

Dear Sir/Madam,

This is simple online typing work only, No special qualifications required other than computer, internet and minimum typing skills.

In General User Package, we give 1 pixprofit id, 2 kolotibablo ids and Captcha entry software with 1 year validity.

PixProfit: On average in Pixprofit server IDs for typing of 1000 to 1300 captchas 1\$ will be credited. Every image will stay for 30 seconds in software we need to type within that time. Generally a person having 20 wpm can do in 3 to 5 seconds only. Minimum accuracy level required is 85% only.

Rate in night time is high and fixed to 1\$ for 1000 entries and rate in day time is 0.6\$ to 1\$ for 1000 entries depending on your priority rate. Rate will be good if your speed and accuracy is good in day time also you can earn up to 1\$. If your priority is good then you get good rate and speed.

Minimum withdrawal is 3\$. Whenever you complete 3\$, you can go for withdraw your money, it will take maximum 1 day to credit your money to your bank account. Day time bit slow when compare to speed in night time the flow is good and rate also.

KolotiBablo: On average in KolotiBablo server IDs for typing of 1500 to 2300 captchas 1\$ will be credited. Every image will stay for 10 seconds in software we need to type within that time. Generally a person having 20 wpm can do in 3 to 5 seconds only. Minimum accuracy level required is 85% only. Minimum withdrawal is 1.1\$. That means whenever you reach 1.1\$ in an ID, you can go for withdraw.
