HAVE YOUR SAY! SUMNER BUS STOP RELOCATION

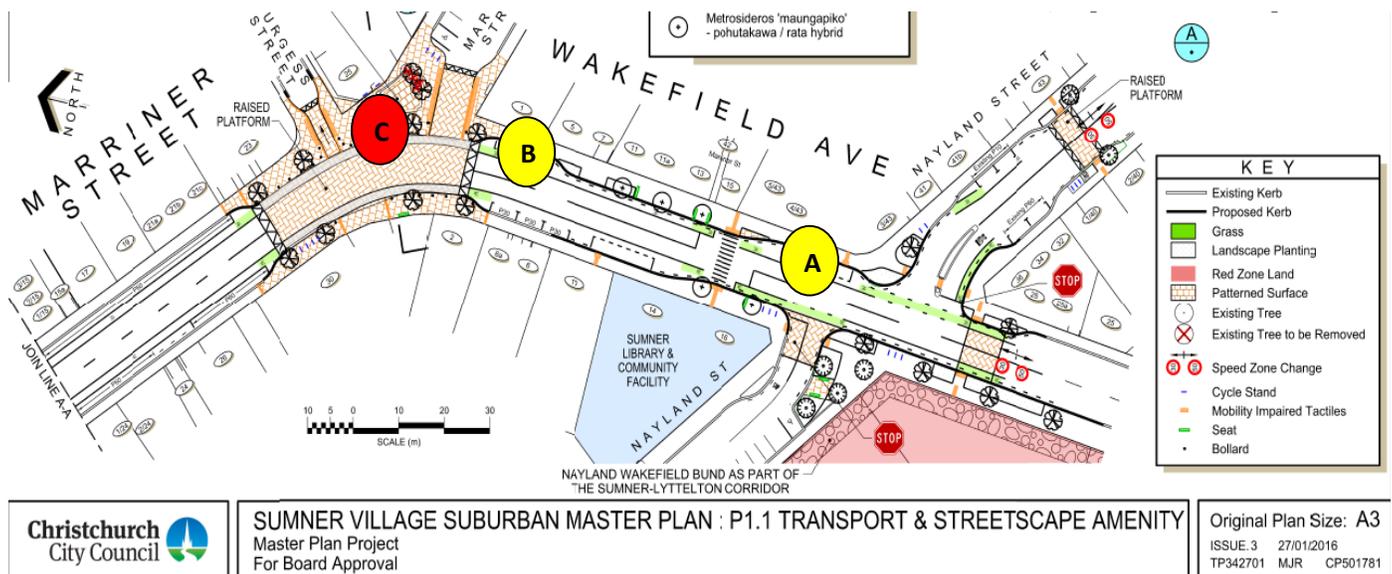

The Christchurch City Council's (CCC) proposed Streetscape Plan for Sumner requires a relocation of the bus stop which is currently located on the corner of Marriner St and Wakefield Ave. The two addresses proposed for this relocation are depicted below as Option A (17 Wakefield Ave outside Sumner Pharmacy) and Option B (1 Wakefield Ave outside the Indimex Restaurant).

Option A means that Sumner Pharmacy and Post Centre will lose all short term on street car parking in place of the new bus stop. In addition, a safety audit conducted by the CCC found that the relocation of the bus stop to Option A poses a significant safety risk to pedestrians and a moderate safety risk to cyclists. If Option A is selected the new Streetscape plan will be less convenient as well as less safe for the Sumner public than either Option B (outside Indimex) or Option C (current bus stop location).

Please note: The CCC is not allowing the bus stop to remain in its current location (Option C below)

I DO NOT want the bus stop at Option A

Option A: Outside the Sumner Pharmacy 17 Wakefield Ave

I AM DISAPPOINTED that Option C has not been proposed by the CCC in this plan
