# From the Driver's Seat

Jerry Widner, President

## Happy 246<sup>th</sup> Birthday USA!!!

We certainly had a HOT June both in temperatures and great events. Many more to come as the summer is just getting started.

As I type this, Ann and I just returned from the Roads & Rails event with the Triad Area. Robert Van Camp puts on a GREAT event involving roads, food, great fellowship and of course lunch on board the train! (Did I make mention of "food" twice?) You really need to put this one on your list for next year – you won't be sorry. Check out the cover shot; how could we resist the Red, White, and Blue theme for July and the Great Smoky Mountain Railroad as a backdrop?

Thanks to Ron Reed, Pat & Barry Smith and Ann Widner for the use of their cars to make up the Red, White, and Blue shot. Robert Van Camp was extremely instrumental in coordinating the 20-minute train movement to get this "one second shot". MUCH went into this cover – Thanks to all for making it a reality. THE master mind behind it; Julie Harwath – she used her vision and creativity to "dream it" and put all the pieces together. GREAT job, you continue to knock the Editors Role out of the park!

I believe it is very safe to say that everyone had a great time. The Fontana Village is nestled in a nice "natural bowl" just prior to the Fontana Dam. The layout of the village flows nicely with activities scattered within walking distance. The village campfires really presented a nice ambience and gave such a rustic feel to it all. If you get a chance to make the drive sometime; you should! It would be well worth your time.

Please welcome Dale Moses as the NEW Carolinas Region Drivers Education (DE) Co-Chair. Dale has been very active in the program over the past few years, and we all look forward to having him on the DE Team. When you see him at the track, or at pretty much every other event occurring throughout the Carolinas Region – be sure and say thanks!

We've now had two AX events for 2022: well on our way to a season of five. Be sure and check out Johns AX article outlining all the cone carving that took place at Michelins Proving Grounds in SC! If you can make it out, the AX #3 event is July 24<sup>th</sup> in Greensboro. Be sure and drop over to [Clubregistration.net](http://Clubregistration.net) and register!

On August 14<sup>th</sup>, the Carolinas Region will once again Host the PCA's Annual SIM Race in support of Operation Motorsport. This is a simulated 24-hour race (condensed down into 6 hours) at the world famous Le Mans Circuit. Last year we raised over \$16,000 in support of that program. Please see the half page advertisement in this edition for more details and how to sponsor a "race team" and donate to the cause. Let's smash last years "record of support".

Be on the lookout for this months "Cocos Corner". And don't forget to send a picture of your furry buddy WITH You and Your Porsche. We'd like to see you in next month's edition. We will feature one picture a month; just provide a high-definition photo with a short caption. I look forward to sharing your photos with the Region.

For those of you yet to join the Instagram community of #pcacarolinas, you should create an account and FOLLOW "Us". Our Social Media team does a GREAT job posting upcoming events as well as detailing previous ones. What a great way to get updates of the Regions happenings. Try it out!

On a somber and heartbreaking note, we lost one of our Metrolina Area members in Jeff Finkelstein. Our thoughts and prayers go out to his wife Chrisanne and Family; please remember them during this tough time. Jeff was much more than a member; he was always willing to put in as much time as was needed to assist and help others. His passion for developing drives for multiple Areas within the Region was second to none. Be on the lookout for a yet to be determined "drive" in his honor – soon...more details to follow as it develops. I will send out an enews email blast when we get it all put together. He will surely be missed! Rest in Peace our friend!

I ask that you look through the pages here and find AT LEAST ONE event to attend. We have the BEST roads around...the BEST people around...the BEST FAMILY around.

Here to serve You...and remember; Get Out And Drive!!!

Jerry Widner sends...

Carolinas Region, President

### ....In Memory of Jeff "The Flying Fink" Finkelstein

Our June 15 meeting was a warm and somber one. We had 28 members and 3 new members join us for our dinner meeting. I had to share some sad news that one of our dear friends and valued member, had passed away on June 2, as a result of a motor cycle accident he was involved in, while doing one his favorite motor cycle rides in Virginia. Jeff was very integral part of our club, as he was "**The Route Master & Director of Drive**" for the Areas vice clubs. He would ride his Ducati on the scenic back roads, mapping new routes for future club drives, that he would lead us on for a future drive. He would always call out points of interest and directions on his walkie-talkie, keeping us on track and informed. Jeff loved life, loved his Porsche's and his Ducati motor cycles. We will miss him deeply, his warm smile, friendly personality, his generosity and that cheerful voice on the walkie, talkie!!!

**"REST IN PEACE MY FRIEND"**

Our June 50/50 split the pot winner was Bill Moorefield. Dave Franscona, Jim Hess, Jack Rech & Bob Wisenbaker took home some nice Porsche swag.. **Congrats!!!**

### MEETINGS & EVENTS SCHEDULE

By Michael Vittorio  
Area Director

As we sometimes do, June's meeting was held on a Saturday (rather than our usual Tuesday evening) and was combined with a Drive and Dine for a full day of fun with our Porsche friends. Twenty-eight folks chose to join us on what turned out to be a beautiful Carolina Spring day - mild temperatures, partly cloudy Carolina blue skies and low humidity. An ideal day to drive our Porsches.

Early on the morning of June 11, participants gathered at Porsche Hickory for a light breakfast compliments of the dealership. During our brief meeting we were joined by several of the Porsche Hickory staff were on hand to meet and greet our members. Newly appointed Service Manager Brent Huffman gave us an update on happenings at the dealership and some highlights about what we can expect from Porsche in the coming months.

Porsche t-shirt. Unable to pass up an opportunity to talk about cars, we learned that both he and his son are Porsche owners but not PCA members. He was duly impressed by our cars and the friendliness of our members and plans to join. Since they reside in the Hickory Area we will hopefully pick up two new members.

Around about 4:00 folks began to make their way home following a fun day enjoying our cars and visiting with Porsche friends. Days like this are what it's all about to be a member of the Carolinas Region.

As is our practice, we gave away a couple of "door prizes" won by Vincent Piccarelli (Porsche/PCA mug) and Jim Buchanan (Porsche/PCA duffel). Ian Taylor was the winner of our 50/50 jackpot of \$110.00. Ian generously donated his "winnings" to Crossnore for a total charitable contribution of \$215.00. Thank you, Ian.

To kick off our Drivers Meeting, Bob Futrell (who along with wife, Judy, were our drive planners and leaders) introduced our route and reviewed safety guidelines. Our fourteen-car caravan "hit the road" around 10:00.

As we have come to expect from Bob, the route was scenic, exciting and great fun. First stop was for lunch at the Switzerland Inn in Little Switzerland, NC. What a great choice. The food and service were - as always - top notch and the views are fabulous.

Following lunch, we again "hit the road" for a brief drive to Linville Falls Winery. We arrived just in time to order our chosen beverages before the live music began. As it happened, one of the band members was wearing a

Our next meeting will be held on Tuesday, July 12 at Fresh Chef restaurant, 1825 N. Center Street, in Hickory. No particular program is planned - just ample time to visit with Porsche friends. Please let us know if you plan to attend. For additional details and to register, please use the following link.

<https://www.signupgenius.com/o/508044DAEAA22ABFB6-july5>

Our next Drive and Dine will be on Thursday, July 21. We will travel to The Crossnore School (Crossnore, NC) where we will be given a guided tour of the campus to include one of the cottages where the children live. This is a great opportunity to learn more about our chosen charity and to get a better feel for where our contributions go. Following the tour, we will have lunch on campus at the student run sandwich shop. And, of course, we will likely complete the tour with a stop at a nearby winery. Please let us know if you plan to attend. For additional details and to register, please use the following link.

We conducted our raffle after dinner and thanks to our members' generosity, all proceeds go to our charity, Children's Hope Alliance in Barium Springs and we raised \$285, the kids in need will appreciate it. Our resident Skybrook PCA member and "CC liaison", Bill Flynn, won the jackpot, a beautiful original Porsche hat and a Porsche bag from the Goodie store plus a photo with his favorite PCA area director!!!

Our monthly meeting was as usual on the second Thursday of the month on June 9<sup>th</sup> at our new "home" the Skybrook CC in Huntersville. We had a pretty normal turn-out for this time of the year, over 20 attendees and about 15 Porsches in attendance

Porsche Corral

Our Porsche Corral at Skybrook CC is working out particularly well as members really seem to enjoy the set up. Our Porsche Corral also seems to be very popular with the younger Skybrook CC staff: plenty of Skybrook golfcarts seemed to be buzzing back and forth and were parked for an extended period around us. We certainly appreciate their interest, and PCA members will happily share their enthusiasm with them!

Our raffle winner Bill Flynn

Our dear fellow PCA member Jeff Finkelstein tragically passed away a few weeks ago while riding his motorcycle through the VA mountains. He was a great supporter of PCA, having just organized and conducted our first PCA drive for the LKN area in 2022 this past April. RIP Jeff!

Our next meeting will be on Thursday, July 14<sup>th</sup> at 6:30 pm back at Skybrook Country Club. [r](#)

Dinner

After dinner we had Cyrus and Marcello with Euro Prestige Imports present to us. Their business focuses on the storage and sale of very fine import and domestic cars, not just Porsches. However, their passion for our favorite brand was obvious!

**Upstate Area**  
 upstate-ad@carolinas-pca.com  
 By Jeff Price, Area Director

The Upstate Area held its monthly meeting a week early on Tuesday, June 7<sup>th</sup> at Quaker Steak & Lube, due to the overlap with the PCA Porsche Parade at the Kalahari Resort in the Poconos. Weather was great for our parking lot "Meet & Greet", and we had a nice turnout of approximately 35 members.

First Attending New Members included:

- Jim Thompson
- Stephan Hass (AKA: OMG I bought a 1988 928S4! Where is my wallet?)

Upstate Area Monthly Meeting

### Future Events

**Summer BBQ Party:** The Upstate Area will be holding its Summer BBQ Party on Saturday July 30th. Registration for the event will be on Clubregistration.net and is required to enter the event. Registration and Event Details will open on July 6th at noon. I will send out a reminder email just before registration opens.

**Drive & Dine Tour:** I will try to squeeze in another Drive & Dine prior to our Summer Party (no guarantee). This will be on a Weekend Day, as our last Drive & Dine Tour was during the week. I will send out the details as so as I can.

### Charity Raffle

For our Charity Raffle, we implemented a new option that might help me remember more names of our members: You will receive one free Raffle Ticket if you purchase Raffle Tickets and you are wearing a PCA Name Badge. If you do not have a PCA Name Badge you can purchase one at our Carolinas Region Goodie Store for \$10. Any PCA issued Name Badge will work, so for example you can use your last Parade or Treffen Name Badge. Just be wearing it so other members can see your name.

This months raffle included a bottle of Chemical Guys Total Interior Cleaner, a \$25 Gift Certificate to Quaker Steak & Lube, and 50% of the Charity Pot which totaled \$200. Thus we raised another \$100 for our charity; St. Vincent de Paul. Many Thanks to all those members who purchased tickets.

That's all for now.

### Upstate Past Events

**2022 Porsche Parade in the Poconos:** This years Porsche Parade was held at the Kalahari Resort in the Pocono Mountains of PA. This Parade was the largest attended Porsche Parade in history! About a dozen members from the Carolinas Region attended the week long event which included a National Concours, TSD Rally, Gimmick Rally, Drive & Dine Tours, RC Car Racing, SIM Racing, Auto-X, and lots more. Highlights included our Carolinas Region winning 3rd Place for the National Service Award - Ferry Porsche Trophy.

Plus Linda drove a hot parade lap on the Pocono Raceway. (No, she didn't reach "Cap Lifting Speed" which occurs around 135mph in our Targa, yet pretty close)

Sandhills Motoring Festival was a huge success over Memorial Day weekend! All events sold out early. Weather was excellent.

At least 1500 attended the free Concours in The Village on Sunday with 150 vehicles. Final numbers are not in, but the charities should be very happy! Thanks to Foreign Cars Italia and Hagerty for sponsorship and amazing display cars! And, over 100 volunteers, many PCA members, made it all happen.

Attendance at our two C&C events continues to grow. The Village C&C has been attracting 70-80 vehicles of various marques as word spreads throughout the area.

Future Events:

Sandhills C&C will be combined with a tech session at Champion Auto Spa in July.

On July 9 Sandhills Area members will be testing our Launch Control skills at Rockingham Drag Strip... hosted by Sandhills member and NHRA Hall of Fame inductee, Steve Earwood.

In August we will meet up with Cape Fear PCA members for lunch at Holden Beach.

A couple VIR track days are on the schedule in September and October....and the CMP Club Race!

Hoping skyrocketing gasoline and travel costs don't severely impact planned events.

We were pleased to hear from David Gold of [www.rollingtones.info](http://www.rollingtones.info) at our June 23 meeting. David (David@rollingtones.info) is probably the best automotive electronics guru east of the Mississippi River. As a factory rep for K40, Escort, Alpine, Kenwood, etc., he has upgraded all types of vehicles for a living since 1995. He installed the K40 remote radar detector and laser jammer, Apple Car Play and backup camera in our 2013 911 C4S cabriolet last September.

We have been enjoying two monthly CnC gatherings. The first Saturday is at Southpoint Porsche with a wonderful buffet breakfast thanks to GM Dean Perella. The third Saturday is at Panera Bread, 3603 Witherspoon Blvd, Durham.

For October 1 GM Perella will be hosting the CnC at 9 am, a Tech Session at 10 & an October Fest at 11:30 with brats & the trimmings.

Looking ahead, Jim Sykes is planning a drive for July 30, as well as another to the Château Morrisette with overnight options on October 8.

Porsches are built to be driven.

Jim

We had a Barnyard full of beautiful Porsches ranging from a 914 to a 2021 GT4 on display when we held the “People’s Choice Shine and Show” at the Triad Area’s June 21<sup>st</sup> monthly meeting.

We had 28 Porsches on display and when the votes were counted, Don Hamrick with his 1994 911 Carrera 4 Wide Body, was the winner. We had free Pizza Night and were pleased to have 59 members and guests attend the meeting at Royal Gait in Trinity. Thanks again to our host Bobby Royals who allowed us to use this beautiful outdoor venue. We were pleased to welcome and introduce three first time attendees, Neill Robinson, Charles Grant and Scott Steward. We had three attending members celebrating Birthdays in June, Don Hamrick, Bobby Royals and Mark Vetrano. Everyone joined in to sing a verse of “Happy Birthday”. We were also pleased to have sponsors from HBI and from Porsche Greensboro in attendance. Thanks also to Porsche Greensboro for donating two gift cards as door prizes.

Speaking of door prizes, when we drew the winning tickets, Sarah Teague, Judy Lannuzzi, Chris Mason, Blair Holden and Kim Davis, were the lucky winners.

The 50/50 Charity Split the Pot was won by Carol Campbell and she opted to donate her winnings back to the Charity Pot. Thanks Carol. Thanks to everyone for attending and we look forward to seeing everyone at our July 19<sup>th</sup> monthly meeting.

## Michelin Proving Grounds – Mountville, SC

June 12, 2022

To start this report with a word – **“HOT 95F to 100F HOT”** – Michelin is a 10.5 acre asphalt pavement without any shade within 100 feet. The perfect place for a large and fast Autocross event.

To make things comfortable for our participants we rented the Conference Center that is near the pavement on a small hill that provides an excellent view of the whole event. An air-conditioned space with real restrooms, a water cooler, snacks, tables and chairs, and running water.

Michelin Laurens Proving Grounds (MLPG)

We also purchased 3 new 10x15 ft canopies that we deployed for the timing control area and the other 2 for participants to get out of the sun while waiting their turns to run or work. A welcomed addition to our equipment.

I picked a bad weekend to have this event as we competed with PCA Parade and a DE at VIR that drew some of our regulars away. But we still had 33 registrants, 9 of which were NON-Porsche entries. Three were my friends from the SCCA side of the tracks. Glad to see our other car clubs joining us – they said they would be back and liked the course and Michelin location. One will be joining us in Greensboro in July

We got started a little later than planned as we were having some issues with our old timing equipment and the new Axware software that we use to collect all the run data and tally the scores. We are working on getting funds to upgrade the timing equipment, but it just did not happen in time for this event.

The 3 morning runs were timed with stop watches (cell phones). During the lunch pizza break David sorted out the timing gear and the software so the afternoon ran smooth, and everyone got in 6 more runs for a total of 9 out of the 10 we had advertised for this event. “Improvise and overcome” got us to the end of our event and everyone was happy.

There was only one incident with one car that over heated as it waited on grid in the morning. Interesting car – a 1973 914 with a V8 – hmmm?

The last Autox we made personalized awards that was coffee mug with the persons car photo and their Name, class and position on the mug. I got a lot of comments as how they really liked these awards/trophies.

For this event we are providing a curved glass trophy with engraved image of a 993 911, and the person’s info engraved as before. These awards are custom made and mailed directly to the recipients.

One of the SCCA guys commented on the layout of the course as challenging – areas that required patience to get thru the elements and areas that were wide open – pedal to the metal.

Our next Autocross is July 24 in Greensboro using the parking lot across from the coliseum – the original location used in past years.

# President's Project Page

My Love for Porsches

by Doug Seefus

*I continue sharing YOUR Story, YOUR Passion for your Porsche(s) from around the Region. Many thanks to those that have stepped up and shared with all of us, here in the President's Project Page. For this month we have the tale of a red 914 igniting a passion that has lasted over 40 years. From an emulating Porsche customized Beetle to a dedicated "Kermit" R, Doug's story will take many of us down memory lane as well as put a smile on your face! Please ENJOY!*

-----

Like many of us, my love affair with the Porsche brand started when I was a teenager. Growing up in the 70's and 80's, unlike my buddies I was not into the American muscle cars. I appreciated the power, but they lacked refinement and attention to detail that I had seen in the Motor Trend magazines my dad used to have around the house. My first experience laying my hands on a Porsche was when I was about 13. I had a friend whose dad had a red 914 that I would just go stare at and sit in whenever I would hang out at his house.

By the time I turned 16, knowing my very limited budget (provided by mom and dad), my first car was a light blue 1969 VW bug with a hand crank sunroof – a perfect southern California car. I loved the car but needed to make it "mine". So, after a small fender bender, my dad and I took it down to our local paint and body shop where they added a little bondo, sanded down the car to the bare metal, and painted her Porsche Guards red. I then added some cool gold rims and a Blaupunkt radio and cassette player and a few other cosmetic items I ordered from the JC Whitney catalog my dad had around the house and she was now "mine."

About that same time, I think my dad got tired of hearing me complain about us not having a sports car in the garage, a Porsche to be exact, so he started on a search to find one for himself; not me! I remember the day he came home with a used 1966 black 912 with a deep red interior – I had a grin from ear to ear. I would spend nights cleaning and waxing it and talked him into replacing the stock rims with the Fuchs brand to make it look a little more modern for the time. While I rarely got to drive it as a 16 to 17-year-old, I probably sat in it more than my dad!

In 1999, I moved to Charlotte, NC and decided, at the age of 34, it was time to splurge for a used Porsche. I located one in Columbia, SC after weeks of searching and within my budget of about \$16,000. My wife and 1 year old son drove down to see it, and I fell in love with the Guards red 1985 Carrera – gold rims, a tan interior, and the whale tail. As soon as I sat in it, it reminded me of my dad's 912 – the smell of German leather 😊 I only had that car for about a year before I decided it was a little small for a growing family so I sold it and bought a Ford F150, always knowing I would have another Porsche someday. Look closely and you can see my 1-year-old son, Blake, sitting on the tail.

Fast forward up to 2016, kids are older, and I have been fortunate in my professional life to once again own a Porsche, so I decided to just go "looking". I drove to Hendrick Porsche here in Charlotte and found a 6 speed 2013 Carrera S – Silver with black interior and 40,000 miles. Again, when I sat in it, memories of childhood dreams came rushing back. When I started the car on the lot, the sound made me melt, the feel of the leather...and the smell of the interior. I drove off the lot that day with the car after a very pleasurable sales experience at Hendrick and stopped to take pictures of the car several times on the way home to text to friends and family, and probably even a few Facebook posts. I finally really had my dream car.

...Continued

After driving the car for 2 years and about 15,000 miles, enjoying every one of them, I decided it was time to go a little faster and a little brighter, so I sold my 2013 to Tim in Jacksonville, FL and set myself out on a search for a 2016 Carrera GTS. I love the sound of a naturally aspirated car and that was the one year and model I really wanted. I considered a 2016 GT4 but wanted something comfier for everyday driving and a few creature comforts like 18-way heated seats. As I did a nationwide search for about 6 weeks in the first quarter of 2020, I finally found the one I was looking for in Evansville, Indiana that met all my requirements – AND it was Guards Red!!!! After negotiating the deal (basically paying him what he was asking), my wife and I drove to Louisville, KY to pick up the beauty the next day. She was sitting outside at the end of a cul-de-sac brightly polished waiting for me to open the door. Little did I know at the time until I got home and went through all of the service records that the car was initially sold in 2016 from Beverly Hills Porsche, where I used to go look at cars and dream growing up an hour away from that dealership and working after college about 5 miles away. I made some very good time from Evansville to Charlotte and had dinner made for my wife that night by the time she got home in the Jeep.

So, current day, I still have the Guards red beauty that I have left completely stock. with the red stitching and Alcantara seats. It makes me smile every time I walk into the garage and start it and brings back childhood memories and my love for the Porsche brand. Then, if just having the car to drive around wasn't enough, a buddy told me I should try to get it out on a track someday. So, I quickly came home and signed up for a Turn One track day at Carolina Motorsports Park and the GTS and I were on our way. I must admit it was very intimidating getting on the track not having a clue what to do and what the car could handle. I quickly found out the car can handle much more than I could throw at her. I remember my instructor asking me "what are you afraid of in the Carousel, you can't coast through there in a rear engine car!" I told him I was afraid I would lose the back end...and he said, "you will if you coast!" So, after a day of that, and having an absolute blast I signed up for my first PCA HPDE weekend down there later that year.

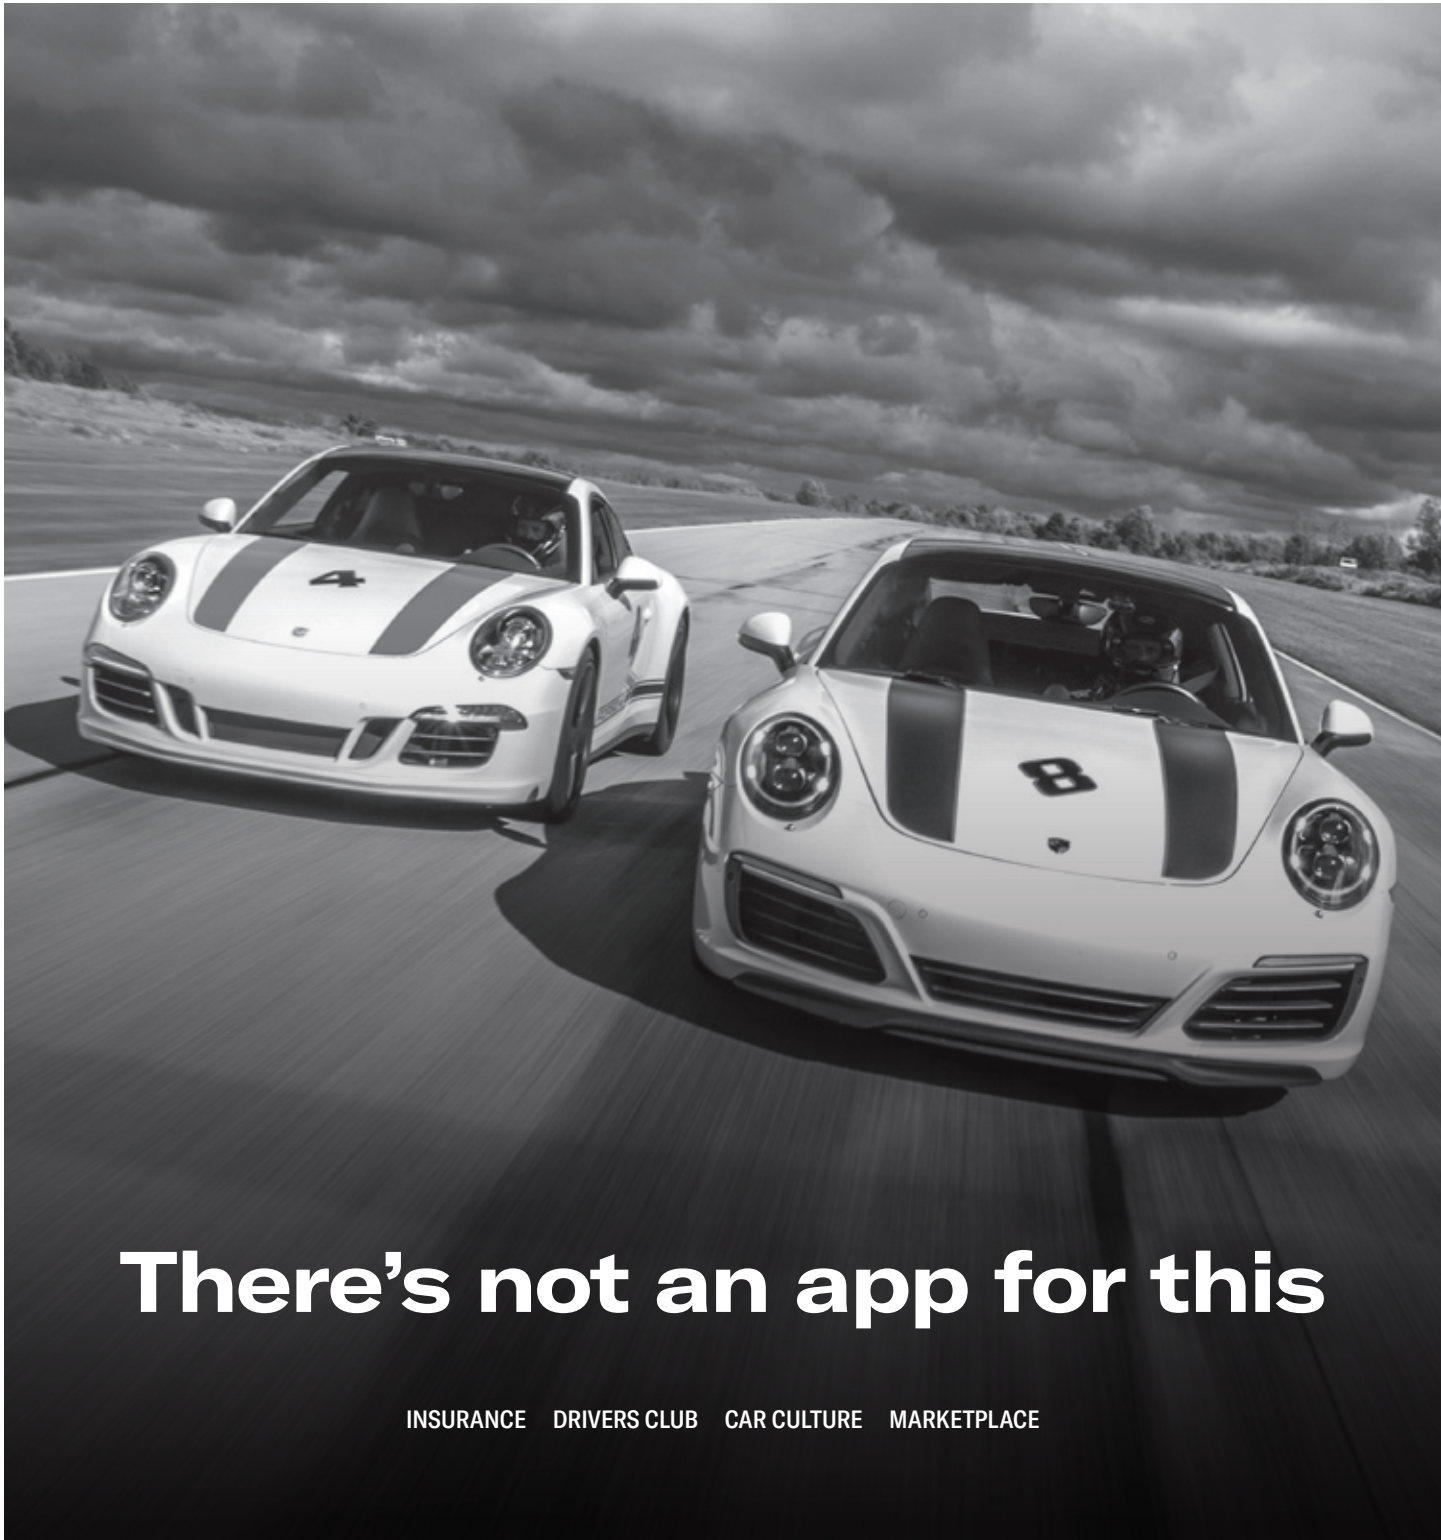

After that weekend I decided if I was going to do this, a track car would be very cool, and I didn't need heated 18 way seats. So, while I wasn't really looking, I got an email from a friend of a friend mid 2021 that his friend was selling his 2012 Cayman R and was the original owner. I spoke with the seller on a few occasions, and we agreed on a price (e.g. pay him what he was asking for it) and within 2 weeks it was on a covered carrier on its way from Palo Alto to Denver, NC. You may see her at the track for PCA HPDE days and she goes by the name of "KRMT" which was a name my daughter gave it for obvious reasons! Kermit has some nice track goodies installed like AP Racing Brak 😊 and JRZ suspension and how can someone not love the Peridot 12 This picture was taken just as it came off the truck after the cross-country trip. Once again, getting in the car and driving it home from the drop off point, the sounds and smells brought home more memories that I will always cherish.

Needless to say, I will always have a Porsche in my garage as it means more to me than just a car or transportation, it breathes life into me, brings back childhood memories, and still makes me smile every time I get in one.

## Parts - Parts Cars - Projects

2 classic Fuchs wheels, 15x6, from a 1976 911. Black centers, center caps included. The wheels are true and would make ideal track wheels. They can be used as-is but they are scruffy, or restore them to their former glory. They need to go. \$175 for the pair. ## PROCESS FOR CLASSIFIED ADS SUBMISSION

Guidelines for Carolinas Region Classified Ad Submissions

- 1) All ads should be submitted to Julie Harwath, Editor, at: [editor@carolinas-pca.com](mailto:editor@carolinas-pca.com)
- 2) All ads will be posted to both Tobacco Roads and to the Regional Website unless otherwise directed. Submissions received by the 23rd of the month will be posted in the following edition.  
Web and print classifieds work on the same monthly cycle.
- 3) You must provide your current PCA membership number when submitting a classified ad, \_
- 4) No posting of ads for friends. Immediate family is ok.
- 5) No commercial ads. All commercial ads must be purchased. Contact [advertising@carolinas-pca.com](mailto:advertising@carolinas-pca.com) for options and pricing.
- 6) Ads will run for two months. If the item is not sold within that time frame the seller will need to contact the Editor at [editor@carolinas-pca.com](mailto:editor@carolinas-pca.com) and request an extension. Each extension will be for one additional month.
- 7) All pictures submitted should be in .JPG format and no larger than 800x600. One picture per submission.
- 8) Pictures will run on the website only.
- 9) All ads will be subject to editing for consistency and length.
- 10) Ads should include:
  - An accurate description of the item or items (including VIN preferably if applicable).
  - Price (Ads will not be accepted without pricing).
  - Where you and the item are located.
  - Contact information including name, phone number, and/or email address.
