

MATERIAL SAFETY DATA SHEET

For

Power Cleanser

1. Identification of the Product

Commercial Name	Power Cleanser
Name and Address of Supplier	Easy-Do Products Limited Neptune House 2a Alexandra Grove London N12 8NU Tel: +44-(0) 203 115 1800 Fax: + 44-(0) 203 115 1801

2. Composition / information on Ingredients

Ingredient name: Citric acid
Chemical name: Citric acid
CAS No.: 77-92-9
EC No.: 201-069-1
Concentration: (5-15%)
Classification: Xi, R36 – Irritating to the eyes

Ingredient name: Nepheline syenite
Chemical name: -
CAS No.: 37244-96-5
EC No.: -
Concentration: (>30%)
Classification: Not classified

3. Hazards Identification

No ingredient present at a level leading to a classification of hazardous dangerous product according to the directive 1999/45/EC.

Human

Eye Contact : Contact may cause eye irritation.

The presence of an abrasive may enhance any potential to cause eye irritation.

Ingestion : May cause transient gastrointestinal irritation.

Inhalation : It is unlikely that inhalation will be a route of exposure.

Skin Contact : Contact may cause irritation.

4. First Aid

In cases of eye contact, wash out the eye thoroughly with plenty of clean water, and seek medical advice.

In case of ingestion, wash out mouth with water, consume a small quantity of water and seek medical advice.

In case of skin contact, wash exposed area with water

In case of inhalation, remove from source of exposure. In rare cases, a respiratory reaction can occur, in which case seek medical advice.

5. Fire-Fighting Measures

Fumes containing carbon dioxide, carbon monoxide and oxides of nitrogen may be formed in large fires.

Put out any fire with dry powder, carbon dioxide, foam, sand or water spray extinguishers. The product is unlikely to support combustion as largely inorganic based.

Avoid using large quantities of water.

In case of fire, self-contained breathing apparatus must be worn.

6. Accidental Release Measures

Contain and collect spillage, using gloves and personal protection to minimise contact.

Shovel/ vacuum up in a manner to minimise dust generation.

Failure to contain a release must be notified to both the local authority and Easy-Do Products Limited.

Do not wash into the drains.

Place in plastics barrels for disposal.

Do not mix with other waste materials.

Dispose of in accordance with State and local authority regulations.

Seek advice from the local waste authority or seek guidance from Easy-Do Products Limited.

7. Handling and Storage

Employ normal manual handling procedures

Store upright in a cool, dry area.

External damage to the containers/ boxes containing the product should be avoided.

Do not store close to strong oxidising agents which could aggravate any fire situation.

Do not store product in direct sunlight.

Intended use of the product

Ceramic and Halogen Hob Cleanser

8. Exposure Control / Personal Protection

No occupational exposure limits have been set for the substances present in this preparation.

Hand Protection: Personal protection is not normally required unless a risk assessment indicates the need for it.

Skin Protection: Personal protection is not normally required unless a risk assessment indicates the need for it.

Eye Protection: Personal protection is not normally required unless a risk assessment indicates the need for it.

Respiratory Protection: Personal protection is not normally required unless a risk assessment indicates the need for it.

9. Physical and Chemical Properties

Appearance

White Powder

Odour

Scouring Powder

Solubility in Water

Will disperse

10. Stability and Reactivity

Provided the product is stored in accordance with the approved guidelines there are no known decomposition products. Avoid contact with open flame.

11. Toxicological Information

Eye: Unlikely to be an irritant in normal use

Inhalation: Unlikely to be an irritant in normal use

Skin: Unlikely to be an irritant in normal use

Ingestion: Unlikely to be an irritant in normal use

12. Ecological Information

When used for its intended purpose this product should not cause any adverse effects in the environment.

The product comprises or will degrade to, inorganic ions naturally occurring in the environment and will contribute to the natural pool of inorganic substances/ ions. Do not release into surface waters.

13. Disposal Considerations

Do not wash into the drains.

Do not mix with other waste materials.
Seek advice from the local waste authority or seek advice from Easy-Do Products Limited.

14. Transport Information

None of the ingredients in the product are restricted.
This product may be regarded as Non Hazardous for Transport.

15. Regulatory Information

This substance has been classified in accordance with the Directive 1999/45/EC of European Parliament and of the Council of 31st May 1999 concerning the approximation of the laws, regulations and administrative provisions of the Member States relating to the classification, packaging and labelling of dangerous preparations.

**USE ONLY AS DIRECTED.
KEEP AWAY FROM CHILDREN.
WASH HANDS AFTER USE.**

16. Other Information

The submission of this MSDS may be required by law, but this is not an assertion that the product is hazardous when used in accordance with proper safety practices and normal procedures.

This safety data sheet is accurate to the best of our knowledge and is based on information which we consider to be reliable. It is furnished without warranty.
