Guadalajara, Jal. Septiembre de 2010

Muy estimados amigos:

Nos enorgullece informarles que durante el mes de Junio pasado tuvimos inspección en nuestro Laboratorio Clínico por parte del grupo de inspectores del College of American Pathologists (CAP) y obtuvimos la reacreditación por sexta ocasión en forma ininterrumpida por la "Comission of Laboratory Accreditation of the College of American Pathologists (CAP)", siendo reconocidos por la "**Excelencia**" en los servicios que prestamos.

Unidad de Patología Clínica es uno de los 6 Laboratorios Clínicos acreditados en México y uno de los 7,000 Laboratorios Clínicos acreditados en el mundo por el CAP, máximo organismo acreditador a nivel mundial de Laboratorios Clínicos.

A nombre de todos los que trabajamos en Unidad de Patología Clínica queremos compartirlo con ustedes y darles las gracias por la confianza depositada en nuestros servicios.

ATENTAMENTE

Dr. Guillermo José Santoscoy Tovar

**UNIDAD DE PATOLOGIA CLINICA
MAIN LAB
RECEIVES ACCREDITATION FROM
COLLEGE OF AMERICAN PATHOLOGISTS**

Unidad De Patologia Clinica Main Lab, Guadalajara, Jal, Mexico, has been awarded accreditation by the Accreditation Committee of the College of American Pathologists (CAP), based on the results of a recent onsite inspection.

The laboratory's director, Guillermo T. Santoscoy, MD, was advised of this national recognition and congratulated for the excellence of the services being provided. Unidad De Patologia Clinica Main Lab is one of more than 7,000 CAP-accredited laboratories worldwide.

The CAP Laboratory Accreditation Program, begun in the early 1960s, is recognized by the federal government as being equal to or more stringent than the government's own inspection program.

During the CAP accreditation process, inspectors examine the laboratory's records and quality control of procedures for the preceding two years. CAP inspectors also examine laboratory staff qualifications, as well as the laboratory's equipment, facilities, safety program and record, in addition to the overall management of the laboratory. This stringent inspection program is designed to specifically ensure the highest standard of care for all laboratory patients.

About the College of American Pathologists

The College of American Pathologists is a medical society that serves more than 17,000 physician members and the laboratory community throughout the world. It is the world's largest association composed exclusively of Board-certified pathologists and is widely considered the leader in laboratory quality assurance. The College is an advocate for high-quality and cost-effective patient care. More information about the College can be found at www.cap.org.
