member, so I expect us to receive excellent service. Join us in June for a meal and some fellowship.

Salsarita's Restaurant at Quail Corners 8600 Park Road is sponsoring a Shine and Show the 2nd Saturday of each month from 11-2. Harvey offers the winner a free meal.

All Tune and Lube, located at 1046 Regent Parkway in Fort Mill, just off US21 south of Carowinds exit, is offering an open garage night the 2nd and 4th Tuesday of each month at 6PM. They offer free inspections and lift time for tire and break pad changes, etc. They also will be grilling dogs, brats, burgers etc. Don't know about liquid refreshment, so bring some.

The next Regional event is the Annual PorscheFest in Asheville. Hope you went and had a good time.

On June 12-13 we have a DE at NCCAR. This will be our first event at this track. Give it a whorl.

Cars and Coffee meets the 1st Saturday of the month at 8:30 in the Panera Bread parking lot at Northlake Mall for show and conversation. There are usually over 100 cars there. Check it out.

Update: Just got word in from Ron Becker that we have some exciting additions for In den Bergen this August. See August 6-8 below.

On June 1 we held a Porschefest 2010 planning meeting at Deal MotorCars before a drive and dine on the roads of Madison and Yancey counties. Lunch was at Curras in Newbridge, just north of Asheville. Thanks to Tony Martinez and Mario de Francisco for their efforts in coordinating the tour.

By the time you read this, Porschefest 2010 will be history. We planned on a record turnout; hopefully everyone had a great time. Thanks again to Deal MotorCars and German Motor Werks for their support and sponsorship of the event for the second year in a row. A special Thank You goes to all of the Porschefest planning committee members who put so much time and effort into the planning and staging of the event (the biggest multi-event weekend annually for the Carolinas Region):

Beth Brannon – Hospitality and Awards Banquet

Broadus Brannon – Autocross, Best of Asheville, Hospitality and Awards Banquet

Gordy Cwik – Concours

Mario de Francisco – Awards, Tours

Scott Jordan – Fun Rally

Dick Maybach- Registration

Dale McCourt – Best of Asheville, Concours, Documentation

Mike McMahan – Charity Raffle, Fun Rally

Matt Pohsweg – Registration, hotel

Doug Smith – Hotel, Scoring, Tours

Watch for further event documentation in the July issue of Tobacco Roads and a future issue of Panorama.

Future Meetings:

June 5 – No meeting (Porschefest 2010 was held on Memorial Day weekend.).

July 10 at 10 a.m. Stuttgart Motorwerks, Hendersonville. Tech session and question and answer period led by Pete Martin. Lunch at Haus Heidelberg. Possible visit to Ohlins shaker rig locally depending on what they may have on the rig at the time.

August 6-8 – In den Bergen at the Waynesville Inn Golf Resort and Spa. See registration information and details elsewhere in this issue of Tobacco Roads and on the region website at www.carolinas-pca.com. This is a great event and a good excuse to get away to the mountains of Western North Carolina. The venue is excellent and the People's Choice Concours on the golf course is always a favorite. Please plan to attend.

Ron Becker just confirmed that Martin Steger, Director of Club Racing, TRG and Spencer Pumpelly, TRG driver (one of the best in their stable of racing talent) will be in attendance at In den Bergen. This is great news and promises to add plenty of excitement to the event. Martin is scheduled to be our guest speaker at the banquet and Spencer is also a very personable individual. You'll enjoy meeting and visiting with each of these fellows at the events of August 6-8. They will also be bringing some recent video on TRG's prep work for the Rolex 24 hr at Daytona. This makes for an event that you won't want to miss. Please plan to attend.

September, October and November – we would like to plan some drive and dines for the first Saturdays of each month. Let me know where you like to go for a drive and/or what your favorite place for lunch is and we'll plan an event.

I look forward to seeing you at a future meeting or event.

Sun Fun Area By Sandy Shirley

We had a nice turn out for our May meeting and Dick Lane gave a wonderful presentation on Club Racing. He put together a great outline covering topics of licensing, the history of club racing, and a typical race weekend schedule. The group had many questions regarding costs involved and safety requirements for drivers and their cars. I learned a lot and really appreciate the time Dick put into giving us an enjoyable evening.

Please note that we are changing the meeting place for June. I thought it would be nice to spend the warm months at the lake. If you find you are not receiving emails from me please drop me a line and I will get you added to my list. You can reach me at sunfun-ad@carolinas-pca.com

Hope to see you at our June meeting.

Sandhills Area By Marty Barrett

With Spring upon us, it's light enough in the parking lot to see the beautiful Porsches at our dinner meetings! We are getting 15-20 Sandhills members at each dinner. It's a very nice group and many of them are not regular attendees at our driving events or other PCA social gatherings.

Since we are the newest Area in the region, we are still trying to determine what local activities are of interest to the most members. The Saturday cars & coffee in March was very popular and we had a good turnout for the Rockingham Dragstrip event. Next we will try a couple of tech sessions in conjunction with local repair shops. The first will be in June and will focus on care and restoration of leather interior and convertible tops. The following one will deal with brake system performance and minor repair. Later in the summer, or early fall, a drive is planned to Maxton, S.C. for the East Coast High Speed Timing Association national trials. Also, we tie in with Triangle and Triad Area events and we thank those areas for inviting us!

Our next dinner meeting is May 25 at 6:30 p.m. at the Italian Table in Seven Lakes, N.C.

Triad Area By Jerry Kilcrease

The Triad Area plans to rotate monthly meetings between the Greensboro area and Winston-Salem in order to accommodate its membership. We rotated our May 18th meeting back to the Greensboro Area to The Box Seat located at 5006E High Point Road and had 42 members and guest come out and join us. Ron Reed set up the projector so we could check out recent photographs taken at past events and Sadie was there with the Carolinas Region Goodie Store. Stan Simm gave the group a short discussion describing how fellow PCA member Dick Gimmi was bumped up to solo at the Carolinas Region DE event at CMP last weekend. While this might not sound significant, it was a unique event for at least two reasons: Dick is 89 years old and Dick, who is a retired Air Force pilot, first soloed as a pilot at the CMP location (which was a military training field during WWII). Congratulations again to Dick! We also recognized attendees from Foreign Cars Porsche, C&C Eurosports and Speedwerks. These folks were given a round of applause for their past and continued support to the Triad Area PCA. We plan to hold the June and July meetings in the Greensboro area so come out and join us. Thanks to all that came out, hope to see you again next month.

UP COMING TRIAD AREA EVENTS:

Saturday, June 5th: Open House-RennGruppe Motorsports-David Brown and the staff of the newly formed RennGruppe Motorsports, located at 364 Dixon Street, Lexington, NC 27292, has invited all PCAer's and guest to attend their "Open House"

event. Doors will be open from 9am to 3pm on Saturday, June 5th. They plan to have quite a few classic Porsche race cars on display. There will also be tech sessions, door prizes and a free lunch and Sadie will be there with the Carolinas Region Goodie Store. Please RSVP to RennGruppeMotorsports@gmail.com if you plan to join us for lunch. Directions: Heading south on I-85, take exit 88 Linwood Road; at top of ramp turn right;(heading north on I-85, take exit 88 Linwood Road; at top of ramp turn left) then take first left onto Hargrave Ln; 100 yards take a left onto Dixon, #364 is third large building on right.

PAST EVENTS:

Carolinas Region DE-May 15th/16th at CMP: This was the second DE event of the year and several Triad Area members participated in the event including Fred Baumann, Herbert Boehm, Kevin Boehm, Robert Bouknight, Wayne Capwell, Harvey Harbour, Blair Holden, Jerry Kilcrease, Stan Simm and Mike Stinnett. While it was extremely hot for this time of the year (high in the 90's), we all managed to stay cool and enjoy the event. It was a fun time and a very safe event thanks to the continued efforts of Brian Powell, DE Chairman, Marty Barrett, Chief Instructor, Robin and Jim Hecht, DE Registrars and the rest of the staff. Sadie was there with the Goodie Store and had plenty of new inventory, including 50th Anniversary shirts and caps. The Goodie Store had it's usual "free" coffee and snacks set up and quite a few participants gathered after the track closed down on Saturday evening for socializing at the Goodie Store location.

GIP (Girls In Porsches) (Write up by Sadie Kilcrease) Our May meeting was held at River Birch Lodge in Winston Salem. Janet Reaves won our "Split the Pot". The June meeting will be held on Thursday, June 3 and we will meet at Childress Vineyards in Lexington at 11:15 AM. Mark your calendar and come out and join us for fellowship, food and fun. Hope to see you there. For more information contact Sadie Kilcrease @ sadiek@triad.rr.com (add photo as space permits)

FUTURE TRIAD AREA EVENTS:

August 14th (Saturday) – Annual Swap Meet hosted by SpeedWerks in Thomasville (Details later).

October 23rd (Saturday) – Oktoberfest-Hosted by Foreign Cars Porsche in Greensboro (Details later).

December 4th (Saturday) – Carolinas Region Holiday Party Hosted

by the Triad Area-Details and Registration information later.

NEXT TRIAD AREA MONTHLY MEETING: TUESDAY, JUNE 15TH, AT THE BOX SEAT, 5006-E HIGH POINT ROAD, GREENSBORO, NC 27407 – We will be meeting in the Greensboro area for June and July and we will be starting the meeting around 7:00pm. Please come join us for the short business meeting, dinner and enjoy the fellowship with your fellow Porsche enthusiasts. Directions: For those that do not have GPS or use Mapquest, here are some basic directions: From I-85 going North, take the Groometown Road exit; turn left at top of ramp and follow to High Point Road, turn left onto High Point Road and The Box Seat will be on the right at 5006-E High Point Road. From I-40 East coming from Winston Salem; take Wendover Ave. West (Exit 214A); turn right onto W. Wendover; turn left onto Stanley Road; turn left onto Hilltop road; turn right onto High Point Road; Box Seat is on the right.

Triangle Area By Scott Holcomb

Like April, May has been relatively quiet.

At the time of writing this report, we will have our monthly meeting in a couple days at a new location, The Wake Zone coffee house in Apex NC. After 2 meetings in Chapel Hill with less that anticipated turn out, I will continue to rotate and forth between the Apex and Chapel Hill locations.

There are a number of us getting ready to make the first trip of the year to VIR for the First Settler's DE this coming weekend,

so that has several of us pre-occupied with last minute tweaks and tech inspections.

We're almost ready to set up a Tech Session to do the brakes on an older 911, so stay tuned to the blog for info. That will likely take place in June.

As always keep your eyes and emails tuned to the blog or all of the most recent info for what's going on in the Triangle Area. <http://trianglearea.wordpress.com/>

Upstate Area By Gene Kendrick

We continue to have great turn outs for our first Monday meetings at Quaker Stake and Lube in Greenville. Our May meeting had approx 36 members in attendance despite heavy rain in Greenville that night. Martha and John Babinski put on a great Mountain Drive early this month. Martha has written an article covering the event that is elsewhere in this issue.

The Upstate Area was well represented at the May Carolinas region DE at CMP May 15th and 16th. We had approx 13 cars entered in the various run groups. The weather was good and the fellowship was super! Longtime Upstate racer Walter Dennis organized a go kart race utilizing the ten CMP rental karts on the short roadcourse. Competition was fierce with the field of 20 including two current Grand Am drivers and a former Toyota Atlantic/ Imsa Lights driver. The rest of the field was full of club racers, crew members and other friends. The format was a 10 minute practice session for each group followed by a qualifying race for each group. The top 5 drivers from each qualifying race

competed in the championship race, the bottom 5 from each race competed in the consolation race. Jim Strowd from the Metrolina Area won the Championship Race. The consolation race was more like NASCAR with Bristol style beating and banging, resulting in a Talledega like crash involving most of the field. The track manager Red Flagged the race to lecture everyone about rough driving. I think only 6 of 10 Karts were still running at the end. The war stories from the old men who survived that race will be told and retold over the coming years.

We are planning the annual Region Summer BBQ Party to be held on July 24 in Spartanburg at the home of Paula and Gene Kendrick. The party will feature swimming, an informal people's choice concours, catered BBQ, and dancing with our favorite DJ providing the music. We have averaged around 50 Porsche cars from original Speedsters to 997 Turbos the last few years. Please see the flyer in this edition of Tobacco Roads for more details.

Carolinas PCA Volunteer program with B.R.A.K.E.S.

On January 26, 2008, Doug Herbert experienced every parent's worst nightmare – his two sons, Jon, 17, and James, 12, lost their lives in a tragic automobile accident. Herbert, trying to make sense of the tragedy, decided to form a non-profit organization that would focus on safe driving. He wanted to help prevent others parents, friends and families from enduring the pain of losing a loved one to an automobile accident.

Herbert partnered with Jon's classmates from South Lake Christian Academy to create a name for the safe driving foundation. The students chose B.R.A.K.E.S. – which stands for Be Responsible and Keep Everyone Safe. Herbert took action and quickly applied for 501(c)(3) status. He began to spread the word about the importance of safe driving and developed the B.R.A.K.E.S. Teen Pro-Active Driving School. In 2009, 425 teens attended the Teen Pro-Active Driving School. In 2010, their goal is to top 1000.

However, they can't do it alone. B.R.A.K.E.S needs volunteers to help the organization host fund raising activities, attend public events or hold one of the many B.R.A.K.E.S. Teen Pro-Active Driving Schools. No special skills are required, just a willingness to help.

Motor vehicle crashes are the leading cause of death among American teens, so volunteering with the program should be reward enough. But for even more enticement, Carolinas Region PCA will extend a \$50 credit to any 2010 Driver's Ed event for every 8 hrs volunteered. Help out a Saturday at a Pro-Active Driving School program, get \$50 off. Help out at the NHRA Pancake Breakfast for the day, get \$50 off.

To get credit when you volunteer with B.R.A.K.E.S, list Carolinas Region PCA as your company affiliation. What could be simpler? The volunteer form is at <http://www.putonthebrakes.org/> under "Get Involved". Volunteer your time assisting teens develop good driving habits and then come out to a Carolinas Region Drivers Education event to hone your own skills.

Now for the fine print. We're giving this a try for 2010 so credits will only be extended for BRAKES events held before year end. Participants can only use one \$50 credit per Drivers Ed event. Credit is non-transferable and limited to PCA members and immediate family only.

Porsches

1975 model 1.8 914: very original, time capsule sleeping since 1993. Solid original chassis. This fine example originally came from Colorado, but came to NC in the 80's. It was stored in a heated basement from 1993 until recently, when we brought it back to the daylight. To bring it back to life, fluids were changed, brakes rebuilt, pads, and ss lines. Tranny got new swepeco and all new shift bushings. We installed new fuel injectors, lines, and a new dual relay. She also got a new bushing in the steering column, new Kumho 205/60's and a set of 5 original fuchs. Super clean carpet and dash. Odometer shows 43k on the clock, but I suspect actually 143k. According to receipts, clutch replaced 20k ago. Offered at \$10,499. Consider trades toward 993 C2. John Helgesen, Aberdeen, NC. jhelgesen@aol.com or 910-638-5769. (6/10)

1976 911 track car: Fresh paint and custom full cage, 79 SC 3.0 long block CIS pistons, large port/valve heads, real weber 46s, mint condition, k/n water shields, pmo press regulator, pmo fuel rails, braided fuel lines to tank, headers, Moroso mufflers, CARRERA oil cooler, 2k on top end and new head studs, turbo valve covers, hydro tensioners, oil line restrictors, fresh rebuild on aluminum case 915 tranny, stock gears. Non-sunroof body, galvanized, new front pan, Sparco seat, 6-point belts, no sound padding, no headliner, fiberglass 964 f&r bumper, fiberglass duck tail, manual aero mirrors, welded SC flares, h4s. 23/31 bars, Bilstien struts/ revalved at Bilstien, smart front and rear sway bars 31/27, cast sway bar mounts, Monoball upper camber plates, Racing Dynamics strut bar, poly graphite bushings, late model carrera calipers and rotors (thicker rotors), PFC97 pads, Carrera bias valve, 993 7 and 9 x 17 rims, Momo steering wheel, under 2400 lbs. \$25,000 (or trade for a 993 street car) John Helgesen, Aberdeen, NC. jhelgesen@aol.com or 910-638-5769. (6/10)

1977 911 SC Coupe with sunroof: VIN 9117301553, New Gun Metal Metallic paint. This is my daily driver and also set up and ready to go for the next DE. Most of the car was rebuilt. Upgraded rebuilt bottom and top 3.0 liter engine from the original 2.7, rebuilt transmission, short shift kit, upgraded front fender oil cooler, upgraded front turbo brakes, new front struts, wheel bearings, ball joints and bushings, new fuel tank, upgraded 22mm brake master cylinder, rebuilt pedal cluster, Konig sport seats, upgraded 16" wheels and more. Asking \$12,000. For photos and more details contact Bill Petrozelli in Mooresville, NC at billbri@hotmail.com or 503-881-9574. (6/10)

1985 Porsche 911 Carrera Targa Euro 3.2 liter: WPOZZ91ZFS140615. Well maintained and garaged. Local South Carolina/ Georgia car since 1997 when it came from Europe. 131,000 miles with strong euro motor (higher compression and more HP than US model) Straight body, no rust, nice interior and paint, No cracks in dashboard. Power leather sport seats "are well loved". Like new Hankook tires on original 16" black centered polished Fuchs alloys. Heat works great. New A/C system with upgraded larger fan blower motor, power windows, mirrors, new stereo system. Recessed fog lights with spoiler chin, rear window defroster, rear window wiper, new windshield washer motor, Targa top in good shape.
