# From the Driver's Seat

Jerry Widner, President

My Favorite time of year is HERE!!!

I absolutely love Fall – the temperatures, colors and all the festivities that come with it. Our September CMP track event went very well; for those of you that attended, the weather forecast was for a complete wash-out. Turns out...it WAS NOT. We actually had very nice conditions with overcast skies and mild temperatures. Just goes to show you... regardless of the forecast; here in the Carolinas, just show up, you may be pleasantly surprised.

This Fall is full of events. As many of you know we have our Carolinas Challenge - Club Race going at Carolina Motorsports Park in Kershaw SC. Additionally, ONE Autocross, TWO Drivers' Education Events, as well as our Fall Tour and numerous other drives and events scheduled. Get out and enjoy what the Region has to offer.

According to our Club Race Chair, Bill Scarbrough, we are still in need of some volunteers. The Carolinas Challenge will be held at Carolina Motorsports Park in Kershaw, SC from 21-23 Oct 2022. Drop him an email at ([clubrace@carolinas-pca.com](mailto:clubrace@carolinas-pca.com)) to see where you can assist.

In this edition of TR (page 7) we have a write-up for those of you yet to join the Instagram and Facebook communities. You need to create an account and FOLLOW "Us" as our Social Media team does a GREAT job posting upcoming events as well as detailing previous ones. THIS is the easiest, fastest, and most thorough way to get updates of the Regions happenings. Try it out!

**PLUS** – as is the way of progress of PCA National, we too will begin transitioning to more use of Social Media platforms in the future to better serve You with more up to date information on upcoming events and other needs; so not a better time than NOW to learn.

Carolinas Region Website – COMPLETELY NEW "go-live" – coming 1 November 2022!!!! I will have enews blasts coming out with all the needed links, and information. *Stay tuned.*

The Events Calendar will now be housed on our new website as well. I will be sending out a link for you to click on...taking you directly to the most up-to-date event details as provided by the Area Directors, Event organizers and coordinators. This will ensure that You are always looking at the most up-to-date information on all events.

NATIONAL REACH: Even though we are a National Club of 100k plus members...it is still a small country. Check out this picture of me and some Northeast Region's members that were passing through my "small town". They were headed back to the Northeast, and I was filling a gas can for my mower. I stopped over to talk with them, admiring their 944s; we had a great 30-minute conversation. "it's not just the cars...it's the People"

Me, Ed and Patrick and their 944s

I ask that you look through the pages here and find AT LEAST ONE event to attend.

We have the BEST roads around...  
the BEST people around...  
the BEST FAMILY around.

Here to serve You...and remember; Get Out And Drive!!!

Jerry Widner sends...  
Carolinas Region, President

Semper Fi!

There may be caravan of P-Nuts going the race on Sunday, I will keep you posted if this all comes together so you can join in.

Be sure to check the PCA calendar & schedule in TR and on the PCA website, and also watch for updates on our Carolinas Region PCA – Facebook page.

Our 50/50 "Split The Pot" winner was John Zumbrunnen taking a home \$170, Larry Jerge and Fran Lyon's a new member, took home a new Porsche ball cap, Lyle Sandlin and Tim Gelbar won new Porsche key fobs.

Porsche Corral

Our September monthly meeting was as usual at the Skybrook CC in Huntersville on the second Thursday of the month at 6:30pm.

Under perfect Carolina blue skies, we socialized in the Porsche Corral. The turnout was nice, well over 20 members and friends arrived to enjoy the evening with like-minded folks. As usual, we had a very diverse array of Porsches "in attendance" (see photo), as usual, mostly 911s spanning many decades...

Dry ice blasting

Our speaker, Jared Friends with Merritt Motors, brought his mobile set up (please see photo) to treat our PCA members to a live demonstration. His company specializes in dry ice blasting. This process may be used to clean all types of surfaces (e.g. wheels, underbody, etc).

Jared demonstrated his equipment on a very dirty shop vac as well as a very dirty wheel. It was amazing to see how easily even the heaviest stains were literally "melting" away. The huge advantage using this technology on our favorite marque is the fact that it does not damage the surface to be cleaned. Anybody planning to make their ride "shine from below", should look into this technology.

Please mark your calendars for our annual Christmas Party on Thursday, December 1, 2022 at 6:30 pm. Just like last year, we will be celebrating at our former host, the Peninsula Yacht Club in their lake level ballroom. PYC did a fantastic job last year with the decorations, food, and service. Prices have gone up significantly at PYC this year, however, we were able to secure several sponsors (and we are still accepting donations/sponsors), so that the cost per person will not be that much more than last year. Just like last year, we will have great door prizes which we will raffle off throughout the evening. We will also include again a Champagne welcome drink as well as two bottles of wine per table of 8 (additional bottles may be purchased individually). There will be a registration link on [clubregistration.net](http://clubregistration.net) for the Christmas Party starting in November. Attendance will be capped at around 80 - remember the event was completely sold-out last year and a few people had to be turned away on the day of the party. A special thank you to our sponsors GMP, Hagerty, and Tim Lingerfelt for pledging to the "cause" as well as Albie Blanco with Hendrick Porsche. Also, a special thank you to our PCA member and PYC member Chris Slocum who helped us greatly by securing member rates for PCA for the Christmas Party.

**UPCOMING EVENTS & MEETINGS:**

Our next meeting will be on Thursday, October 13<sup>th</sup> at 6:00 pm at GMP's Mooresville location (292 Rolling Hill Rd., Mooresville, NC 28117). A separate email with a signup link was sent out to the LKN PCA members. Please contact [lkn@gmpperformance.com](mailto:lkn@gmpperformance.com), should you have not received this email. Anybody interested in organizing Porsche drives please let me know.

Just after the region DE at CMP, six Sandhills members attended a private track day at VIR on September 13 hosted by PCA member Ken Kirkham. We had 50 drivers and ten instructors on the 3.4 mile Full Course. A couple instructors got a lot of track time in September! We thank them very much! And, thanks to Porsche Greensboro for sponsorship. Ken's next VIR event is October 13.

The two Sandhills C&C events continue to draw great turnouts! The Village C&C on first Sunday each month has grown to the point that by 9:30 cars park in the overflow lot. It's great to see other clubs and so many different marques participate. We normally take a drive on local backroads after C&C.

Looking forward to the Club Race and other Fall events!

Marty

Area Director

Sandhills Area dinner meeting in September moved back to Little River resort's new restaurant. Forty-four members and guests attended. Thanks to Porsche Greensboro for attending and contributing charity raffle prizes! Marvin Jennings spoke about his long history with Porsche and PCA starting in Maryland and transitioning to Sandhills about ten years ago. He has gone through over 30 Porsches while learning about buying, selling, rebuilding engines, driving and instructing in autocross events and DE's, and now vintage racing with PCA and other venues. He will be racing at CMP in October at Carolinas Region Club Race. His current garage project is restoring a 914-6.

Greetings Triangle Area & Carolinas Region, PCA!  
 October is my favorite month with cooler temperatures, lower humidity, fewer insects, Carolina blue skies, spectacular autumn foliage & my birthday. What I want most for my birthday is another 20+ with good health.  
 Our September 22 meeting at the Nantucket Grill, 5925 Farrington Rd, Chapel Hill, was lead by Buddy & Christiana Amis. They stepped forward allowing Ann & me to host a post-funeral celebration honoring her brother-in-law. Thank you to Buddy & Christiana, as well as the guest presenter Jerrell Council, owner/operator of Royals Auto Salon, Apex, who reviewed the newest technology of care care. In February, 2022, I trusted Jerrell to install paint protection film (PPF) on our 2013 991.1 C4S cabriolet. Now, I am able to hose off splattered bugs gently by low pressure hose without touching the car. The C4S looks fine & stays cleaner. Nothing touches the paint. I am very satisfied.

Charles Branch was the only attending member celebrating a birthday in September and the group all joined in and sang "Happy Birthday". **Hickory Area**

 By Michael Vittorio  
 Area Director

**Meeting Summary.** This month's Hickory Area membership meeting took place on Tuesday, September 13. Twenty-four members gathered at Fresh Chef Hickory for what was intended as a purely social event ... an opportunity for Porsche friends to meet for dinner and enjoy one another's company. We were able to welcome visitor Gavin Faye (Andy's son) and long-time member Phil Evans who (though he and wife Ruth no longer drive a Porsche), is always welcome at our events. Lisa Buchanan (again) won our 50/50 charity raffle. She generously donated her "winnings" to Crossnore School for a total contribution of \$160.00. A pleasant surprise was provided by Reg Williams and Andy Fay who brought their new Porsche's (2022 911 GT3 and 2022 911 Targa 4S, respectively) to the meeting for us to see ... and drool over. Beautiful cars and proud owners!

**LIPS.** On the prior Tuesday, September 6, our ladies' group (LIPS) met at Porsche Hickory where they were provided a very nice lunch and opportunity to drive the Porsche of their choice. In addition, Porsche Hickory Sales Manager Parker Grove led an informal discussion about electric vehicles, the challenges and opportunities they present and how Porsche will address these in the future. Though the ladies are adamant that they do not have "programs", I am told they found his comments very informative and interesting.

**Drive and Dine.** Keith and Donna Antal organized and led this month's weekday drive and dine. Eighteen members in ten cars gathered on Thursday the 22nd at Porsche Hickory for a light breakfast (compliments of the dealership) and drivers meeting prior to departing. Keith took us on some really good (defined as "twisty") roads on our way to the International Equestrian Center near Tryon NC. If you have never been here, it is quite a complex ... over 1600 acres of services and amenities (restaurants, entertainment and competition venues, etc.) for horse lovers.

Following a very filling lunch in the Center's Italian restaurant, we had an opportunity to watch the "horse driving" competition then being contested.

Though some stayed longer than others to watch the horses, the majority eventually made their way to nearby Mountain Brook Winery. There we gathered for a "taste of the grape" and a little more time to socialize with friends. As we began to depart for the journey home, it was remarked that this had truly been a delightful day ... good weather, good friends, great roads ... and our Porsche's.

Thanks to Ann and Jim Lucier, additional photos of Hickory Area events can be viewed at: <https://carolinasregionporscheclub.shutterfly.com>

**Coming up ...**

**October 8, (Saturday), 9:00 ~ 2:00. 5th Annual Poker Run for Charity.** Porsche Hickory, 1205 Center Street, Hickory, NC. Please join us for what has become one of the most popular events we sponsor each year. A scenic drive, a little competition, some wine, barbecue and an opportunity to visit with Porsche friends ... all for a good cause.

**Next PCA Upstate-Area Meeting (October 11th - Quaker Steak & Lube)**

Our next meeting will be on Tuesday, October 11<sup>th</sup> at Quaker Steak & Lube, 10 Chrome Drive, Greenville, SC. 5:30 – 6:30pm Meet & Greet in the Parking Area, indoor meeting starts about 6:30pm.

Drive Safe,

Jeff Price  
Upstate Area Director

The Upstate Area held it's monthly meeting on Tuesday, September 13<sup>th</sup>, at Quaker Steak & Lube, 10 Chrome Drive, Greenville, SC. The weather was great and our members enjoyed an active "Meet & Greet" in the parking area.

The meeting started about 6:45pm with a call for any new members in attendance to introduce themselves and their Porsches. We had 2 new Upstate-Area members in attendance. Welcome to our new PCA members!! Our Upstate Area membership continues to grow and we welcome all who would like to become more active in our PCA events.

Drive & Dine to the Cedar Mountain Café (September 24th, 2022)  
On Saturday, September 24th we held a Drive & Dine Tour, starting in Landrum, SC and ending at the Cedar Mountain Café in Cedar Mountain, NC. 12 Cars (22 members) participated in the event. The weather was fantastic and invited those with "Top Down" capable Porsches to utilize that feature! The Drive took a casual pace covering a scenic route thru Tryon, up the Saluda Grade and thru Saluda and East Flat Rock, NC. Then thru the Dupont Forest into Cedar Mountain, NC.

Greetings fellow track enthusiasts! We've just completed our Fall HDPE at the beautiful Carolina Motorsports Park, and what an interesting event weekend turned into. Our Title Sponsor HBi Auto was there and Dan was instrumental in handling many minor issues that arose at the track. If you've not checked out HBi Auto as a service shop and for track support, you should do so! So the event? Well, as of Friday afternoon the weather was still calling for heavy rain Saturday and Sunday at times, but was starting to show signs of hope we could drive without getting soaked all day. I went prepared with my umbrella, rain jacket (with hood), wading boots, etc! It turns out that Saturday saw maybe a half hour of rain early morning

with the track drying out around 11am and staying that way all day. In fact when the sun peeked through it became our customary hot September event, so it was just like old times!

Sunday was "almost" perfect. That said, a line of thunderstorms came through Saturday night with heavy lightning. I know of a few participants camping at the track, which made for some interesting stories Sunday morning. Cutting to the chase, lightning struck the metal armco at the end of the front straight, blowing out the wiring for the PA system, gas pumps, all power along the pit road, and race timing loop (not used for us but they do hold races at CMP you should check out). We made do with what we had, but losing the PA meant we couldn't announce any schedule changes or call run groups to the grid. Most everyone kept up with the schedule and we had another beautiful day without a drop of wetness to be seen Sunday. Who would have figured going into Saturday the weather would cooperate so well?

As always, we had a very nice mix of Porsche, Audi, BMW, Toyota, Ford, Jaguar, even an Alfa Romeo Stelvio SUV. It's good to see folks exploring their SUVs on track....a bit top heavy but many are far more capable than you might think when pushed harder. We won't talk about that rolling tetanus factory that looks like a cross between Mad Max and something just drug out of a junkyard. When they told me "It's not the cars, it's the people" I don't think they had my car in mind....but I try to behave and will eventually re-acquire a car worthy of the GT3 company I force myself upon! Keep this in mind in talking with your friends, as they don't need to own a Porsche to come play with us.

As a Porsche owner, you know you've got one of the premier cars for sported driving, right off the showroom floor. If you've ever wanted the opportunity to get your car on the track in a safe, high-speed environment, now's your chance. The Carolinas PCA region is holding its Fall HPDE (High Performance Driver's Education) at Virginia International Raceway (VIR) in November. VIR is a world-class destination track. We'll be using the 3.27 mile Full Course for this event.

Friday Nov. 18th is a day for experienced drivers only, that have been signed-off to drive in the Solo (non-instructed) groups. Saturday Nov. 19th and Sunday Nov. 20th will be full schedule days with instructed groups in the Green (novice) and Blue (Intermediate) groups as well. Each instructed group typically gets four 20 to 30 minute sessions each day, plus classroom instruction. You are paired with an experienced driver for the weekend who will help teach you the proper driving line for the track and begin to explore the capabilities of both yourself and your car. This is not racing, this is driver's education.

What do you need to do if you've never been to a DE? Your car will need to be inspected by an approved mechanic, you'll need a helmet and an open mind to learn about yourself and your car. The cost for Saturday & Sunday is \$515 for PCA members.

For all the details, go to [https://clubregistration.net/events/event-details.cfm?event\\_id=12226](https://clubregistration.net/events/event-details.cfm?event_id=12226).

We look forward to seeing you at the track!

# President's Project Page

My Porsche Space

by Jerry Widner & Members

I continue sharing YOUR Story, YOUR Passion for your Porsche(s) from around the Region. Many thanks to those that have stepped up and shared your "garage" space photos with all of us, here in the President's Project Page. This month we have our third installment of "My Porsche Space" – showcasing the vastly varying stables for our special horses. No matter what Porsche you drive and no matter where or how it is housed – they are ALL SPECIAL!

Hopefully, these will inspire you to make your own special showcase for your Porsche. Please ENJOY!

**JonB** – I'm a relatively new member in the area (3 years) although I've been in the PCA for just over 46 years. My "shop" was an addition I made to the house we bought so I have a place to support cars and trucks of friends, neighbors and most anyone who might need a place to work. For me it is my retirement present to myself, and I use it daily. I support my 996 C4S as well as a couple other 911's and my projects. Current projects include a 1969 911 T Targa and an IROC RSR clone.

**MarkF** – Mark has the "tri-vecta" of Porsche experience. I don't think there are many that would disagree

**DougS** – Saw your request in Tobacco Roads for garage pictures. Will this work! All three tucked in nicely... YES, this works very nicely. Looks like a GREAT place to be! Thanks for sharing, Doug.

...Continued

**FranF** – I hope you are all doing well. When I read about pictures needed of our Pcars all tucked in; I wanted to send you mine. There is an old Tobacco Roads cover poster on the wall that I won at a silent action. Have a great day.

**BillF** – Wonderful example of a 997.1 Seal Gray resting peacefully in its prime real estate stable. Nicely done Bill!

**JimE** – My '14 Guards Red C4S with 19k miles. My first Porsche was an '06 Guards Red C4S Cab that I purchased in 2012. Some of the pics on the wall are of the '06. One is shot from the "Tail of the Dragon". The reason for all the Viper "stuff" is I purchased a new '97 Blue & White Viper GTS. Had it for 15 years and sold it with 27k miles in 2012 to buy my first Porsche. My wife Margaret and I started driving the Smokies in '13 and attend 2-3 mountain Porsche events per year.
