# From the Driver's Seat

Doug Smith, President

So far, so good this year. We held our first "big" autocross at the Z-Max Dragway facility and it went really well. It was the most fun I've had driving at an autocross and it was also one of the most challenging. The large, smooth expanse of asphalt was impressive with far fewer "fallen cones." And as a corner-worker, there were often 3 cars on track so it was even more fun as an infield spectator. A few weeks prior to the Z-Max event, we tested our new equipment at the region's first autocross clinic; a beginner focused event. We were greeted with so much enthusiasm, that I want to take a moment to share and reflect. Several people gave me feedback like: "Doug, you're doing a GREAT job with the region. I can't believe how many activities are going on and how much fun I'm having." I'm paraphrasing, but many sentiments were shared to that effect. I quickly realized that there's no way any one person can accept credit for the current state of the club. A great deal of credit goes to the past several presidents, area directors, committee chairs, and members who have nurtured and supported these programs for many, many years. These folks have been instrumental in building a steady and strong DE program, a rapidly growing autocross program and a long history of hosting events like Sommerfest, In Den Bergen, and Fall Tour. Don't forget to recognize them and share your feedback next time you run into them at a future venue.

Perhaps I've been overdoing all the "thank you notes" this year, but I really feel fortunate to be leading a club that is so strong and full of energy. As I read Manny Alban's column in Panorama

this month, I was reminded of the ongoing need to encourage members to get actively involved with the club. We have plenty to do and can use the help. For example, I received an email this past month from a member who requested more casual drives scheduled in their area – and I both understand and agree with his position. This is a perfect example where I need to stress that our club is made up of a volunteer workforce, and change often requires active involvement and the passion of members who wish to affect those changes. That being said, our club is open to all owners of the marque, and their families. We have strong resources; like a great national insurance policy, a strong financial position, and a lot of very active members. If you have ideas of your own or just want to pitch in, please let me know and we can discuss how you can get involved.

Sommerfest 2013 will be upon us as you receive this. It's VERY important to register in advance for this event, so I hope to see you there. We'll have a fantastic people's choice concours on Saturday, followed by the rally. On Sunday, we'll start with an autocross at a local airfield, and finish with a banquet that evening. I hope you don't miss it. But if you do, then please consider the other great events we'll be hosting this Summer like Porsches & Pontoons in July, and In Den Bergen in August.

## Is Your Checkbook More Balanced Than Your 401(k)?

Most brokers will tell you that investing in a 401(k) is an important way to save for retirement. What few bother to say is that it's not enough just to have a 401(k).

To get the most from your 401(k) when you retire, you have to actively manage it now. At Edward Jones, we'll work with you to help you understand your needs and goals. So your 401(k) can work for you, not the other way around.

## The Geologist turned Porsche Archeologist

"One of my favorite pastimes is the search and pursuit of vintage Porsche's, parts and tooling including 356's and particularly 1964 to '73 small bumper 911's", explains Dan Middleton owner of Touring Car in Stallings N.C. I have known and been a personal friend of Dan since 1991, and have been to many races and Porsche related events. And during this time, I've witnessed his auto business grow and flourish over 22 years. I approached him several months ago to share his Porsche story with the membership of the Carolina's Region.

"My dad was stationed in Germany, serving in the military in the 1950's, and was fortunate to have my mom with him there. They befriended another military couple who owned a 1952 split windshield Beetle, which they really liked. When they returned to New Jersey, dad bought a '58, Beetle for mom. It was black with coral red interior. Over the years, mom owned several more Beetles during my childhood. The one I was particularly fond of was a Bahama Blue '65 convertible, with 24k miles, which they sold when the family moved to Syracuse N.Y. It was sold mainly because it was so much more windy up there and driving a Beetle you had to really hang on to the steering wheel."

"When I was 11 or 12 years old I started tinkering and fixing cars. My dad was not very mechanically inclined, and always had a company car, so I worked on mom's Beetles. When I was 13, I was working after school at a ice packing plant, and bought a '64 Beetle, which had a bad clutch and rusty floor pans. I bought it for \$250.00, and after fixing the clutch and floors, our neighbor offered to buy it from me for \$900.00. So I made about \$600.00. This really sparked my interest in buying, fixing, and selling for

profit at a early age, and to me, a lot better than working at the ice plant!"

"In 1977, a guy I knew in Lake George N.Y. gave me a spirited ride in his '67 Irish green 912 along the twisty roads around the lake. The performance of that car really created an enthusiasm for the Porsche Marque. The family moved to Charlotte N.C. in 1981, and while attending UNCC, I continued buying, repairing and selling German cars to pay for school, especially a lot of BMW 2002's. I had a small garage in downtown Charlotte, were I kept them and did this part time. I graduated in 1985 with a B.S. degree in Geology, worked for the U.S Geological Survey, and also Lithium Corporation [LGA] during the summer in Bessemer City, as assistant mine Pit Geologist, while attending school."

"After I graduated, I worked for NICOR mineral ventures in North and South Carolina in gold mining, and spent a lot of time at the Brewer Mine in S.C. After a few years working for NICOR, they were bought, and I was offered a nice severance check. My passion was cars and I decided in the fall of 1988

to go full time into the car business. I incorporated, naming it Touring Car, located in Indian Trail N.C. on Smith Pond Rd., where I rented a 6000 sq. ft. facility. I started out with a business partner for the first 5 years, and the first 3 years were o.k., but the partnership became difficult, and I bought the partner out after 5 years, and continued the business at the same location for 2 more years. “

“In 1995 I had a opportunity to purchase my own facility thru a Federal Tax Lien Auction in the nearby town of Stallings N.C., a 5500 sq. ft. facility, which upon purchasing immediately adding an additional 1000 sq. ft. We have been located here in the same location for over 18 years now. “

“ In 2005 I decided to build a 18000 sq. ft. additional shop on an adjacent lot, that houses additional workshop and storage space, as well as space for lease.” Touring Car specializes in sales, service and high performance work on all German Marques. Dan personally enjoys a growing part of the business; restoring air cooled Porsche 356's, and small bumper '64 to '73 911's. Over the years, he has sold many restored cars; some going back to the Fatherland, Germany. This includes all aspects of restoration, total disassembly, panel and paint work done at an outside local shop. All mechanical restoration done at Touring Car includes engines, transmissions, suspension, brake and electrical repair, done to produce a turn-key vintage Porsche

of investment quality.

“Back in 1994, a lot of customers were doing DE events in the region, we had a '83 944, that a customer had abandoned here, so we decided to turn it into a race car and start doing a few DE events with it. The car we developed was very competitive in PCA racing events, in the I stock class. We designated Wednesday

nights after work as racecar prep night at the shop. After 3 season's, we sold the 944, but what resulted was a tradition of staying Wednesday nights with many of the local club members and enthusiast's and has become known as “Car Night.” It has grown to become very popular weekly event. Often we have spontaneous cook outs and great car-guy conversation.” Dan allows good customers to use the facility and lifts for minor maintenance and track inspections. Many of us look forward to Wednesday's “Car Night”, starting around 5:30 p.m. till about 9:30 p.m. It's always a good time!

Another big event each year is the annual Porsche/ BMW swap meet. About 5 years ago local PCA member John Meeks approached Dan about having a PCA/ BMWCCA swap meet. John was willing to do the organization as long as Dan was would provide the venue. This has become another popular event over the years, with the clubs providing coffee, donuts and lunch for everyone attending, and is held in late February each year.

Dan's favorite pastime is the pursuit of vintage Porsche's and related parts. He uses a broad network of people throughout the South East that connect him with hard to find car's, part's, literature and anything related. His uncanny ability of hunting, searching and finding vintage Porsche's and parts is unique. “ I also do a lot on my own. Lots of drives through

## GMP PORSCHE PERFORMANCE ECU Programming

ECU tuning is an art and having the ability to manipulate various different ECU's is something that only a handful of companies throughout the world can successfully perform. GMP Performance is proud to offer EVOMSit, one of the elite few that can successfully tune Bosch, Siemens, Campi / EFI Technology, Marelli, Delphi and select other ECU's in house; however this is only a piece of the equation.

Another critical aspect of ECU tuning is to possess complete hands on mechanical understanding of the latest generation high performance engines. This is the foundation of EVOMSit and there are no other US based aftermarket performance companies that have more experience and built more high HP engines than Evolution MotorSports has. They have practically reengineered the entire Porsche flat 6 engine manufacturing their own components that replace the OEM internals. Combining these two equally important facets of the engine tuning process clearly sets EVOMSit as a true leader in all aspects of engine tuning and development.

the south eastern countryside." Known as "free styling" to antique picker's , Dan applies this technique to old Porsche hunt.

I asked Dan to tell me about some unique stories about his "Porsche picking", so here are a couple ones:

About 8-10 years ago Dan found a 1970 911S coupe with matching numbers and factory sports seats at a defunct dealership in a small town in N.C. "I tried to keep a eye on it, but one day it was gone. The owner had sold it to a local body shop who claimed they were going to "wide body it", Dan was able to buy the car at a reasonable price before the body was cut. He got it running and then sold it to a well-known early 911S enthusiast in Florida.

There was a local Porsche mechanic in the Charlotte area who came upon hard times, who had a 1959 356A hardtop Cabriolet. Dan was able to obtain it a reasonable price. This 356 had extensive bottom rust, originally being from Ohio. Dan didn't have

a place to store it at the time, but with a call to Dave Miller at Copasetic Metals in China Grove, he had the car assessed. Dave said he could do the sheet metal work, but he had a 2 year backlog at the time. Dan pulled out a rather large amount of cash from his pocket, and Dave suddenly said "I'll make some phone calls and see if I can get the car in sooner." I was able to leave the 356 there that day, and picked it up 2 ½ years later, with all the metal work done, and although expensive, was extremely happy with Dave's work.

Currently Dan has several Porsche's undergoing restoration: 1) Finishing up a '66 Ruby Red/Black 912 coupe. 2) a '69 Polo Red/ Black coupe that just came into the shop. 3) a '73 911T matching numbers coupe Signal Yellow/Black . 4) '72 911S coupe Metallic Green/ Brown. 5) '73 911T Light Yellow/ Tan Sunroof Coupe. Nearing completion are a '74 911 coupe, Irish Green/Tan . , and a '74 911 coupe Lime Green/ Black interior. Yet another '74 coupe Dan is chasing , should be here in the next week or so.

For the 25 years that Touring Car has been in existence, it is now becoming more of a family business. Dan's son's are now old enough to become involved. Max now 20 years old recently completed the BMW ADP program, and is working part time at the shop while still going to college. Son Cole is 17 years old, and is also involved working at the shop in the summers, while still attending high school. Touring Car also has 3 full time mechanics; Duncan Reed the shop Foreman, BMW specialist Alex Lapina, and John White the vintage air-cooled specialist. Dan is also pretty much hands on, that is unless he is out on another archeological field trip, chasing an air cooled porsche somewhere in the Carolinas country side!

## Round #1 Z-Max

Sean Steinbrueck - Autocross Chair

April 6th, 2013

**PRESSURE** [presh-er] : Noun - the exertion of force upon a surface by an object.

What I was feeling leading up to this year's First Autocross event at Z-Max raceway was pressure.

Not only was the autocross committee accepting a large financial investment with "All New" Wireless timing equipment and software, but we were also committing to host 3 events at Z-Max raceway this season (which has a rental contract costing 600% more than any of our previous locations). So, this could either turn out great, or blow up in our face.

The goal was to get just enough drivers signed up to cover the cost of the location rental, while not sacrificing the experience and enjoyment of the event. If you have too many registered drivers, then everyone feels they are waiting around all day just to drive, often you have to cut back the amount of laps each driver gets.

That..... was not an option for me. I didn't want to sacrifice drivers' enjoyment and I didn't want to cut back on Laps.

Thankfully, we maxed out the event with 96 drivers pre-registered. Goal #1.... Completed.

Even better, registration showed over 25 "First Timers" signed up. That was terrific news and something we really focused on getting accomplished this year.

Goal #2 : Design a great course, that is fast yet safe and most everyone will enjoy.

With a course that was going to be well over 1.5 miles long, Andy, John, Cari and myself decided to set up the day before.

We arrived at Z-Max on Friday at 4:00 p.m. figuring it would only take us 2 hrs to setup. Well we didn't leave until 7:30. But, when we did leave, the 4 of us were pretty confident this was going to be a great course. Only Time would tell.

Goal #2.... Completed ???

Goal #3 : Successfully run an event at a larger venue with 200% more drivers than we have ever had, on a course that is nearly Three times longer and Three times bigger. Can you say, P-R-E-S-S-U-R-E.

When Cari and I pulled into Z-Max Saturday morning, we could tell this event was going to be different, as there were already 12-15 drivers who arrived before the two of us. That never happens. 30 minutes later nearly everyone else showed up ready to have some fun. All the Drivers got checked in, and did the course walk through. We had our Drivers meeting, and then it was "Game On." I'll be honest, before we started I was nervous that I designed the course to be too fast. However, I was pleasantly surprised when the first group of cars finished their runs without much incident. Everyone seemed to have bigger smiles on their face after each completed run.

No matter how much Zmax was touted as being the "Daytona of Autocross," I don't think any of us realized how awesome it was a going to be. Until we actually drove it.

The weather started a little cool in the morning, but by mid-afternoon, most everyone was wearing T-Shirts, and enjoying the beautiful Carolina Sun while hanging out, socializing in-between runs. Thankfully, with our new 3-heat format, there was plenty of time to do both drive, and relax.

By the end of the day, our drivers had completed nearly 600 laps. WOW. And we accomplished this just a little past 3:00.p.m. Sure, we had a few hiccups here and there, some user errors on the software. But it's a learning process. Overall everyone had a great time, and loved the Course. And It will only get better from here.

Goal #2 & Goal #3 COMPLETED!!!! Aaaahhh.....Pressure Relief Valve OPEN.

It is going to be a great season for the Carolina Region Autocross. Every location we have committed to this year is going to be BIG, FAST, and FUN for everyone, just like this event.

Hope you can join us at the next round.

Hi Porsche guys and ladies !

Recurring events:

Cars and Coffee at the Carolina Music Factory in Charlotte; parking lot is next to Mattie's Diner.

Usually gets going pretty early in these warm months, so think 8AM- noon range. First Saturday of the month.

Cars & Cappuccino Charlotte - temporarily on hold... stay tuned.

Shine and Show, now renamed Park, BS and Eat.. We will announce dates by separate email, as sometimes the weather cooperates and sometimes.... Not.

At the new SALSARITA's 8400-A Park Rd., Quail Corners Shopping Center, Charlotte. In the old BlockBuster space.

For the monthly meeting, we started our 50-50 drawing, and I think everyone really enjoyed that addition to our meeting and dinner. For those who wish to participate, bring cash to the meeting! Our April meeting on the north side, saw 19 of us get together for a great time.

Also:

05/18/13 All Day DE Event to 05/19/13, 20 Duck Thurmond Road, Dawsonville, GA 30534 (map) 3/18/2013 Registration open

Driver's Ed at Atlanta Motorsports Park. <http://www.atlantamotorsportspark.net> For more information contact Brian Powell, Track Committee Co-Chair

Sommerfest Registration is now open. This is a fun event, held this year in Greenville, SC.

Check the Carolinas-pca.com web site for detail and more events.

Drive it like it's a rental!

This month's meeting will be at Buffalo Wild Wings in Morrisville at 6:30 pm on Thursday, May 30. The Sandhills area has arranged a tech session with dC Automotive in Rocky Mount on June 1, starting at 11:00 am and of course Triangle area members are invited. In addition to the cars and coffee at McDonald's on the second Saturday of every month, there is another Porsche gathering at Jason's Deli off Brier Creek Parkway in Raleigh every Saturday except the first. I look forward to seeing everyone at the monthly meeting.

Sandhills area had a good dinner meeting on March 26 at Theo's in Pinehurst. Seventeen members attended and Larry Lassiter was MC of the program since I was on my cross country road trip. Marvin Waters and Marv Jennings presented an update on the Pinehurst Concours D'Elegance on May 4-5. 118 antique and classic cars have been selected to compete from over 200 applications. And, selections are being made for participants in Porsche vs. Corvette cars & coffee display on Saturday morning. We have eight Sandhills members in volunteer positions on the concours staff and several members from other PCA areas will join us to help out.

Bill Ainsley presented the program for our tech session on June 1 at dC Automotive in Rocky Mount. Triangle area and Hurricane region members have been invited to join us for the event that will start with a 2-hour back roads drive from Pinehurst to Rocky Mount. Bill also spoke about his fantastic experience at the CMP DE event in his new Cayman S.

Jack Sadler has been diligently working with me and Tammy Collins to clean up the area assignment data on the PCA national roster and develop a roster for Sandhills member use. Each member must give permission to be included on the roster, and most have done so.

Later this summer we are planning to have a group of Sandhills members attend the In Den Bergen event in Waynesville....certainly one of my favorite region events.

Next Sandhills dinner meeting is May 28th at Theo's in Pinehurst.

### Triad GIP (Girls In Porsche)

(By Sadie Kilcrease)

We would like to invite all the ladies of the Carolinas Region to join us for our monthly meeting. Meetings are always the first Thursday of the month. If you would like to be added to our email distribution list, please email me.

Tommie Lauer won our "Split the Pot" at our April 4 meeting held at the Chop House Mendenhall. Our next meeting is scheduled for Thursday, May 2. We will meet at The Old Fourth Street Filling Station located in Winston Salem. I understand this is a very unique and charming place retaining the genteel charm of the historic. We will meet at 11:30 AM. Mark your calendar and join us for fun, food, and fellowship. Hope to see you there.

Walker. We recognized Charles Massler for celebrating his 15th anniversary in PCA and Dave and Fran Lumpkin as they will be attending their 30th Porsche Parade in June. Ron Reed had current PCA event photographs showing on the overhead, including photographs from the RWR Tech Session held last Saturday. Sadie had the Goodie Store set up and Tanya and Emily sold tickets for the 50/50 split the pot. When the ticket was drawn for the 50/50 split the pot Jerry Kilcrease was the lucky winner. Thanks again to everyone for coming out and joining the Triad Area monthly meeting. We hope you will be able to join us again next month.

### PAST TRIAD AREA EVENTS

**SATURDAY - APRIL 13TH - TECHNICAL SESSION AND OPEN HOUSE - RWR RENNSPORT** - The Triad Area PCA hosted a tech session and open house at the RWR Rennsport facility located at 111 Sunrise Center Drive, in Thomasville, NC. We had 34 attend the event. David Brown held a discussion before lunch on the dynamic balancing of a race car and after lunch he discussed the evolution of the early 911 transmissions up to the synchro-shifts used in the newer Porsche race cars. We all enjoyed a free barbeque lunch as well as door prizes. Sadie was set up with the Carolinas Region Goodie Store. Thanks again to David and RWR Rennsport for sponsoring this event and to everyone who came out.

### UPCOMING TRIAD AREA HOSTED EVENTS:

**SATURDAY - MAY 18TH - PORSCHE CORRAL ANNUAL CHARITY EVENT** - The Triad Area PCA will host the 5th annual Porsche Corral Charity Event in conjunction with the American Children's Home 15th Annual Car, Truck and Motorcycle Show on the ACH campus located at 3844 NC Highway #8, Lexington, NC. This is our major charity event of the year where the Carolinas Region PCA matches our donation up to \$500 so the more Porsches that enter, the more money we can donate. Peg and Stan Simm will be heading up a silent auction with all proceeds going to

ACH so if you have items you would like to donate please contact them at [ssimm@triad.rr.com](mailto:ssimm@triad.rr.com). Entry fee for the Porsche Corral is \$20 per car so please make plans to come join us. If can't attend, your contribution will be appreciated. See registration form with complete details in this issue of Tobacco Roads.

**FRIDAY-SUNDAY, JUNE 14-16 - ROADS AND RAILS TOUR** - The Triad Area will host the 2nd annual "Roads and Rails Tour" Send a Kid to Camp Charity Event on June 14-16, 2013. Robert Van Camp is again the Chairman of the event and this year will be taking the group on a 4 hour round trip on the Great Smokey Mountains Railroad. This year Robert will have us travelling on the back roads of North Carolina's most scenic mountains and we will be staying at the Fontana Village Resort. Robert has made all arrangements for this event early in order to give all of us plenty of lead time to make plans. So those of you that made the trip last year please make plans to join us again. And for those that were not able to join us last year, we hope to see you this year. Registration form with details is located in this issue of Tobacco Roads

**SATURDAY - JULY 27TH - PORSCHE AND PONTOONS - REGIONAL EVENT** - The Porsches and Pontoons event will be hosted again this year by the Triad Area PCA at High Rock Lake located in Lexington, NC. Complete details along with registration information will be coming later.

**NEXT TRIAD AREA MONTHLY MEETING - :** The Triad Area will hold the next monthly meeting on May 21st at the River Ridge Tap House (this is the same location as Big Shotz Tavern). We start gathering around 6:30 to socialize with the short business meeting starting around 7pm. Serge Ayache is scheduled to be our guest speaker and we will have the 50/50 split the pot drawing, Ron will have current PCA events on the overhead and Sadie will have Goodie Store items on display. So make plans to come join us for fun and fellowship and meet other Porsche enthusiasts. ### In the Rearview:

The Mountain Area rocked the LaZoom Comedy Bus Tour in downtown Asheville on April 6th. The festivities began at Wicked Weed Brewery in their downstairs tasting room. Members drank local brewed beer and wine while sampling the delicious offerings from the kitchen. We "got on the bus Gus" at 4PM for our wild and crazy tour of the city. The tour was led by the hilarious Leicester Oteen, with appearances by Sister Saurkraut and the Montford Cockroach. As the bus wound its way through the streets of our fair city, Leicester shared hilarious stories and questionable urban history, much to the delight of the group. This monthly meeting will be remembered for years to come.

### In the Headlights:

Coming up in May on the 11th, we'll form up at Harmony Motors before hitting the road for a scenic drive through the back roads of Western North Carolina with a final destination in Sylva, NC. David Butler promises he has developed a drive to remember. We will visit Heinzelmännchen Brewery for a tasty tasting of their special craft beers, made in the German style. Dieter and Sheryl are special friends of the Mountain Area having provided the beer tasting at last year's "In Den Bergen". GOOD NEWS, they will join us again this year for a repeat performance! After doing the beer thing, we will head over to City Lights Cafe for lunch before everyone heads home by the route of their choosing. Should be a grand day!

PLEASE NOTE THE DATE AS IT IS NOT OUR USUAL "FIRST SATURDAY".

Due to the Sommerfest event over Memorial Day and a Board Meeting on June 1st, the Mountain Area will not meet up again until June 8th. We will be heading over to the Highlands Motor-

ing Festival in the gorgeous Highlands, NC. The Porsche 911 is the marquee car and there are sure to be some beauties. Several members of the Mountain Area have cars entered in the concours. This event has grown every year and is a feast for the eyes when it comes to "car candy". Put this one on your calendar and plan for an event filled with fabulous cars.

July plans are still in the works. Stay tuned.

### Down the Road:

"In Den Bergen" is coming up fast. Make sure you mark your calendars for August 9-11. Please see this TR for the first IDB 2013 flyer.

Coming in October, we will journey to Durham for the Ingram Collection. You must get your name on the list NOW. This trip is courtesy of Harmony Motors Asheville and Porsche Cars NA. Attendance is strictly limited. More details to follow.

Cheers and Don't Lift~

Hickory area had another good turnout with 20 in attendance.

In my last report I announced we are hosting the Fall tour this year. Michael and Jane Vittorio, White and Gail Iddings and Jim and Lisa Buchanan have put this together and here are some of the details: September 28th & 29th leaving from Hickory. We will drive "the snake" Rt 421 to Historic Abingdon VA. You can check out [www.abingdon.com](http://www.abingdon.com). Registration will be posted in the TR in the coming months but put the date on your calendar now. "Abingdon, founded in 1778, is in the beautiful Blue Ridge Highlands of Virginia. The quaint atmosphere of one of Virginia's most historic towns, with its tree-lined streets, charming nineteenth century homes, and brick sidewalks"... FYI we will be limited to 40 cars, due to hotel and dining accommodations.

Our 50/50 Charity generated \$100 with Vallie Piccirelli as the winner. \$50 is designated to go to the Corner table in Newton. Together with the \$190 raised at Exclusive MotorWerks and the PCA matching funds, we will give \$480 to the Corner Table!

We are having discussion about changing our meeting time and place. It was brought up to meet on Saturday mornings and go for an optional drive.

We are talking to people and want to be careful about this, so as to not exclude people who regularly come during the week as well as not conflict with other events.

Notice: The Tech Sessions for June 29th was cancelled but mark your calendars for Sept 21st. and October 19th at Exclusive MotorWerks, in Denver.

Here are other events being planned or participated in, please feel free to join us:

July 26 Symphony on the Lake @ Chetola, Blowing Rock. Please check out <http://www.symphonybythelake.com/> for more details.

We plan to meet there and have parking set aside for 30 cars, for \$5 each. We are working on the details at this time. Also working on Beat the Heat drive, in August.

September 14-15 Hickory Museum of Art Show/Rally SALT Block, in Hickory.

September 21-Tech Session @ Exclusive MotorWerks in Denver 10:00AM

October 19 Tech Session @ Exclusive MotorWerks in Denver 10:00AM

10 PCA members arrive by boat aboard Gene & Paula Kendrick's "Kindred Spirit II". Look for a full report of the event in the June issue of Tobacco Roads.

Plans are in place for Sommerfest 2013 to be held in the Upstate Area on Memorial Day weekend, May 24 to 26. The event will consist of a concours and rally on Saturday and an autocross and banquet on Sunday. The host hotel is the Embassy Suites in Greenville and the autocross will be held on one of the runways at Donaldson Center Airport in Greenville. We want to welcome Porsche of Greenville as the title sponsor for this signature event. A Region-wide announcement has been distributed and you can find details and registration information elsewhere in Tobacco Roads and on the Carolinas PCA website. We are looking forward to a great event and the chance to show what the Upstate Area has to offer to members from across the Carolinas Region.

We are now entering the busy time of year with events of all kinds scheduled throughout the Spring & Summer seasons. I urge you to check the event calendar elsewhere in this issue and on our website. I am sure you will be able to find many events to fit your taste and your calendar. Enjoy the great weather and your Porsche driving experiences.

Monthly meeting attendance remains stable, as we had 44 people in attendance in April. The Quaker Steak & Lube parking lot looked really good with about 28 Porsches in the reserved parking area. We had a number of new members in attendance and we are all looking forward to the many Porsche related events scheduled for the spring.

The joint Antique Wooden Boat / Porsche Club show was held on April 13th. The weather was fantastic, sunny and mid 70's, and all who participated said they had a great time. We had 34 Porsches in attendance and the sight of those Porsches parading through Hartwell, GA to the marina with a police escort was impressive. Carolinas & Peachstate members drove from Newnan, GA (south of Atlanta), Clemmons, NC (outside Winston-Salem), Galax, VA and numerous points in between. There were 40 antique wooden boats on display and a number of owners gave rides on the lake to PCA Members and spectators alike. We even had a group of

## 2013

**May 24-27**

**Embassy Suites Greenville, SC**

**\$99 a night plus taxes**

### Event Registration

**\$160/couple; \$80/single**

**Banquet Only \$50**

**Autocross Only \$45**

**\$50 for additional banquet attendees**

(Full registration entitles registrant(s) to optional participation in all events, including autocross, concours, rally, and banquet.)

The Carolinas Region Signature Multi-event weekend, Sommerfest 2013, will be held in Upstate SC at the Embassy Suites in Greenville over Memorial Day weekend, May 24-27. This is a very special 3-day weekend event that has been sold out on several past occasions. It combines the right amount of competitive challenge with relaxed social engagements, and everything is purely optional - so it can be a lot of fun for the whole family. We've negotiated a rate of \$99 a night plus tax that includes secure parking, a hosted happy hour and breakfast each day. The event will kick off on Friday night with check-in at the hospitality suite where you can pick up a goodie bag and catch up with friends. Saturday morning the events start with clean cars lining up for the judged Concours d'Elegance adjacent to the hotel. Saturday afternoon there will be a fun filled Gimmick Rally through the Blue Ridge mountains. That evening you are free to take a shuttle or drive into downtown Greenville for a bite to eat with fellow Porsche friends. The final competitive event of the weekend is the Autocross which will take place Sunday morning on the runway at Donaldson Airport. The weekend will conclude that evening with the awards and closing banquet held at the hotel. Mark your calendars now and look for an email regarding registration at clubregistration.net coming soon. For additional details, contact one of the event co-chairs: Alex Galloway: alex986s@yahoo.com, and Rick Mastracci: rfmastracci@yahoo.com.

### Guidelines for Carolinas Region Classified Ad Submissions

- 1) All ads should be submitted to Ed Beroset, Classified Ad Coordinator, at:  
[classifieds@carolinas-pca.com](mailto:classifieds@carolinas-pca.com)  
602 Stonehill Rd  
Chapel Hill, NC 27516-9526  
Home: 919-942-3838
- 2) All ads will be posted to both Tobacco Roads and to the Regional Website unless otherwise directed.
- 3) You must provide your current PCA membership number when submitting a classified ad.
- 4) No posting of ads for friends. Immediate family is ok.
- 5) No commercial ads. All commercial ads must be purchased. Contact TR Editor for pricing.
- 6) **Ads will run for two months.** If the item is not sold within that time frame the seller will need to contact the Classified Ad Coordinator at [classifieds@carolinas-pca.com](mailto:classifieds@carolinas-pca.com) and request an extension. Each extension will be for one additional month.
- 7) All pictures submitted should be in .JPG format and no larger than 800x600. One picture per submission.
- 8) Pictures will run on the website only.
- 9) All ads will be subject to editing for consistency and length.
- 10) Ads should include:
  - a. An accurate description of the item or items (including VIN preferably if applicable).
  - b. Price (Ads will not be accepted without pricing).
  - c. Where you and the item are located.
  - d. Contact information including name, phone number, and/or email address.

Below is a sample of the format we will utilize:

### Opt out update:

Just a quick update. As of 2/20/13 we have had 300 members choose to receive the "electronic only" version of Tobacco Roads. What does this mean ?? It saves us \$ 9,000.00 per year that we can put in the bank to offset other club expenses (ie, Autocross, Christmas Party, etc). As mentioned in other publications TR is the biggest expense, averaging 3.00 per copy.

We're announcing an exciting new option to receive your copy of Tobacco Roads - we'll be offering "**electronic-only**" **delivery**. This is truly a special publication and is used to transmit valuable information content across the region. However, the new "greener" option is to send this publication out via an email link to the Adobe PDF copy posted on your region website. For those members who wish to continue receiving the hard copy via USPS, no action is neces-

sary at this time. However, if you wish to opt-out of future paper delivery, simply reply to **[membership@carolinas-pca.com](mailto:membership@carolinas-pca.com)** with your name and area, indicating your preference to opt-out.

Presently, the largest single expense for the Carolinas Region PCA is printing and mailing costs associated with Tobacco Roads. Each monthly copy costs the region about \$2.00 per recipient. By opting out, you're allowing the region to divert more membership funding to help support events and other special member activities. You're also guaranteed to get the timeliest copy of the newsletter in color!

Please contact me to take advantage of this offer. **If you wish to continue receiving the paper copy – then no action is required.**
