

Caratteristiche: Fold, grazie alla profondità di soli 85 cm, è una collezione pensata per gli spazi contenuti e raffinati che si caratterizza nel suo design e nella sua personalità per una serie di cuciture che traggono ispirazione dal sistema di chiusura della busta. Fold si compone di divani, laterali, chaise longue, dormeuse e terminale da combinare in base alle proprie esigenze. Da sottofinire la doppia funzione che i moduli con bracciolo possono svolgere: quelli con un bracciolo possono essere utilizzati sia come laterale che come angolo; quelli con due braccioli sia come divano che come angolo laterale. Allo stesso modo la dormeuse può essere utilizzata come modulo indipendente o inserita come dormeuse angolo in una composizione. Completano l'offerta la poltrona, le cui dimensioni sono più ridotte rispetto agli altri moduli, i pouf, comodi cuscini e poggiatesta. A seconda del rivestimento scelto la fodera si realizza in due diverse finiture: con cucitura ribattuta semplice (vedi pagina 25 NEWS 2014) o con "Punto Cavallo". Il "Punto Cavallo" è un'impuntura decorativa disponibile in 11 colori (vedi pagina 270 del catalogo generale) da abbinare a piacere al tessuto da scegliere fra quelli indicati come idonei. La finitura "Punto Cavallo" si fornisce con supplemento di prezzo. Il rivestimento è completamente e facilmente sfoderabile e i componibili vengono forniti di serie con un pratico sistema di aggancio. Fold è attrezzabile con i tavolini Blog; in particolare il tavolino Blog Alto, ideato appositamente per completare la collezione Fold, offre un valido piano d'appoggio all'altezza del bracciolo. **Struttura:** Fusto in legno massello e multistrato, molleggio con nastri elastici intrecciati. Il piede è in fusione disponibile nelle seguenti finiture: cromato, verniciato bianco opaco (RAL 9010), rosso opaco (RAL 3027) oppure grigio opaco (RAL 7022). **Imbottiture:** in poliuretano espanso indeformabile a densità differenziata, la seduta ha lo strato superiore in poliuretano Memory Foam e il tutto è ricoperto da uno strato di fibra poliestere. Prerivestimento in tela bianca di cotone. I cuscini e i poggiatesta sono in piuma d'oca e antra bianca vergine.

Features: Fold has been thought for limited but refined spaces, thanks to its depth of just mm 850, where its particular stitching, reminding the sealing of envelopes, characterize the design and personality of this collection. The range includes sofas, side pieces, chaise longue, dormeuse and end piece in order to answer to the different client's needs. To be emphasised is the double use of the modules with armrest: those with one armrest can be used as side- or corner pieces, while those with two arms work as sofas or as side corners. Likewise, dormeuse can be used either as a free-standing module or as a corner dormeuse when combined with other elements. Proportioned armchair, poufs comfortable cushions and lumbar cushions complete the range. According to the chosen fabric upholstery cover can be delivered in two different finishes: single lapped seam (see page 25 News 2014) or with Punto Cavallo. Punto Cavallo is a decorative stitching available in 11 colours (see page 270 of the general catalogue) to be matched at pleasure with the fabric. Fabric needs to be chosen among those specified as suitable for this finish. There is an up charge for the Punto Cavallo option. Covers are completely and easily removable. For composition a practical connecting system is also provided. Fold can be completed with Blog small tables; in particular Blog Alto has been designed to complete the collection Fold, and offers a functional rest top at the armrest height. **Framework:** Frame is in solid wood and plywood, sprung with interwoven elastic bands. Feet are in cast, available in four finishes: chrome, white-matt (RAL 9010), red-matt (RAL 3027) or grey-matt (RAL 7022) painted. **Padding:** Fold is padded with differentiated density non-deformable polyurethane foam, the upper layer of the seat is in Memory Foam polyurethane finished with polyester fibre. Underlining in white cotton, Cushions and Lumbar Cushions are in goose and duck white, new feathers.

Eigenschaften: Dank seiner Tiefe von 85 cm, ist Fold eine Kollektion, die für etwas eingeschränkte und elegante Räumlichkeiten gedacht ist. Ihre Nahtverarbeitung, die sich am Verschlusssystem eines Kuverts inspiriert, charakterisiert ihr Design und ihre Persönlichkeit. Die Kollektion Fold bietet Sofas, Seitenteile, Chaiselongue, Dormeuse und Endelemente, die je nach Bedarf miteinander kombiniert werden können. Hervorzuheben sei die mögliche Doppelfunktion der Elemente mit Armlehne: Elemente mit einer Armlehne können sowohl als Seitenteil als auch als Eckelement eingesetzt werden; die Elemente mit zwei Armlehnen sowohl als Sofa als auch als Seiteneckteil. Ebenso kann die Dormeuse entweder als alleinstehendes Modul oder als Eckdormeuse gestellt werden. Ein Sessel, dessen Maße, im Vergleich zu den anderen Elementen der Kollektion, reduziert sind, rundet, zusammen mit den Hockern, bequemen Wurf- und Lendenkissen, das Angebot ab. Je nach Stoffwahl kann der Bezug in zwei unterschiedlichen Verarbeitungen realisiert werden: einfache Kappnaht (siehe Seite 25 News 2014) oder Ziernäht „Punto Cavallo“. Letztere ist in 11 Farben erhältlich (siehe Seite 270 des Hauptkatalogs) und kann wunschgemäß mit den dafür geeigneten Stoffen kombiniert werden. Für die Verarbeitung mit Punto Cavallo wird ein Aufpreis berechnet. Der Bezug ist leicht und vollständig abnehmbar und die Anbauelemente sind serienmäßig mit einem praktischen Verbindungssystem ausgestattet. Fold kann mit den Beistelltischen Blog ergänzt werden, insbesondere mit Blog Alto, der speziell für die Kollektion Fold gedacht ist und der eine ideale Ablagefläche in Höhe der Armlehne bietet. **Struktur:** Korpus aus Massiv- und Mehrschichtholz. Federung mit geflochtenen elastischen Gurten. Das gegossene Fußgestell ist in folgenden Ausführungen erhältlich: verchromt, mattlackiert in Weiß (RAL 9010), Rot (RAL 3027) oder Grau (RAL 7022). **Polsterungen:** Formstabiles Polyurethan mit differenzierten Dichten, wobei die obere Schicht des Sitzkissens aus Polyurethan „Memory Foam“ besteht und das Ganze eine Schicht Polyesterfaser überzieht. Schonbezug aus weißer Baumwolle. Die Füllung der Wurf- und Lendenkissen ist aus neuen weißen Gänse- und Entenfedern.

PIEDE FOOT FUSS

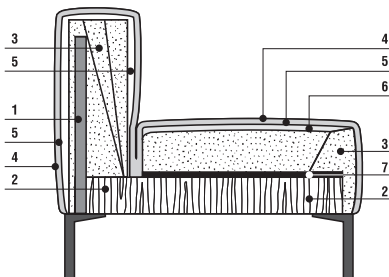

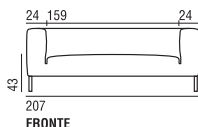

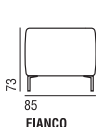

Fusione di metallo verniciato opaco color bianco (RAL 9010);
fusione di metallo verniciato opaco color rosso (RAL 3027);
fusione di metallo verniciato opaco color grigio (RAL 7022);
fusione di metallo finitura a cromo.

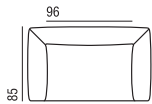

Feet in cast finishing white-matt (RAL 9010) painted;
feet in cast finishing red-matt (RAL 3027) painted;
feet in cast finishing grey-matt (RAL 7022) painted;
feet in cast finishing chrome.

Fuß in Metallfuß mattlackiert Weiß (RAL 9010);
Fuß in Metallfuß mattlackiert Rot (RAL 3027);
Fuß in Metallfuß mattlackiert Grau (RAL 7022);
Fuß in Metallfuß verchromt.

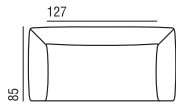

SEZIONE SECTION SEKTION

- 1: Pannello multistrato. Plywood base-panel. Mehrschichtholz.
- 2: Fusto in legno massello e multistrato. Frame in solid wood and plywood. Korpus aus Massiv- und schichtverleimtem Holz.
- 3: Poliuretano a densità differenziata. Differentiated density polyurethane. Polyurethan unterschiedlicher Dichte.
- 4: Fodera in tela. Fabric lining. Stofffutter.
- 5: Fibra Poliestere. Polyester Fibre. Polyesterfaser.
- 6: Poliuretano Memory Foam. Polyurethane Memory Foam. Polyurethan Memory Foam.
- 7: Nastri elastici intrecciati. Elastic belts interwoven. Geflochtene elastische Gurte.
