## When Did You Catch the Bug?

From early on as a child I was drawn to all things mechanical and noisy as I am sure many of you were (I am starting to see the same traits in my 19 month old son already). And having a father that owned a trucking company and later on a drag car didn't help the situation any. However, the car 'bug' was not firmly entrenched until I started reading articles by a guy named David E. Davis in the late 70's.

I spent hours at a friends' house in Jacksonville, NC after school reading old issues of Car & Driver learning that there was this huge automotive world out there beyond the Trans Ams, Camaros and Corvette that we knew. I remember the day that I discovered the existence of a machine called a Lamborghini Countach and another one called a Porsche Turbo Carrera. Talk about otherworldly. I was hooked.

I continued reading Car & Driver over the years and when Mr. Davis started Automobile Magazine in 1986 I followed him there. The dictate there was 'no boring cars' and that formula proved to be successful. In recent years he started the online automotive magazine Winding Road and also returned to Car & Driver as a contributor.

I had the pleasure of meeting Mr. Davis several years ago at the EURO Auto Festival where he was the Guest of Honor and the Key Note Speaker. This was one of the few times in my life where meeting a person of note I actually came away liking them even more. David E. was engaging, irreverent, unpretentious and thoroughly delightful. He had the best stories and he completely catered to that 16 year kid still in me. What a great guy.

Sadly on March 27<sup>th</sup>, David E. Davis, the man that helped foster my love of all things automotive passed away. DED had been at the Amelia Island Concours a couple weeks before in seemingly good health, but died

due to complications following bladder cancer surgery.

I personally will miss his writing, but his influence over automotive journalism will be felt for many generations to come. Godspeed David E.

BTW - If you are looking for some entertaining reading I highly recommend his book "Thus Spake David E.: The Collected Wit and Wisdom of the Most Influential Automotive Journalist of Our Time". Well worth the time.

**David E. was engaging, irreverent, unpretentious and thoroughly delightful.**

That's it for this month! As always if you have any ideas, comments or feedback please feel free to contact me at [president@carolinaspca.com](mailto:president@carolinaspca.com) or (704) 906-0343.

- Harvey

## 2011 Carolinas PCA Autocross Series: Round #1, Knights Castle

Reported by Sean Steinbrueck, Photos by Tom Morgan

I'd like to give a big thank you to all who participated in the 1st round of the 2011 Carolinas PCA Autocross Series. It was our LARGEST turn out so far. Everyone did a great job, and we got done in record time, 1:35 PM. That was awesome. We are going to try our best to continue on this trend. We just need you to keep doing what your doing.

A few things to mention

### 1) Pre-Registration

Part of making the event run smoother was getting as much "pre-registrations" as possible. For this event we received 43 pre-registrations through clubregistration.net which is great. It really helps us get the event under way quicker, and smoother, because, everyone is already entered in the computer database and classified the night before the event.

So we really appreciate all those who pre-register. Keep it up. Best part is you are also saving yourself some money. It's win/win for everyone.

### 2) Car Numbers

We had some confusion on car numbers over the past events. So we are asking that everyone keep the same car number you had in event #1 when you register for future events. This will also greatly help in keeping the event starting off smoothly and less confusion.

### 3) Drivers Meeting

We did have a few close calls with drivers missing the finish line and continuing back onto the middle of the course. So, for PCA Insurance/Liability reasons, as well as overall safety, **all drivers are required** to be at the Driver's Meeting and do the course walk-through. We cannot make exceptions on this any more. It's just too dangerous to miss.

Thanks again to everyone for making Round 1 a great success and we look forward to seeing you all out again throughout the series.

# Results: Carolina Region Autocross Series ROUND #1

## Autocross Series: Points and Classifications

Results of each autocross and current standings of the year-long Drivers Points Championship, will be in Tobacco Roads every month and on [www.carolinas-pca.com](http://www.carolinas-pca.com).

Year End Autocross Awards will be handed out for 1st and 2nd Place in each class, Men's and Ladies. To score series points, drivers must have attended at least 4 out of 6 races. The points totals are based on your best 5 out of 6 finishes.

Class points will be awarded for each autocross event as follows:

1st Place	6 Pts.	2nd Place	4 Pts.
3rd Place	3 Pts.	4th Place	2 Pts.
5th Place and beyond	1 Pt.		

Classes will be based on the standardized PCA classes. These classifications are listed here and will be in each issue of Tobacco Roads as well as on our website. If you are uncertain what class your car would be categorized in, please feel free to send us an e-mail.

# Cars & Coffee of the Upstate

Submitted by John Budinich

## It's finally here. Cars and Coffee has arrived in the Upstate.

Cars and Coffee of the Upstate is an informal gathering of car enthusiasts from around the Upstate to have some coffee, talk about cars and view each other's rides. This event takes place in the North Hills Shopping Center parking lot behind Starbucks and Liquid Highway. The lot is located at the intersection of Pelham Road and East North Street in Greenville, SC.

The original kick off date for this event was scheduled for Saturday, March 26th but the day turned out to be rainy and cold. A note went out to tell everyone that the event was being rescheduled to the following Saturday, April 2nd to allow everyone to keep their cars clean and dry. Even with the rain and the postponement note, 18 cars showed up at the Starbucks parking lot that morning. Although there was no sun, the water beading on the paint of the Lotus, Viper, Corvette, Porsches, BMWs and others in attendance was still an awesome sight. This just goes to show how eager the Upstate Area is for this type of event.

Those who did show up congregated inside Starbucks and swapped car stories and got to know each other. Most of the comments were that this was a long time in coming and with the amount and diversity of great cars in the Upstate, this has the potential to become a big event. With this type of turnout on a cold and rainy day, I looked forward to the first "official" event with great anticipation of an even larger turnout.

The "official" inaugural Cars & Coffee of the Upstate took place on Saturday, April 2nd. The weather was sunny and cool and the forecast was for a great day. Cars started to roll in around 7:50 am, led by a pair of Morgan's from the '50s. My expectations were exceeded as just over 60 cars were in attendance by 9:00 am. The mix of cars held something for everyone to enjoy, no matter where your tastes lie. On one end there was a '55 Morgan Plus 4 and a '55 Morris Minor "Woody" wagon with matching trailer and surf board. On the other end there was a '06 Lamborghini Gallardo and a '10 BMW M3. Other cars included representatives from Lotus, Jaguar, Austin Healey, MG, assorted American Muscle and all years and models of BMWs and Porsches.

The event now moves back to its normally scheduled day and time of the 4th Saturday of the month from 8:00 am to 11:00 am. There are too many conflicts on the first Saturday of the month, so future rain outs will just mean the event does not take place that month. Many of those in attendance said they would be back again on a regular basis. Others who could not make the 2nd due to conflicts are looking forward to attending the April 23rd event.

Remember, if you have nothing planned for your morning on the 4th Saturday of the month and you are interested in cool cars, hot coffee, great people and pure fun, stop by Cars & Coffee of the Upstate. Stay for a few minutes or a few hours, you decide. You can also follow us on Facebook @ Cars & Coffee of the Upstate for pictures from past events and to keep informed of upcoming events. The direct link is <http://www.facebook.com/pages/Cars-Coffee-of-the-Upstate/152541588139531>. Connecting to the Facebook page is also a way to get email notices for updates and events.

We look forward to seeing you at a Cars & Coffee of the Upstate in the near future.

# Food Lion AutoFair

## Spring 2011

57 Porsches gathered at Charlotte Motor Speedway on Sunday, April 10th, to be part of the Spring edition of the Food Lion Autofair. Even though we had severe weather pass through the area on

Saturday evening and fog on Sunday morning, we were still able to park on the grass and enjoy a great day of "automotive camaraderie". Our

entrants ranged from a 1956 356 Speedster to a 2011 GT3 RS. Hendrick Porsche provided a 2011 Panamera for people to view. Many thanks to Hendrick Porsche and Stan Pendergraft. Trophies were awarded in 8 categories and to the Best of Show. Many categories were decided by a single vote and we had 15 different cars nominated for Best of Show. (Winners listed at right):

Congratulations to all of the winners and thank you to everyone for sharing your beautiful cars. Mark your calendar for Sunday, August 28th, for the Fall show. Check Tobacco Roads or [www.carolinas-pca.com](http://www.carolinas-pca.com) for info or contact Mike Jones or Mike Rich at [concours@carolinas-pca.com](mailto:concours@carolinas-pca.com).

## Carolinas PCA Partners with VIR to Support Ronald McDonald House Charities

Most of us have participated in a charity golf tournament, auction, or fund-raising gala. But wouldn't it be fun for car enthusiasts to donate our time and money by simply driving our cars around one of the best road courses in the U.S.? That's precisely what happened on April 1st as hundreds of drivers participated in the first Virginia International Raceway Open House. VIR generously opened the North Course to charity laps for 7 hours to raise money for 6 Ronald McDonald Houses in North Carolina and Southwest Virginia. The track also donated money from the pre-sale of Grand Am tickets, coupon booklets, and Off-Road course rides. In addition, TMI, makers of the Ariel Atom in the U.S., donated money raised through hot laps. As a result, the day's activities raised over \$9,000 to Ronald McDonald House Charities (RMHC) – the equivalent of 900 nights for families who stay at the Ronald McDonald House.

Ronald McDonald Houses provide housing to families whose children are undergoing treatment at a nearby hospital for serious illnesses or injuries. They depend heavily on donations to serve the hundreds of families that need their help, and VIR was excited to partner with Carolinas PCA and RMHC of NC and SW Virginia to help. Kerrigan Smith, Director of Track Operations at VIR said, "VIR and its partners, Bosch, Volkswagen and TMI - makers of the Ariel Atom, were proud and honored to be part of the Ronald McDonald House community focusing our efforts on something so valuable to families in need. It is always fun for us to share in somebody's first track experience and to know that experience will be associated with Ronald McDonald House for the rest of their lives."

In addition to PCA members from NC and Virginia, the event attracted a strong showing from the Corvette, BMW, Viper Club, and Mini Cooper Car Clubs. Also, John Alvi of Leith Porsche brought a beautiful Panamera to the event and drove people around the track in it for a truly unique "test drive." At one point, Ronald McDonald waved the checkered flag to bring in the run groups. As a participant, I can attest that it's impossible to miss a flag when the person waving it is Ronald McDonald!

The charity laps fundraiser was one event during a full day of activities that showcased the full range of recreational activities and amenities available at VIR. The Oak Tree Tavern restaurant, the full-service Oak Tree Spa, and high-speed, competition Kart Track are among the other outstanding amenities they offer.

The Open House and charity laps for RMHC are going to be annual events in the spring at VIR. Based on the quality of the experience this year, I highly recommend taking the time to participate next year.

Triangle Area PCA Director

### Carolinas at NCCAR!

Simon Cobb and the team at NCCAR rolled out the welcome mat for the 61 participants of the Carolinas Region inaugural event at the Roanoke Rapids facility. For our first endeavor at NCCAR and I think the first PCA DE, the event went off exceptionally well. As with any new relationship, there are a couple items to work on, but minor in comparison to some of our previous ventures at new facilities. For the drivers, the 2 mile track looks simple on paper, however proved more challenging in practice. The 40 ft width allowed for many different lines through the 11 turns. For this event, we drove in a clockwise direction although the track can be driven both ways. Our instructors got a couple sessions on track to familiarize themselves with the track before taking their students out. A huge note of gratitude to our instructors who rose to the occasion; especially Larry Van Voorhis and Tim Scopes who stepped up at the last minute. On top of learning a new track, most of the instructors had 2 students for the weekend. A thanks goes out to Linda and Clark from ApexPerformance.net for their support at the track too.

Although there's no permanent grill at the facility yet, lunch was provided onsite by the NCCAR catering crew. A feast of truly Southern fried chicken, homemade deviled eggs, potato salad and sandwich plates were enjoyed Saturday and Sunday. It is a long commute for many of the Carolinas membership which held the attendance down somewhat. But having the track so convenient to lodging and restaurants was a welcomed benefit. Many participants were less than 5 minutes from track to hotel room. Toss in the other conveniences like the campus wide Wi-Fi, a first rate garage/classroom building and you can see why the event exceeded expectations.

Closer to home, we will be returning to Carolina Motorsports Park on May 14th/15th. This event is always one of our more popular weekends and registration is open. As of this writing, 100 are registered for our spring visit to the Kershaw, SC facility. We'll have a new format for the green beginners group, with additional on track exercises. For our solo drivers, we're adding a new classroom session to cover a variety of advanced topics. And for our advanced drivers, on Friday May 13th Marty Barrett will hold the PCA National Instructors course. If you've ever considered instructing, this is a great clinic to enhance those skills. Or if you are an instructor, it's a good refresher too. Please contact Marty if you are interested in the course.

A new addition to the DE calendar is a joint event at Charlotte Motor Speedway on August 14th & 15th. This will be a Sunday/Monday event hosted by Carolinas, Hurricane and Blue Ridge regions. We last visited CMS, or Lowe's as it was at the time, back in 2008 for our post-Parade DE. If you haven't driven the banks of CMS, it's a unique experience. We'll drive the 2.25 mile oval and infield course for the event. Registration will be open soon on Clubregistration.net under the Hurricane Region events. All Cabriolets or soft-top vehicles will need additional roll over protection similar to VIR for this event.

I would like to remind all DE participants to thoroughly read the tech inspection form. We continue to have cars come to track inspection with improper equipment. Tech inspection requirements are not mere suggestions. Drivers Education events do not harm your car, but will put more stress on your vehicle than a typical commute. The tech inspection ensures you have a safe event and go home with a smile on your face.

For more on any of these events contact Brian Powell at [driversed@carolinas-pca.com](mailto:driversed@carolinas-pca.com) (704-260-0716).

### Thomas J. Norby Award:

## B.J. Craven: "Porsha" Man

Serving in the military in Vietnam changed B.J. Craven's life in more than one way. He saw plenty of blood and guts and zip bags coming off of Huey helicopters. "I've been on helicopters that took bullets, but luckily I was never injured," said B.J. "We flew so low to the rice fields we got shot at on a regular basis." That was the bad memory of the war. In this same military conflict he first saw a 356 Porsche on base, that belonged to one of the officers stationed there. It was love at first sight and the sleek German cars would become a lifelong passion.

When he returned to Greensboro after his stint in the war in 1964, B.J. visited Piedmont Motors in Winston Salem where he checked out their Porsches. In 1968 he made the plunge and bought a Tangerine 912 Coupe, the first of several Porsche's that he would own and race over the years. A couple years later B.J. sold the 912 and bought a Chianti Red 911T from salesman Reese Burris at AutoHaus in Charlotte, that used to be located on Independence Blvd [Hwy 74] and Idlewild Rd. which he still owns to this day!

Life was good for the bachelor who worked with electronic microscope equipment for Burlington and later Lorillard. The self confessed party boy was enjoying his footloose and fancy free lifestyle and the car that went with it, until he met his future wife, Ann. Back then "Cars wore bras and women didn't," he chuckles. B.J. credits Reese Burris for introducing him and Ann at AutoHaus in Charlotte in 1974, Ann wanted a smaller sportier car to replace her gas guzzling Oldsmobile during the 1973 gas crisis, and bought a 914 2.0, which she later raced and concoursed from 1974 to 1982. In 1977 B.J. and Ann became newlyweds and drove across the country for their honeymoon to attend the San Diego PCA parade.

In 1978, B.J. and Ann bought a Caribe Blue 5-speed. 928, with the famed blue Pascha-Ops-Art interior. This car today still only has 22 thousand miles on the clock, is completely original, and has the very coveted license plate "Porsha" which many of other club members have wanted over the years B.J. claims. Both cars are pampered and still reside in B.J.'s climate controlled garage.

The adrenalin rush appealed to B.J. who got in the PCA's local autocross racing and held many record's for several years. He help organize and run the "Buck Horn Hillclimb" in '75, '76, '77, '79, '80, '81, '82, '83, at Paris Mountain state park, located outside of Greenville, South Carolina. Back then he say's it was run on a pea gravel surface, making for many mishaps and off road excursions. Certainly not "politically correct" by today's standards!. B.J. also raced (and help organize) the Porsche - Corvette Challenge, first held at Charlotte Motor Speedway in 1974, and continuing thru '75, '76, '77, '80, '81, '82, '83 and '84. Back in the day he said it was quite a rivalry, with the Porsche's usually winning. "We would always get them in the slalom section," he states. Another funny part of the story, was that once when doing a film interview with one of the 'Vette

guys and PCA member Richard Lane, the 'Vette driver talking about their club logo t shirts, stated it was cheaper to buy them "by the bunch" in his Southern drawl! LOL

B.J. was also big on attending many PCA parades over the years including Boston 1970 [his first], Sun Valley, Idaho in '71, '73 Monterey Ca., Pocono in '74, and San Diego in '77, sometimes making the long drive with other Carolinas Region members. In '71, 5 911's made the drive to Sun Valley together. B.J. says the love of Porsche's and the sport got him involved in the PCA Carolinas region, he said back in the day, "sometimes we had to pass around the hat at our meetings to collect money for postage so we could mail issues of Tobacco Roads".

With his film and photography, B.J. also got involved in filming much of the Autocross and Drivers events in the area. "Most of the filming was done on 8mm with the camera mounted on the

back window, sometimes we tried mounting the camera on the front of the car's suspension. That didn't work to well, we ended up losing a camera that way, at Buck Horn Hillclimb," B.J. states. The good thing is that B.J. has managed to save many reels containing thousands of feet of Carolinas PCA racing footage from the 60's, 70's, and 80's - and is willing to share this with the fellow enthusiast's in the region, hopefully we will soon convert this footage to DVD ,so we can enjoy.

The thrill seeker still likes to feel the rush of adrenalin and gets his kicks with sky diving and scuba diving. For more laid back R&R, he travels with Ann to tropic locations and local spots where they can ride bikes and take cruise vacations. The busy man also finds time to play keyboards in the 3 Quarter Time band that plays for local events. "I love life - period, and I can't wrap my head around the idea of boredom," smiled B.J.

## Carolinas Region Car of the Month: “The Hidden Jewel”

Submitted by Serge Ayache

*This month begins a new ongoing series called Car of The Month. Members interested in having their car featured are asked to submit photos and a short write-up to the TR Editor for consideration.*

As a student of Porsche history, I have been aware of a model unknown by even some Porsche dealers and enthusiasts, a 1994 Porsche 911 Carrera 4 Widebody, one of the last 964 series. This car was distributed only in the US and Canada in numbers lower than the RS America, lower than the Roadster and even lower than the 30th Anniversary model distributed in Europe as a Limited Edition. Only 267 were made for the American market.

What besides the rarity attracted me to this car? The state of this car was flawless; it was a low mileage 16-year-old model with the original headlights and front fenders, the next to last with an air-cooled engine. The right color, white, like all Porsches dedicated to racing, it has a long, long list of options, some issued by the Exclusive department like the console with the telephone, the full supple leather interior, and the embossed shield on the seats. I managed to have all the books, keys and the window sticker. A clean Carfax was attached to it, too.

In addition to good looks, there are great sensations when driving it. It's a small car; you are not lost inside it; you are a part of it. The seats are very good. You can feel the engine, not only listen to it. You have to apply some strength to change gears; the clutch is not the easy one. Contrary to what a lot of people think, it is not a show-off car; it is a car for a selfish driver who must work a bit for the pleasure of driving it.

Only two special aftermarket pieces of equipment were installed: a part of the exhaust (Tube Cup) and the suspension (H&R). I have the original suspension and will get on the market for the original exhaust. When I find the radio and CD device, I will have all the original parts to put this car back to the day she left the plant in Zuffenhausen.

First delivered in Charlotte, sold in Philadelphia by Al Holbert, and now back home in NC, this car is rare. My wife and I will take care of it as if it were a real jewel, not only for value but because it is a rare piece of history for this brand we all like. We will have tons of pleasant days driving around alone or with friends of the PCA.

The Largest Annual Carolinas Region PCA Gathering – Multi-event Weekend

# You're Invited!

Join Porsche enthusiasts from all over the southeast in Charlotte. We'll have lots of fun, social time together, plus exciting Porsche competition that includes an Autocross, Concours, and a Fun Rally. Or you can just relax, unwind and chat with new or old friends.

## Top Ten reasons why everyone should attend Sommerfest 2011!

10. **It's in Charlotte this year.** A new venue right in the center of our region, full of interesting things to do, places to see, great food, and fun people to meet.
9. **Awesome Hotel & Location** – The Renaissance Charlotte SouthPark is a Boutique hotel featuring contemporary style and Southern charm surrounded by upscale restaurants. Just steps from Piedmont Row and the prestigious SouthPark Mall where world-class shopping awaits.
8. **Did someone say shopping?** SouthPark Mall is one of the largest shopping malls in the region. Anchored by Nordstrom, Dillard's, Macy's and Neiman Marcus, SouthPark offers stores ranging from luxury fashion such as Burberry and Louis Vuitton to casual staples such as J. Crew and Tommy Bahama.
7. **A town full of history** – Charlotte has a rich American history steeped in the discovery of gold and the pride of the Scots-Irish settlers. The Queen City was founded in 1769 and named for Queen Charlotte, wife of King George III of England.
6. **A great sponsor!** – **Foreign Cars Italia**, located in Greensboro and with a location also in Charlotte, will have awesome cars and merchandise on-hand.
5. **Interesting club events and activities** – We'll have a car show and fun rally – with an awards banquet on-site Saturday. The autocross follows on Sunday. All events are optional – so you can customize your experience to get the most out of the weekend!
4. **The fun rally** is full of twists & turns, and some great roads, too! See how observant you are and have some fun as we get out of the city for a lovely drive to find some hidden gems!
3. **Autocross at Charlotte Knights Stadium**, a fast and challenging course with lot's of stiff competition. (Note: although the autocross is part of Sommerfest, the autocross registration and payment will be handled separately at: [http://clubregistration.net/driver/event\\_sign\\_up.cfm?event\\_id=3571](http://clubregistration.net/driver/event_sign_up.cfm?event_id=3571))
2. **A Concours** at a fantastic venue on Congress Street – which will be closed exclusively for our event.
1. **Meet Great People!** Support the Club and the Region, reconnect with old friends and meet new ones. The venue offers a perfect opportunity to have fun and enjoy those with similar interests.

For registration and hotel information see the registration form in this issue of Tobacco Roads, on our Carolinas PCA website, or go to ClubRegistration.net. 11. **Will there be multiple Concours classes at 'In Den Bergen' this year?** YES, depending on registrations, we anticipate 4 or 6 classes of cars for the People's Choice Concours. We are budgeting for first and second place awards for winners in each class in addition to an overall People's Choice award. We do not have the classes finalized as of yet - this will depend on the model and year of Porsches entered in the In Den Bergen People's Choice Concours.
12. **Why two cutoff dates for 'In Den Bergen'?** For those that need overnight accommodations, reservations for the hotel are to be made separate from the event registration. The 4 week cutoff on reduced room/group rates for our block of rooms at the Waynesville Inn Golf Resort and Spa is 7/22/11. The event registration deadline is 8/5/11 to provide time for adequate event planning.
13. **What is the 'In Den Bergen 2011' event cancellation policy?** Cancellations made prior to August 5, 2011 (14 days prior to event) will be refunded. NO refund will be made for cancellations performed after August 5. This is necessary to cover the commitments made by the Carolinas PCA.

# Area Updates: May 2010

## Hickory Area By Vincent & Vallie Piccirelli

Greetings to all, from Hickory!

We had a great meeting with 27 in attendance at our new location at DA Vinci's Italian Restaurant. The place was packed as we had the Goodie store. Sadie was in her element with some new products and a lot of purchases.

We had a great time at the Tech Session raising \$230 for charity.

We had 35 to 40 members in attendance. Black Forest had 6 of their staff available to work on cars and 5 lifts! Projects included oil changes, Brake fluid flush, Tech Inspections, brake pad changes, you get the idea, all with no charge!

If you have never participated in this before we have a few more scheduled.

In addition to mechanical repairs we had guest representatives in, G.A.S Racing Inc. Shawn Marrow, to discuss oil issues for older model cars and the Penn Grade 1 High performance oil line and a demonstration of the "Chrome It" Super Polish by Mike Vernon and saw how well it also works on Aluminum.

We had 9 wine enthusiasts in 5 cars on the Spring Wine Tour, visiting Raffaldini and Laurel Gray wineries. Thanks to Michael and Jane Vittorio. We passed the humble home of Junior Johnson. Yes we had rain & wind but it cleared in the afternoon to be a beautiful windy day.

Our next Tech Session, at Black Forest Garage, will be June 26th.

The new Porsche showroom at Porsche of Hickory is scheduled to have its Grand Opening May 5th and all are invited.

And we have a Drive & Dine scheduled for May 21st at PO's BBQ.

Ciao!

- Vincent & Vallie Piccirelli

## Metrolina Area By Don Morris

Our monthly meeting is at Maggiano's Restaurant in South Park Mall. The meeting officially starts at 7PM, but some hearty souls arrive at 6:30 for liquid libations at the bar. Last month we had 24 folks who enjoyed a presentation from Draco Performance. They are a new 15000 sq ft shop in Mooresville. They do maintenance and repair as well as race car tuning and performance enhancements and preparation. They also do driving instruction and at the track transportation and support for race and DE events.

We had a very well attended autocross March 20 at Charlotte Knights Stadium that is sponsored by Hendrick Porsche, where we used our new timing and scoring equipment. Sean and Cari did a great job during the day of getting all the cars through the course. Lots of smiles on faces by the end of the day.

The Food Lion Auto Fair at the Charlotte Motor Speedway was a great success again thanks to Mike and Mike's work. We were parked in the grass on a beautiful day with lots of great Porsches.

Several Metrolina members went to our first Drivers Ed at the NCCAR track near Rocky Mount. It was a very nice weekend where everyone seemed to have a good time. Can't wait till next time.

Keep the sunny side up.

## Mountain Area By David Butler

The Mountain Area April 2 meeting was hosted by Deal Motorcars of Asheville with 20 members attending. After introductions, the Area Director reviewed some of the upcoming activities in the region, e.g. April 10 Food Lion Spring Auto Fair, provided a brief status of 'In Den Bergen 2011' scheduled on August 19-21, and reminded members to check the Regional calendar for other events. Also, we discussed the new Tobacco Roads Car of the Month feature and requested submissions to the TR Editor. In addition, now that spring finally seems to have arrived in the mountain area we discussed planned driving events for our next two meetings; Little Switzerland drive on May 7, and on June 4 the rescheduled drive through the Smokey Mountains to Pigeon Forge, TN to be led by Beth and Al Aldecoa.

Porsche/Audi VW Sales Manager Charlie Schieren was introduced and provided a brief overview of what's new and upcoming from Porsche, and invited members to view the cool cars currently on the Deal showroom floor; white/black Carrera GTS coupe, black/black Carrera C4S coupe and grey/sand Carrera Cabriolet were available. Charlie then led the group to the service area for the planned technical session; replacement of disc brake pads and rotors on Tim Riddle's 1999 Boxster.

Charlie introduced members to Service Technician - James Bugg. James provided a general overview of the Porsche braking system. Bembro designs Porsche brakes, e.g. calipers, etc., and the emergency brake is inside of the rotor (right and left) and functions like a drum brake. Porsche disc pads surface is 11 mm thick and the wear indicator light comes on when the pads thickness is down to 3 mm and should be replaced. James removed the pads, used a spreader tool to release the caliper pistons (slowly as the fluid pressure is pushed back into the reservoir), removed the caliper, and removed two screws that hold the rotor in place before removing the rotor. James installed the new rotor, attached the caliper (torque the bolts to 63 ft lbs) and installed the new pads including new clamps and pins. The procedure was repeated on the alternate side.

I asked James what the primary concern we should have with brakes. He answered that wear is biggest concern. The braking system should be maintained with fluid changed at proper intervals and most importantly pads replaced when the wear indicator comes on at 3mm. Bad things may happen once pads reach 2mm, including separating and possibly damaging the calipers, which is expensive to repair. James answered many questions during the demonstration, e.g. two screws holding rotors in place are not torqued, Run-Out is checked if vibration issue is reported at check-in, brake fluid is typically checked when replacing pads but fluid replacement or bleeding is not required with pad/rotor replacement, etc.

Members expressed appreciation to Charlie for hosting our meeting and to James for performing the technical overview. Deal Motorcars of Asheville is located at 621 Brevard Road, Asheville, NC 28808.

Our next meeting will be held on May 7, 2011 at Deal Motorcars, 621 Brevard Rd., Asheville, NC 28806, at 10:00 a.m. After a short business meeting, Bob

## Passed but *not forgotten*

In Loving Memory of  
Matt Drendel (1975-2010)

2010 marked the second year of business for Heritage Motorwerks. What started out as an exciting and promising year ended with a numbing devastation. On November 24th, we prematurely lost our good friend and founder, Matthew Drendel.

Matt spearheaded Heritage Motorwerks and gave fellow Porsche enthusiasts a dealership alternative for quality service and maintenance with a special appreciation for detail. This recipe has proven very successful, and the Drendel family has decided to honor their son, husband, father and friend by continuing to stand behind the business of Heritage Motorwerks.

The irreplaceable loss of Matt Drendel has sadly put us down one man, but rest assured, Heritage Motorwerks is far from being out.

## Sun Fun Area By Sandy Shirley

It's that time again. The SunFun Area will again host the Pine Island Charity Concours to benefit Camp Kemo. Carolinas Region will match up to \$500 so the more cars that register, the more money we can donate. Stephen Brown will be our Chef and Karl Sease will be taking care of registration and door prizes. Please come out and join us. We are also lucky enough to have Andy Helfer host our May meeting and present his car collection. A few examples of what he will have on display, two of Arlen Vanke's race cars, 1968 Cuda and a 1971 Duster. There will also be a 1999 Shelby Series 1 and a 1967 Mustang "Eleanor" from the movie "Gone in 60 seconds." We will be cooking out so come hang out with us.

- Sandy

## **Triad Area** By Jerry Kilcrease

The Triad Area held its April 19th meeting at Big Shotz Tavern in Clemmons and we had 56 members and guests in attendance. The meeting room was packed as we welcomed the second largest group of attendees on record. We were especially pleased to welcome new comers John Holloway, Bill Cox, Jim Henderson, Jerry Cook, Steve Whitcomb, Jim Manning and Deree Plummer. The group joined in to sign Happy Birthday to Sue Ayache and Jan Walker and they were awarded with a free birthday desert. After we started the business meeting session and discussed upcoming club events, we introduced Jon Saylor who gave the group an overview of the Appalachian Moonshine Rally to be held on May 7th. Chris Sneed of Sneed Speed Shop shared some fun experiences while Enduro racing at Road Atlanta. Ron Reed posted current photographs of the Carolinas Region Autocross Event #2 on the overhead screen and Sadie had the Goodie Store set up. Thanks to all for attending. (add photos as space permits)

### **Past Triad Area Hosted Events:**

The Triad Area hosted the Carolinas Region Autocross Series Event #2 on Sunday, April 17th at Wake Forest University in Winston Salem, NC. It was a nice sunny day, and we had 38 PCA members and guest participate in the event. It was our first time at the Blue lot and since it is much larger lot than we used in the past, Walter Stone our Autocross Chairman was able to lay out a very interesting course with more options and challenges for the drivers. Sean Steinbrueck has worked hard to improve the autocross timing procedures and with some updated equipment we are now able to have two cars on the course simultaneously. This makes the event run much smoother and reduces the time it takes to have an event and one of the end results is that everyone is able to head for home a little earlier. While final results of the event are posted on the Carolinas Region website, class winners were Will Balance (P01); John Brindle (P02); Wayne Capwell (P03); Tom Morgan (P04); Dave Marks (P05); Sean Steinbrueck (P06); Paul Pena (P07); Alex McNabb (P08); Chris Porter (M02) and Simon Hallberg (non-Porsche). Thanks again to all the volunteers that were on hand to help with setting up, manning the various work stations

## **Girls In Porsche Article**

**(write up by Sadie Kilcrease)**

TRIAD AREA GIP (Girls in Porsches) – Our April 7 meeting was held at Firebirds Wood Fire Grill. Attending for the first time was Kathy Boehm from Wilkesboro. Kathy drew the lucky number for our "Split the Pot" and for the second time in a row Peg Simm won the pot. Our next meeting is scheduled for May 5 at Mimi's located at Friendly Center in Greensboro. We will start with brunch at 9:30. Mark your calendar and come out for fun, food and fellowship. Hope to see you there.

during the event and packing up the equipment at the end of the day. If you did not make it to this event, circle June 14th on your calendar as the next autocross will be held during the Carolinas Region "Sommerfest" in Charlotte. (add photos as space permits)

### **Triad Area 2011 Events Agenda:**

May 7th, 2011 (Saturday) – Appalachian Moonshine Rally- The Triad Area PCA will join up with other sports car clubs for the annual Appalachian Moonshine Rally. If you would like to join us for this event, the plan is for all of us PCAer's to meet at 9AM Saturday morning on May 7th at Big Shotz Tavern in Clemmons, NC and caravan to Elkin and join the rest of the group. There is no entry fee but you can make an onsite charity donation to the Lupus Research Foundation. The first car to start the rally will be off at 11:30am with the finish at Round Peak Vineyards. If you have any questions, please contact Jerry Kilcrease at [jkilcrease@triad.rr.com](mailto:jkilcrease@triad.rr.com).

May 21, 2011 (Saturday) – Porsche Corral- The Triad Area PCA will join up with the American Children's Home located in Lexington, NC for their annual Car, Truck and Motorcycle Show. This is the Triad Area's major charity event of the year so please come out and support us and join in on the fun. For registration and event details see page (add).

August- (date TBD) – Triad Area Annual Swap Meet hosted will be hosted this year by RennGruppe Motor Sports in Lexington, NC. (details later)

October 22nd (Saturday) - Oktoberfest- Hosted by Foreign Cars Porsche in Greensboro, NC. We plan to have our annual Shine and Show event for charity and also host a Carolinas Region Autocross Series event. (Details later)

December 6th, 2011 (Tuesday) - Triad Area PCA Christmas Party (Details later)

### **Next Triad Area Monthly Meeting:**

TUESDAY, MAY 17TH, AT BIG SHOTZ TAVERN IN CLEMMONS – The meeting will start at 7pm, we will have a short business meeting, a guest speaker (if one is scheduled), then dinner and fellowship. Sadie will be there with the Carolinas Region Goodie Store and Ron Reed will provide photographs of current PCA events. So circle your calendar and please come join us for fun and fellowship. Contact Jerry Kilcrease at [jkilcrease@triad.rr.com](mailto:jkilcrease@triad.rr.com) if you have any questions or comments.

## Triangle Area By Bob Kim

I would like to start by welcoming our newest members to the Triangle Area:

- Ken and Stephanie Rowe of Durham, NC (Blue Cayman S)
- Chris Rogers of Cary, NC (Silver 996 Cabriolet)

We had a great meeting on Saturday, April 16th in spite of the rain and gusty winds. We had 8 attendees, and the mix of Porsches at the event was diverse. Thank you to the 8 people who came to the meeting. As you can see from the photos, we were fortunate to see Young Kim's 944S2 Cabriolet again – a beautiful example of a Porsche you don't see very often.

At the meeting, we talked about organizing a group of our members to attend these upcoming events:

- May 13-15 Bosch Engineering Rolex Grand Am at VIR (<http://www.virnow.com/events>)
- Triangle Area Family Trip to the Homestead Resort in Hot Springs, VA (Date TBD)
- Porsche Parade in Savannah, July 31 – August 6th (<http://parade2011.pca.org/>)

We had originally planned to have the Homestead trip on June 11-12. However, that date conflicts with the Carolinas Region Sommerfest – June 10-12. Therefore, I'll announce a new date for the Homestead Trip and plan a group trip to Sommerfest in Charlotte instead. For many of us who are autocross fans, Carolinas Region is having an event at Charlotte Knights stadium that weekend in conjunction with Sommerfest. I hope many of our Triangle area members will participate – I drove in the last event of the season at that location, and it was an outstanding experience.

Also, our June monthly meeting date will include a group trip to Sommerfest in Charlotte, for those who are available. I anticipate getting a group together for coffee early on Saturday morning, June 11, and then driving to Charlotte together – arrival time around 10am. The drive should take us approximately 2-1/2 hours in each direction, unless we take the back roads.

I look forward to seeing everyone at our May 14th meeting. It starts at 9:30 am and ends by 11:30. Here are some of the activities anticipated for that meeting:

- Door prizes from the Goodie Store
- Detailing workshop on leather care
- Members' Cars Portrait Day

Please remember to check at least one of our four sources for updated Triangle Area information:

1. Facebook page – search for Triangle PCA and send us a friend request; or you can send me an e-mail at [triangle-ad@carolinas-pca.com](mailto:triangle-ad@carolinas-pca.com)
2. Wordpress Blog - <http://trianglearea.wordpress.com/>
3. E-Mail - If you haven't received an e-mail from me in the last 4 weeks, please send me an e-mail to let me know at [triangle-ad@carolinas-pca.com](mailto:triangle-ad@carolinas-pca.com).
4. Call me or text me on my cell phone anytime at (919) 816-6117. I'm not easy to reach, but let me know that you're a PCA member and I will make the time to call you.

See you soon!

## Upstate Area By John Budinich

### April Area Meeting

Our monthly area meeting was held on Monday, April 4th at Quaker Steak & Lube in Greenville. We had a very good turnout of 35 people.

Tim Ziegenfus shared some very interesting in-car videos he had taken at the Barber Motorsports Park DE event on March 6th and the Road Atlanta Club Races on March 25th through March 27th. Thanks to Tim for taking the time to put the video on DVD and for sharing it with the group.

Final plans were made for the upcoming Blockhouse Steeple Chase scheduled for April 23rd. It appears that we will have 30 members attending and we look forward to their report at the May meeting.

We finalized the date for the first Upstate Area "Drive and Dine" event of the year. It will take place on Saturday, May 21st. As soon as the route is finalized I will send an email out to the members detailing the event and asking for RSVPs to gauge interest and to plan lunch reservations.

We talked about the inaugural "Cars and Coffee of the Upstate" event, which takes place on the fourth Saturday of the month (weather permitting) at the North Hills Shopping Center behind Starbucks and Liquid Highway. This event provides for an informal gathering of car enthusiasts from around the Upstate to have some coffee, talk about cars and view each other's rides. The event was to take place on March 26th but we postponed it due to rain. To show how ready the Upstate is for this type of event, we still had 20 cars show up in the rain and the group stayed and talked for about an hour and a half. The rescheduled, "official" kick-off event took place on Saturday, April 2nd. The weather was sunny and cool

and just over 60 cars turned out. The event lasted from 8:00 am to about 10:45 am and most of the attendees said they would be making this a regular event on their calendar. I also heard from about 15 others that said they wanted to attend but had a conflict on the 2nd. I am hoping for an even bigger turnout at the event on April 23rd. I set up a Facebook page that you can follow, Cars & Coffee of the Upstate, for posting information and pictures.

#### Upcoming events:

- Saturday, May 7, Pine Island Concours, Columbia, SC, Hosted by Sun Fun Area
- Saturday & Sunday, May 14 & 15, Driver's Ed @ Carolina Motorsports Park, Kershaw, SC
- Saturday, May 21, Upstate Area Drive & Dine (Route details TBD at press time)
- Saturday, May 28, Cars & Coffee of the Upstate, North Hills Shopping Center
- Friday through Sunday, June 10 - 12, Sommerfest, Charlotte, NC
- Monday & Tuesday, June 18 & 19, Hurricane Region Driver's Ed @ VIR, Alton, VA, North Course
- Saturday, June 25, Cars & Coffee of the Upstate, North Hills Shopping Center
- Saturday, July 23, 1pm till, Annual Carolinas Region Hawaiian BBQ and Pool Party @ Gene & Paula Kendrick's house, Spartanburg, SC

#### Upcoming Upstate Area meetings:

Monday, May 2 at 6:30 pm at Quaker Steak & Lube (Joe Poole - Alloy Wheel Repair presentation)

Monday, June 6 at 6:30 pm at Porsche of Greenville (To Be Confirmed)

Monday, July 4 at 6:30 pm at Quaker Steak & Lube (To Be Confirmed due to holiday)

I would ask the members to keep the ideas, suggestions and feedback coming to [upstate-ad@carolinas-pca.com](mailto:upstate-ad@carolinas-pca.com) as they can only help to improve our meetings and activities throughout the year.

- John

# Hurricane Region DE VIR South Course, June 18-19

The Hurricane Region, Porsche Club of America, will conduct a Master Driver high performance driver education event in conjunction with Twelfth Annual "VIR Governor's Cup" at the Virginia International Raceway south course on June 18-19, 2011.

Highlights of the two day event will be a well structured learning experience featuring sports car legends, David Murry and Peter Krause. As Chief Instructor for the event, David Murry's instruction will feature:

- Dynamic interactive class room instruction
- Video analysis of selected participants' driving
- At-the-corner instruction during race/active track
- In-car instruction by David Murry with selected drivers
- Tips and discussion with David Murry and Peter Krause

Participants will also enjoy watching the Twelfth Annual "VIR Governor's Cup" the revival of the famous "President's Cup®" races, held at VIR in the late '50s and early '60s. It's not unusual to see a few Ferraris and Maseratis from the late '50s and early '60s to spindly, quick Formula Fords from the late '70s on this weekend. This year, the event will be held on the 1.65-mile South Course, the same used by professional schools Skip Barber Racing and Bertil Roos. About 85% of the track action can be seen from the mostly paved paddock.

Planned are four race groups accommodating different participant car eras and levels of preparation. Two practice sessions will be followed by a race on Saturday; and one practice

session will be followed by two races on Sunday. The first group is comprised of Pre-War and Preservation class cars, those '50s cars unmodified and still suitable for road use. The second group is Vintage Small Bore cars, consisting mostly of modified production-based cars less than 91 cubic inches in displacement. The third group is Medium/Big Bore, including some V-8 cars and Porsche 911's and 914's from the '60s and '70s. The fourth group is for the purpose built Formula/Sports Racer class cars.

This DE and race is a must attend event if you are serious about honing your driving skills and enjoy watching vintage cars race and mingling with the drivers off track. Registration is extremely limited since the DE event will share track with the VIR Governor's Cup. Cost of the two day event is \$300 for all driving registrants.

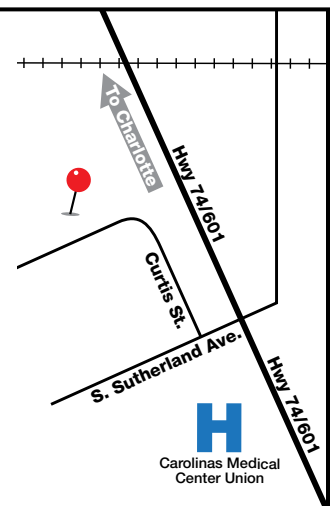

*Participation is available for all experienced solo drivers and HPDE instructors. Drivers who are not currently senior advanced solo or PCA instructors need to submit the last four DE events stating the track, dates, event sponsor, and driving class (e.g. VIR, Jan 22-23, Bluegrass Region PCA, 2010; White solo; Road Atlanta, June 11-12, 2010, Darkside, Level 4; etc.) when registering.*

Hurricane Region PCA volunteers are also welcome to attend the classroom instruction and observe the vintage races. Volunteers need to complete the volunteer registration form on the registration site. **Registration is available at [www.clubregistration.net](http://www.clubregistration.net) beginning March 8, 2011.**
