Ballistic Imager

THE WORLD'S FASTEST FORENSIC IMAGING TOOL

Patent granted technology

DETEGO® BALLISTIC
IMAGER IS OUR PATENTED
FORENSIC IMAGING TOOL,
THE OBVIOUS CHOICE
WHEN YOU NEED A FULL
PHYSICAL IMAGE IN
TIME-CRITICAL SCENARIOS.

Detego® Ballistic Imager forensically copies hard disk drives in minutes and allows non-technical users to be fully operational within a 30-minute training overhead.

- Achieve blisteringly-fast acquisition times using the subject machine to image itself out.
- Split the image to multiple SSD collectors - attached to all available USB ports, either in a 'live' state or boot mode.
- Works on Windows, Mac and Linux.
- Forensically sound, with MD5, SHA1 & SHA256 validation.
- Stop extractions before completion without the risk of losing any data acquired up to that point.
- Allows recovery of deleted data.
- No need to remove the hard drive.
- Fits in your pocket.
