

Investor Presentation (OTC: SAKL)

July 2016

Forward-Looking Statement

This presentation contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. All statements pertaining to future financial and/or operating results, future events, or future developments involving Sack Lunch Productions may constitute forward-looking statements. The statements may be identified by words such as "expect," "look forward to," "anticipate," "intend," "plan," "believe," "seek," "estimate," "will," "project," or words of similar meaning. Such statements are based on the current expectations and certain assumptions of Sack Lunch Productions' management, of which many are beyond control. These are subject to a number of risks, uncertainties, and factors, including but not limited to those described in disclosures, in particular in the chapter Risks in the Annual Report. Should one or more of these risks or uncertainties materialize, or should underlying expectations not occur or assumptions prove incorrect, actual results, performance, or achievements of Sack Lunch Productions may (negatively or positively) vary materially from those described explicitly or implicitly in the relevant forward-looking statement. Sack Lunch Productions neither intends, nor assumes any obligation, to update or revise these forward-looking statements in light of developments which differ from those anticipated.

This presentation includes supplemental financial measures that are or may be non-GAAP financial measures. These supplemental financial measures should not be viewed in isolation or as alternatives to measures of Sack Lunch Productions net assets and financial positions or results of operations as presented in accordance with IFRS in its Consolidated Financial Statements. Other companies that report or describe similarly titled financial measures may calculate them differently. Due to rounding, numbers presented throughout this and other documents may not add up precisely to the totals provided and percentages may not precisely reflect the absolute figures.
