# **2014** Comprehensive Annual Financial Report

Hamilton County, Ohio | For the year ending December, 2014

## Dave Yost • Auditor of State

Board of Park Commissioners Great Parks of Hamilton County 10245 Winton Road Cincinnati, Ohio 45231

We have reviewed the *Independent Auditors' Report* of the Great Parks of Hamilton County, Hamilton County, prepared by Plattenburg & Associates, Inc., for the audit period January 1, 2014 through December 31, 2014. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Great Parks of Hamilton County is responsible for compliance with these laws and regulations.

INTRODUCTORY SECTION (This page is intentionally left blank)

June 18, 2015

To the Citizens of Hamilton County and the Board of Park Commissioners:

We are pleased to submit the Comprehensive Annual Financial Report (CAFR) for Great Parks of Hamilton County (hereafter, also referred to as "Great Parks"). This report conforms to Generally Accepted Accounting Principles (GAAP) in the United States of America in accordance with implementation of Governmental Accounting Standards Board (GASB) Statement No. 34 and provides full and complete disclosure of the financial position and operations of Great Parks for the year ended December 31, 2014. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with Great Parks management. To the best of our knowledge, the following data is accurate in all material respects and is reported in a manner designed to fairly present the financial position of the entity as a whole and results of operations of the various funds of Great Parks. All necessary financial disclosures have been included to enable the reader to gain an understanding of Great Parks' financial activities.

GAAP requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of a Management Discussion and Analysis (MD&A). Great Parks' MD&A can be found immediately following the report of the independent auditors.

#### **Report Presentation**

Financial statements of governmental organizations differ somewhat from the statements prepared for profit-oriented organizations in that governmental organizations prepare statements on a fund basis. In governmental accounting, the term "fund" is used to identify a separate accounting entity with its own assets, liabilities, revenues and expenditures or expenses, as appropriate.

10245 Winton Road Cincinnati, OH 45231

513-521-7275

Board of Park Commissioners: DeVere Burt • Donald S. LaRosa HC Buck Niehoff • Joseph C. Seta Geraldine Warner • Jack Sutton, Executive Director 1

Great Parks has established various funds to segregate activities in order to comply with legal requirements, to better facilitate management control, and to satisfy the requirements of GAAP. The presentation of this report and the financial statements contained herein are in conformance with principles established by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants (AICPA) through its various pronouncements.

#### **Reporting Entity**

Great Parks of Hamilton County was created in 1930 under authority of Chapter 1545 of the Ohio Revised Code for the purpose of protecting local natural resources and providing outdoor recreation. Great Parks is governed by a five member Board of Park Commissioners, each of whom is appointed to three-year terms by the Probate Court Judge of Hamilton County and who serve without pay. The first Park Board took office on July 17, 1930.

Great Parks of Hamilton County is proud to have been serving our community for more than 80 years. Formerly known as the Hamilton County Park District, the name was changed to Great Parks of Hamilton County in June of 2013 to unify the 21 parks and nature preserves throughout Hamilton County that make up the park system. The name reflects the great amount of green space protected, great conservation efforts, great nature programming and great recreational opportunities.

The Board of Park Commissioners appoints an Executive Director who is also the Chief Executive Officer. The Executive Director is responsible for executing policy of the Park Board. Since 1930, Great Parks has acquired and conserved 16,714 acres of parkland and open space, including twenty-one parks and nature preserves.

The mission of Great Parks of Hamilton County is "To preserve and protect natural resources and to provide outdoor recreation and education in order to enhance the quality of life for present and future generations."

Since its creation in 1930, Great Parks has relied on a combination of funding derived from self-generated earned income sources and voter approved tax levies to fulfill its mission.

Currently, the major parks and nature preserves that Great Parks owns or leases are:

5057 Wooster Pike Cincinnati, OH 45226
10431 Campbell Road, Harrison, OH 45030
1050 Paul Road, Cincinnati, OH 45238

Withrow Nature Preserve	7075 Five Mile Road, Cincinnati, OH 45230
Woodland Mound	8250 Old Kellogg Road, Cincinnati, OH 45255

#### **County Structure**

Great Parks' base for its real estate tax levy revenue (approximately \$14.9 million) is Hamilton County. The county of Hamilton was named for the former Secretary of Treasury, Alexander Hamilton, and was created by proclamation of Arthur St. Clair, Governor of the Northwest Territory, on January 2, 1790. The county was the second county formed in the state of Ohio, with Cincinnati as the county seat. The county is situated in the extreme southwestern corner of the state and covers an area of 413 square miles. The county encompasses 49 municipalities, villages and townships, of which Cincinnati is the largest. The county is the third largest in the state of Ohio in terms of population (802,038). Located on the Ohio River, the county forms the core of the "Cincinnati Metropolitan Area," which includes the counties of Hamilton, Warren, Clermont and Butler in Ohio; Dearborn and Ohio counties in Indiana; and Kenton, Campbell, Gallatin, Grant, Pendleton and Boone across the river in Kentucky.

The County Auditor serves as both the chief financial officer for the county and the real property assessor for all political subdivisions within the county. The Auditor prepares the general tax list of the county, calculates the voted and unvoted tax rates for real estate and personal property and, once collected, distributes the tax receipts to the appropriate political subdivisions and agencies within the county. The collection and distribution of tax levy proceeds is the only service provided to Great Parks.

#### Major Initiatives 2014

Great Parks changed to post-consumer recycled replacement products (24-100% recycled content) in summer 2014. Approximately 3,025 pounds of paper and plastic were kept out of the landfill and repurposed.

From the start of trail counting in May, through December 2014, a total of 860,959 people walked 12 paved trails throughout Great Parks.

The 2014 "Healthy Parks, Healthy People" initiative was created to bring people outdoors and into Great Parks to connect with nature. The goal of the program was to positively influence involvement in physical activity and behavior while educating park guests about wellness-themed programs Great Parks has to offer. Four free programs/events were developed with the initiative: Healthy Parks, Healthy People Wellness and Sustainability Fair, Step It Up! Trail Challenge, Take a Walk in the Park and Try It Fitness classes.

The grand opening of the Simmonds Family Dog Park was on a beautiful day in June 2014. The opening of the region's largest dog park was made official with a ribboncutting that included members of the Simmonds family, Great Parks, Great Parks Foundation and Jerry Lotz.

One of the fastest growing recreational activities in the area has been stand-up paddleboarding (SUP). This was the first year Great Parks offered SUP rental at Miami Whitewater Forest, Winton Woods and Sharon Woods, resulting in 358 rentals.

Great Parks acquired 97 acres in 2014 bringing the total greenspace preserved and protected to 16,714.

In 2014, volunteers contributed 66,572 hours of service, equating to 32 full-time employees. A total of 2,034 individuals volunteered with Great Parks, a 6.5% increase over 2013.

Great Parks held seven planting events open to the public with 383 participants. There were also five corporate groups and several organizations that came out to help plant trees. The combined effort has resulted in over 33 acres of reforestation in 2014 alone.

For the first time, Great Parks took part in the 2014 Reds Opening Day Parade featuring Great Parks Ranger Color Guard and staff dressed to represent outdoor activities that can be done in the parks.

Nearly 550 entries were received for the first year of the Great Parks Photo Contest.

#### **Financial Information**

Great Parks' day-to-day accounting and budgetary records are maintained on a basis other than GAAP. For financial reporting purposes, the accounting records are converted to a modified accrual basis for all governmental funds and the accrual basis for entity-wide reporting. A further discussion of the two bases of accounting can be found in Note 1-D to the financial statements.

Budgetary appropriations for the operation of Great Parks' departments are established through the adoption of the annual Appropriation Resolution by the Board of Park Commissioners. Budgetary control is facilitated through the maintenance of an encumbrance system for purchase orders and through the use of Great Parks' financial software.

Great Parks maintains budgetary control within the organizational unit and fund by not permitting expenditures and encumbrances to exceed appropriations. Various departments are subject to performance budget reviews. Funds appropriated may not be expended for purposes other than those designated in the Appropriation Resolution.

Goods and services to be purchased costing under \$5,000 do not require a formal bid. Purchases over \$5,000 but under \$50,000 must have three quotes. Purchases for goods exceeding \$50,000 must be legally bid under Ohio Revised Code Sections 307.86 through 307.92 or acquired through the State of Ohio's purchasing program. Purchases for services in compliance with Ohio Revised Code are governed by Great Parks' by-laws. Purchases exceeding \$50,000 must be approved by the Board of Park Commissioners.

#### Internal Controls

In developing and revising Great Parks' accounting and reporting control system, management's consideration is given to the adequacy of internal controls to provide reasonable, but not absolute, assurance regarding:

- safeguarding assets against loss from unauthorized use or disposition
- reliability of financial records for preparing financial statements and maintaining accountability for assets

The concept of a reasonable assurance recognizes that:

- the cost of a control should not exceed the benefits likely to be derived
- the evaluation of costs and benefits requires estimates and judgments by management

All internal control evaluations occur within the above framework. Great Parks' internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions. Initial responsibility for budgetary control rests with individual departments. The department managers receive a monthly report comparing budget with cash receipts and expenditures.

The Finance Department conducts internal cash and inventory audits at all facilities within the parks. Bank reconciliations are completed by finance personnel not authorized to sign checks.

#### Economic Outlook

The economy is still recovering slowly from the national recession that began in 2008. Regionally, Hamilton County is making good strides toward recovery and saw growth in 2014. Hamilton County's unemployment rate fell to 5.0% for 2014. Unemployment is expected to drop in 2015, but growth in the region has not been as fast as the nation overall. Real Gross Domestic Product (GDP) increased to 2.9%, closing in on the normal average of 3.3%. The number of new residential units is estimated to increase 7% in 2015. Gross Regional Product (GRP) is expected to increase to 2.7% in 2015 according to the Northern Kentucky Chamber of Commerce's "2015 Regional Economic Outlook".

#### Long-term Financial Planning

Great Parks annually updates its multi-year financial forecast which projects budgeted and projected revenues and expenditures for the duration of the current levy (2017).

In addition, a 5-Year Capital Plan is updated to set guidelines for establishing project priorities. Great Parks' plan is to finance capital projects and the related future operating costs without using debt.

#### Independent Audit

The independent audit was performed by Plattenburg Certified Public Accountants and has been contracted through the Ohio Auditor of State's Office to perform the audits of Great Parks for 2011 through 2015. The unqualified opinion rendered by Plattenburg Certified Public Accountants on Great Parks' basic financial statements, combining statements, and individual fund schedules, is included in the financial section of this Comprehensive Annual Financial Report.

#### Awards

Meadow Links & Golf Academy was recognized as one of the "Top 50 Stand-Alone Ranges" for 2014 by Golf Range Association of America. This national award is based on the facility's continued effort to be a vital part of the community.

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Great Parks for its comprehensive annual financial report for the fiscal year ended December 31, 2013. This was the fourteenth year Great Parks received this prestigious award. In order to be awarded a Certificate of Achievement, Great Parks published an easy-to-read, efficiently-organized comprehensive annual financial report. This report satisfies both accounting principles generally accepted in the United States of America and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year. It is believed the current comprehensive annual financial report continues to meet the Certificate of Achievement Program requirements. It is being submitted to the GFOA to determine eligibility for another certificate.

#### Acknowledgements

This Comprehensive Annual Financial Report represents a continuing commitment by the Board of Park Commissioners and the management of Great Parks to provide prudent financial information of Great Parks' activities and to demonstrate stewardship of the funds granted to Great Parks by the voters of Hamilton County.

We would like to thank and acknowledge the support of Great Parks' staff, especially Thomas Lowe, Finance Manager, for their effort in developing this report. We thank Dusty Rhodes, Hamilton County Auditor, and his office for assistance in providing data for the Statistical Section and the staff of Plattenburg Certified Public Accountants, our auditors, for their assistance and review during this project.

#### **INDEPENDENT AUDITOR'S REPORT**

Board of Park Commissioners Great Parks of Hamilton County

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Great Parks of Hamilton County (Great Parks) as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise Great Parks' basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Great Parks, as of December 31, 2014, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Great Parks' basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements themselves, and other records used to prepare the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 29, 2015, on our consideration of Great Parks' internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Great Parks' internal control over financial reporting.

Plattenburg & Associates, Inc. Plattenburg & Associates, Inc. Cincinnati, Ohio

May 29, 2015

As management of the Great Parks of Hamilton County (Great Parks), we offer readers of the financial statements this narrative overview and analysis of the financial activities of Great Parks for the fiscal year ended December 31, 2014. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages 1 to 7 of this report. The government wide financial statements are presented on the accrual basis of accounting. The fund financial statements are presented on the modified accrual basis of accounting which differs from those presented on a budgetary basis.

#### Financial Highlights

Key financial highlights for 2014 are as follows:

- Great Parks' total net position decreased by \$1,758,289 for the year ended December 31, 2014.
- The assets of Great Parks exceeded its liabilities and deferred inflows at the close of fiscal year ending December 31, 2014 by \$129,773,955 (net position). Of this amount, \$111,437,499 has been invested in capital assets.
- Governmental activities' net investment in capital assets decreased by \$633.877. Capital assets of Great Parks are owned with no related debt.
- General revenues in Governmental Activities decreased \$1,999,893 in 2014.
- At December 31, 2014, Great Parks governmental funds reported combined ending fund balances of \$18,561,176 a decrease of \$831,975 in comparison to the prior year. On a combined basis, \$576,901 is non-spendable, \$7,776,089 is considered restricted, and \$2,588,450 is considered assigned at December 31, 2014. The remaining unrestricted fund balance is \$7,619,736.

#### Using this Comprehensive Annual Financial Report (CAFR)

#### Overview of the Financial Statements

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the Great Parks of Hamilton County as an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

This discussion and analysis is intended to serve as an introduction to Great Parks' basic financial statements. Great Parks' basic financial statements are comprised of the following components: 1) government-wide financial statements, 2) fund financial statements, 3) notes to the financial statements and 4) required supplementary information. This report also contains combining statements,

individual fund schedules and statistical table information in addition to the basic financial statements themselves.

The government-wide financial statements - *the Statement of Net Position and the Statement of Activities* - are designed to provide readers with a broad overview of Great Parks' finances, in a manner similar to a private-sector business.

#### Statement of Net Position and Statement of Activities

The Statement of Net Position and the Statement of Activities report both long-term and short-term information about Great Parks' overall financial status using the accrual basis of accounting, similar to the method of accounting used by privatesector companies.

- Statement of Net Position. The Statement of Net Position presents information on all of Great Parks' assets, deferred outflows of resources, liabilities, deferred inflows of resources and net position. This statement provides information about the nature and amounts of investments in resources and the obligations to Great Parks' creditors, and supplies the basis for evaluating Great Parks' capital structure.
- Statement of Activities. The Statement of Activities provides information about all of Great Parks' current-year revenues and expenses, and measures the success of Great Parks' operations over the past year. Use of the accrual basis of accounting for financial reporting means all current year revenues and expenses are reported regardless of when cash is received or paid.

These two government-wide statements report Great Parks' net position and changes in net position. The change in net position is important because it tells the reader whether, for Great Parks as a whole, the financial position has improved or diminished. In evaluating the overall position of Great Parks, non-financial information, such as changes in Great Parks' tax or employment base, the condition of Great Parks' capital assets and other factors, such as changing economic conditions, population and customer growth, and new or changed rules and regulations also need to be considered.

All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in the Statement of Activities for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned, but unused vacation leave).

In the Statement of Net Position and the Statement of Activities, the overall financial position of Great Parks is presented in the following manner:

• Governmental Activities – Great Parks' programs and services are reported here, including General Government, Public Safety, Operation and

Maintenance, Naturalists, Visitor Services, and Facilities expenditures. These services are financed primarily by user fees, taxes and intergovernmental revenues, including state grants.

The government-wide financial statements can be found on pages 21-22 of this report.

#### Fund Financial Statements

Information about Great Parks' major funds is presented in the Fund Financial Statements (see table of contents). Fund financial statements provide detailed information about Great Parks' major funds - not Great Parks as a whole. Some funds are required by state law. Other funds may be established by Great Parks, with approval of Park Commissioners, to help control, manage and report funds received for a particular purpose or to show that Great Parks is meeting legal responsibilities for use of grants. Great Parks' major funds are General, Capital Projects and Mitchell.

#### **Governmental Funds**

Great Parks' services are reported in governmental funds, which focus on how funds flow into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of Great Parks' general government operations and the basic services it provides. Governmental fund information helps to determine whether there are more or less financial resources that can be spent in the near future on services provided to our patrons. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

#### Great Parks as a Whole

#### Net Position

Net Position, assets and deferred outflows of resources minus liabilities and deferred inflows of resources may serve over time as a useful indicator of Great Parks' financial position. Great Parks' total assets and deferred outflows exceeded total liabilities and deferred inflows at December 31, 2014 by over \$129.8 million compared with \$131.5 million at the end of 2013. This was a \$1.7 million decrease in 2014.

## Table 1Summary of Net Positionat December 31, 2014 and 2013

	Governmen	tal Activities
	2014	2013
Current Assets	\$ 37,098,526	\$ 37,650,786
Capital Assets	111,437,499	112,071,376

Current Liabilities	1,718,262	1,393,379
Long-term Liabilities	2,329,605	2,228,243
Total Liabilities	4,047,867	3,621,622
Property Taxes levied for next year	14,714,203	14,568,296
Total Deferred Inflows and Liabilities	18,762,070	18,189,918
Net Position		
Net Investment in Capital Assets	111,437,499	112,071,376
Restricted	7,804,925	9,179,634
Unrestricted	10,531,531	10,281,234
Total Net Position	\$ 129,773,955	\$ 131,532,244

By far, the largest portion of Great Parks' net position, \$111,437,499 (86%) in 2014 and \$112,071,376 (85%) in 2013, reflect net investment in capital assets. Great Parks uses this portion of net position to provide services to citizens; consequently these assets are not available for future spending. An additional portion of Great Parks' net position, \$7,804,925 (6%) in 2014 and \$9,179,634 (7%) in 2013, represent resources that are subject to internal and external restrictions on how they may be used. The remaining balance represents unrestricted net position. This is made up of unrestricted net position of government activities \$10,531,531 in 2014 and \$10,281,234 in 2013.

#### Changes in Net Position

Table 2 provides a comparative summary of Great Parks' revenue and expenses along with the changes in Net Position for the years 2014 and 2013. Great Parks' total revenue decreased 6% in 2014 to \$32,244,800. Just over one-half (54%) of Great Parks' revenue came from charges to users of Great Parks facilities, grants, and other revenue. Additionally, 46% of revenue came from taxes.

Net Position, January 1	131,532,244	130,252,961
Net Position, December 31	\$129,773,955	\$131,532,244

#### **Governmental Activities**

Total governmental revenue decreased by \$1,971,067. The significant items that contributed to this net decrease were a decrease in investment earnings of \$990,832, other revenue decreased \$1,472,578, and tax revenue increased \$463,517. Grant revenue varies greatly from year-to-year depending on what grants Great Parks has been awarded.

Total governmental expenses increased by \$1,066,505. This increase was primarily due to an increase of \$451,784 in visitor expenses, and an increase of \$181,371 in facility expenses.

With total governmental expenses exceeding revenues, the Change in Net Position for 2014 was a decrease of \$1,758,289 Governmental net position at December 31, 2014, on the accrual basis, was \$129,773,955 (Table 2).

#### Great Parks' Funds

Great Parks has three major governmental funds: General, Capital Projects and Mitchell.

#### <u>General Fund</u>

The Fund balance at December 31, 2014 was \$8,972,602 which was a decrease in fund balance of \$1,277,885 from 2013. This is mainly due to an increase of \$1,000,000 in transfers out to the Capital Projects Fund.

#### Capital Projects Fund

Capital Projects expenditures totaled over \$4.2 million, financed by a \$4.5 million transfer from the General Fund. There was no debt incurred to finance Great Parks improvements.

#### <u>Mitchell Fund</u>

In 2014, the fair market value of the investment portfolio increased by \$33,010. Operations and maintenance costs of Mitchell Memorial Forest were \$138,667 in 2014.

#### General Fund Budgetary Highlights

Great Parks' annual budget, the starting point for its financial planning and control, is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund.

The Board of Park Commissioners typically adopts the annual operating budget for Great Parks in November of the preceding budget year. All disbursements and transfers of cash between funds require appropriation by Great Parks Commissioners. The adopted budget may be amended by Great Parks Commissioners. All budgeted amendments and supplemental appropriations made during 2014 are included in the revised budgeted amounts presented in the budget to show comparisons. This information is presented beginning on page 46.

Differences between Great Parks' original budgeted revenue and final budgeted revenue were minimal. Differences from original and final budgeted expenses were due mainly to capital outlay additions in Operations and Visitor Services.

#### Capital Assets

At December 31, 2014, Great Parks had invested \$111,437,499 (net of accumulated depreciation) in total assets compared to \$112,071,376 in 2013. This represents a decrease of 1% in total assets.

Table 3 provides a comparable summary of Great Parks' net capital assets, for fiscal years 2014 and 2013. For more detailed information, see capital asset activity information in notes 1 and 7 to the basic financial statements.

Major capital additions during the year were:

• M	iami Whitewater Forest Dog Park	\$443,369
-----	---------------------------------	-----------

Sweetgum Playground 159,923

1			
	Acti	viti	es
	2014		2013

Total	\$111,437,499	\$	112,071,376

#### Table 3

#### Long-Term Debt

Great Parks had no long term debt in 2014 and 2013. The legal debt limitation at December 31, 2014 was \$175,102,000 and \$174,849,000 in 2013. Great Parks' plan is to finance capital projects and the related future operating costs generally without using debt, but may use financing and leases as appropriate. The Computation of Legal Debt Margin table can be found in the statistical section of this CAFR.

#### Economic Factors and Next Year's Budget

Great Parks is a special purpose government operating under the authority of Chapter 1545 of the Ohio Revised Code, providing park and recreation opportunities to the citizens of Hamilton County, as well as adjoining counties, northern Kentucky and southeastern Indiana.

Fifty-four percent (54%) of the U.S. population is within one hour's flight time and the Metropolitan Area is within 600 miles of 53% of the nation's purchasing power and 54% of the nation's manufacturing establishments.

The corporate headquarters of numerous companies are located in Hamilton County. Cincinnati is the home to several Fortune 500 corporations, including Procter & Gamble, the Kroger Company, Macy's Department Stores, and Fifth Third Bancorp. Another 370 Fortune 500 companies have operations in the metropolitan area.

The Hamilton County metropolitan area is a growing center for international business, with over 1,000 companies engaged in international trade. Metropolitan area companies generate sales of approximately \$6.7 billion to customers outside the U.S. each year. Major export products include jet engines, plastics, machinery, computer software, paper and consumer goods. Directly imported products amount to over \$2 billion annually. Over 300 Greater Cincinnati companies are also owned by foreign companies from Japan, England, Western Europe and Canada. Foreign trade zone status is also available in Greater Cincinnati to assist firms engaged in international trade to lower import duty and tax expenses.

The county is also the location of major federal government installations, including a regional postal service center, a regional Internal Revenue Service center, an environmental research center, an occupational health and safety research center and the Sixth Circuit Court of Appeals.

The County's primary sporting venues include Paul Brown Stadium seating 65,600, Great American Ballpark, with a seating capacity of 42,300; the US Bank Arena, which can accommodate 17,000; Cincinnati Gardens which seats 10,800; the Fifth Third Arena at the University of Cincinnati with a capacity of 13,176; and the Cintas Center at Xavier University with seating for 10,250.

For further information regarding Hamilton County, please see the Statistical Section.

#### Requests for Information

This financial report is designed to provide our citizens, taxpayers, patrons, and creditors with a general overview of Great Parks' finances and to show Great Parks' accountability for the funds it receives. If you have any questions about this report or need additional financial information, contact the Deputy Director/CFO, Great Parks of Hamilton County, 10245 Winton Road, Cincinnati, OH 45231 or call (513) 521-7275.

#### Note 1. Summary of Significant Accounting Policies

#### A. Reporting Entity

As required by generally accepted accounting principles (GAAP) in the United States of America, these financial statements present all funds for which Great Parks is financially accountable. Great Parks is considered a related organization to Hamilton County, Ohio. This decision is based on the fact that the Board of Commissioners are appointed by the Probate Court Judge of Hamilton County, but Hamilton County cannot impose its will on Great Parks in any manner, nor does there exist any financial benefit or burden relationship between Great Parks and Hamilton County.

The accompanying financial statements of Great Parks are prepared in conformity with GAAP, prescribed in statements and interpretations issued by Governmental Accounting Standards Board (GASB).

A Component unit is a legally separate organization for which Great Parks of Hamilton County is financially accountable. Great Parks is accountable for an organization if the following criteria are met; (1) Great Parks appoints the voting majority of an organization's governing board; (2) Great Parks is the primary beneficiary or is responsible for an organizations debt; (3) Great Parks is able to significantly influence the programs and activities supported by the organization.

In prior years the financial activities of potential component units were not significant in relation to the financial activities of Great Parks of Hamilton County and therefore no component units were reflected in the basic financial statements. However, during 2014 the financial activities of a potential component unit became significant in relation to Great Parks of Hamilton County. Therefore upon further evaluation based on the criteria in the preceding paragraph, it was determined that the financial activities of this potential component unit should be reflected in the basic financial statements of Great Parks of Hamilton County.

Discretely Presented Component Unit

Great Parks has included one discretely presented component unit, the Great Parks Foundation. Great Parks Foundation was formed in 2007 with the sole purpose of assisting Great Parks of Hamilton County in protecting and enhancing regional parkland and providing outstanding outdoor recreation and nature education services. The foundation is fully supported by private and corporate contributions. Further disclosures for the Great Parks Foundation can be found in note 12.

#### B. Basic Financial Statements – Government-Wide Statements

The Statement of Net Position and the Statement of Activities display information about Great Parks as a whole. These statements include the financial activities of the overall government. The government-wide statement of activities presents a comparison for each function or program of Great Parks' governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include 1) charges to customers who purchase, use or directly benefit from goods, services or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operation or capital requirements of a particular function or activity. Taxes, intergovernmental revenues and other items not properly included among program revenues are reported as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of Great Parks.

The Statement of Net Position reports all financial and capital resources using the economic resources measurement focus and the accrual basis of accounting. Great Parks presents the statement in a format that displays assets plus deferred outflows of resources equals liabilities plus deferred inflows of resources, plus net position. Net position is displayed in three components:

- The *Net Investment in Capital Assets,* component consists of capital projects, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets.
- The *Restricted Net Position* component represents net position with constraints placed on their use that are either 1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or 2) imposed by law through constitutional provisions or enabling legislation.
- The *Unrestricted Net Position* component consists of net position that do not meet the definition of the preceding two components

## C. Basic Financial Statements – Fund Financial Statements

Great Parks uses funds to maintain its financial records during the fiscal year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain Great Parks functions or activities. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The various funds of Great Parks are categorized as governmental funds. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column.

The following are Great Parks' major governmental funds:

#### 1. Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income.

- **a. General Fund** is the general operating fund of Great Parks. It is used to account for all financial resources except those required to be accounted for in another fund.
- **b. Capital Projects Fund** is used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by business-type/proprietary funds).
- **c. Mitchell Fund** is used to account for the initial bequest from William Morris Mitchell and the subsequent accumulation of investment income, donations, expenditures for contiguous land, construction, maintenance and operations of the Mitchell Memorial Forest.

#### D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred inflows of resources, and in the presentation of expenses versus expenditures.

<u>Revenues – Exchange and Non-exchange Transactions</u>

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For Great Parks, available means expected to be received within sixty days of fiscal year end.

Non-exchange transactions, in which Great Parks receives value without directly giving equal value in return, included property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which Great Parks must provide local resources to be used for a specified purpose, and expenditure requirements, in

which the resources are provided to Great Parks on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized. Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year end: grants and interest.

#### Deferred Inflows of Resources

Deferred inflows of resources represent an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. Great Parks has deferred inflows of resources from three sources which arise under the modified accrual basis of accounting: property taxes, delinquent property taxes and grants. Therefore, the governmental funds defer these amounts and will recognize them as an inflow of resources in the subsequent period that the amounts become available.

For the full accrual basis, deferred inflows of resources arise from property taxes. Property taxes are reported as deferred inflows of resources since as of December 31, 2014 there is an enforceable legal claim but the taxes were levied to finance fiscal year 2015 operations. Great Parks will recognize an inflow of resources in the subsequent period for which the property taxes were levied to finance.

#### Expenditures\Expenses

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds. On the accrual basis of accounting, expenses are recognized at the time they are incurred.

#### E. Pooled Cash and Cash Equivalents

Great Parks maintains a cash and investment pool used by all funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "Cash and Cash Equivalents." Investments with original maturities of three months or less are considered to be cash equivalents. Cash equivalents are recorded at cost, which approximates market value. Interest earned from investments purchased with pooled cash is allocated to the funds, based on amounts in the pool, unless otherwise restricted by statute.

#### F. Investments

Investments are reported at fair market value. Investments consist of securities owned by Great Parks that are traded on a national exchange and valued at quoted market prices.

#### G. Inventories

Inventory is valued at cost, using first-in, first-out (FIFO) method. The costs of inventory items are recognized as expenditures in the General Fund when sold or consumed.

#### H. Capital Assets

Capital assets include land, buildings, furniture and fixtures, machinery and equipment, vehicles, and infrastructure owned by Great Parks. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net position but are not reported in the fund financial statements. Capital Assets are stated at historical or estimated historical cost. Donated assets are stated at estimated market value at the time of donation. All capital assets in excess of \$1,000 are capitalized. See Note 7 for accumulated depreciation by class. Depreciation for capital assets is provided using the straight-line method over the estimated life of the assets.

Depreciation lives used for property items within each property classification are as follows:

Buildings	30 years	Parking	10 years
Machinery/Equipment	7 years	Trails	20 years
Vehicles	5 years	Sewers	20 years
Furniture/Fixtures	7 years	Dams	30 years
Water Supply	20 years	Bridges	30 years
Roads/Pavement	20 years	Playgrounds	15 years

Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

#### I. Compensated Absences

Great Park's records accumulated unpaid sick leave, vacation, holiday and compensatory time benefits as compensated absences payable when earned by the employee.

**Vacation** - Full and part-time employees will be eligible for accrued vacation leave after their first pay period with approval from their supervisor. Seasonal employees who are promoted to a full or part-time position will begin their accruals the pay period in which the promotion is effective. Accrual of vacation time is as follows:

	Vacation Hours Earned	Total Earned
<u>Years of Service</u>	Per 80 Hours Worked	<u>Per Year</u>
0 to 7 years	3.1 hours/80 hrs/pay	10 days
8 to 14 years	4.6 hours/80 hrs/pay	15 days
15 to 24 years	6.2 hours/80 hrs/pay	20 days
25 plus years	7.7 hours/80 hrs/pay	25 days

At the beginning of the 8<sup>th</sup>, 15<sup>th</sup> and 25<sup>th</sup> year, employees will progress to the next accrual level.

Vacation pay for eligible employees is based on current rate of pay. Overtime hours are not counted in computing vacation time. Any employee, who works less than 2,080 hours per year, will have vacation time determined by the percentage of the total hours they work. No vacation time is earned while an employee is on an unpaid leave of absence or an unpaid military leave. Vacation time may be accumulated to a maximum of that earned in two years. At the time of an employee's termination, the employee is entitled to compensation at their current rate of pay for any earned but unused vacation leave.

**Sick Leave** – Sick leave accumulates at the rate of 4.6 hours for every 80 hours worked with a maximum of 15 days per year. There is no maximum accumulation. It is to be used as needed and approved. Upon retirement, an employee with 10 or more years of active service may receive a one-time payment. This payment is calculated as one hour's pay for every two hours of accrued leave, up to a maximum of 720 hours. At December 31, 2014, Great Parks recorded a liability for sick leave totaling \$1,736,185 in accordance with GASB Statement No. 16, whereby sick leave is expensed and accrued only for probable retirees.

**Compensatory Time** - The maximum accumulation for exempt employees is 80 hours of comp time and comp time earned in excess of the maximum will be forfeited. Exempt employees are required to take current year comp time by April of the following year. Non-Exempt employees are paid over-time at the time and a half rate for any hours worked over 40.

Long-term obligations for vested sick leave, vacation and comp time and any claims or judgments are shown in the Statement of Net Position. Unpaid vacation, sick leave and comp time, are computed as prescribed in GASB Statement No. 16. A full accrual for future amounts due is presented as compensated absences in government-wide statements. See Note 9.

#### J. Inter-Fund Transactions

During the normal course of operation, Great Parks has certain transactions between funds. Charges from the General Fund to Other Funds for administration, maintenance, utilities and other costs are identified as Charges for Services (revenue) by the General Fund and expenditures in the Other Funds. All other inter-fund transactions are reported as transfers.

#### K. Fund Balance

In accordance with Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, Great Parks classifies its fund balance based on the purpose for which the resources were

received and the level of constraint placed on the resources. The following categories are used:

Nonspendable – resources that are not spendable from (inventory) or have legal or contractual requirements to maintain the balance intact.

Restricted – Resources that have external purpose restraints imposed on them by providers, such as creditors, grantors, or other regulators.

Committed – The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the Board of Park Commissioners. Those committed amounts cannot be used for any other purpose unless the Board of Park Commissioners removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned – Amounts in the assigned fund balance classification are intended to be used by Great Parks for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses specified by Great Parks Board of Park Commissioners through board resolutions to allocate funds to specific purposes.

Unassigned – residual fund balance within the General Fund that is not restricted, committed, or assigned. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from incurred expenses for specific purposes exceeding amounts which had been restricted, committed or assigned for said purposes.

Great Parks considers restricted, committed, assigned, and unassigned fund balances, respectively, to be spent when expenditures are incurred for purposes for which multiple fund balance classifications could be used.

#### L. Net Position

Net position represents the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources. Net position, net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Board of Park Commissioners or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

Great Parks applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available. Of Great Parks' restricted net position, none was restricted by enabling legislation.

#### M. Estimates

The preparation of the financial statements in conformity with the generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

#### N. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of Great Parks and that are either unusual in nature or infrequent in occurrence.

#### Note 2. Deposits, Investments and Investment Return

#### Deposits

Custodial credit risk is the risk that in the event of a bank failure, government's deposits may not be returned to it. Great Parks deposit policy for custodial risk requires compliance with the provisions of state law. State law requires collateralization of all deposits with federal depository insurance; bonds and other obligations of the U.S. Treasury, U.S. agencies or instrumentalities of the state of Ohio; bonds of any city, county, school district or special road district of the state of Ohio; bonds of any state; or a surety bond having an aggregate value at least equal to the amount of the deposits. At December 31, 2014, \$9,862,841 of Great Parks' bank balances were exposed to custodial credit risk as these deposits were uninsured and collateral held was in other than Great Parks' name.

#### Investments

Great Parks may legally invest in direct obligations of, and other obligations guaranteed as to principal by, the U.S. Treasury and U.S. agencies and instrumentalities. Great Parks may not purchase corporate bonds, stocks or notes. Donations of these items may be held until such time as the Board of Park Commissioners deems it advisable to sell such items.

At December 31, 2014, Great Parks had the following investments:

Corporate Stocks	\$ 6,162,313
Star Plus Ohio Account	1,004,824
Corporate Bonds	514,500
Star Ohio Account	208,641
Municipal Bonds	51,674

*Interest Rate Risk* As a means of limiting its exposure to fair value losses arising from rising interest rates, Great Parks investment policy limits all maturities to a maximum of two years.

*Credit Risk* Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligation. It is Great Parks' policy to limit its investments to those permitted by state law, donated corporate stock or corporate bonds. Purchases of corporate stock, corporate bonds or obligations of political subdivisions other than the State of Ohio are prohibited.

*Custodial Credit Risk* For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, Great Parks will not be able to recover the value of its investment or collateral securities that are in possession of an outside party. All investments in corporate stock are held in Great Parks' name. Great Parks' investment policy does not address custodial credit risk.

*Concentration of Credit Risk* Great Parks limits investments with one issuer to no more than 50% of the investment portfolio except as follows:

- (a) Donated corporate stock, no limit.
- (b) External Investment Pool, (STAR OHIO) secured by U.S. Treasury obligations, \$10 million limit.
- (c) Fifth Third Bank. Balances totally collateralized with U.S. Treasury Securities, \$10 million limit.

At December 31, 2014 the investment portfolio included the following concentrations of common stock that exceeded 5% of the total investment portfolio

	Market value at			
Company	Dece	ember 31, 2014		
Proctor & Gamble	\$	2,949,494		
Eaton Corp PLC		924,256		
Bristol Myers Squibb		472,240		
PNC Financial Services		437,904		
Exxon Mobil Corp		307,674		
US Bancorp		289,928		
AT&T Inc		283,399		

## Summary of Carrying Values

The carrying values of deposits and investments shown above are included in the balance sheet and statement of net position as follows:

#### Carrying Value

Cash Deposits		\$ 11,431,995
Investments		 7,941,952
	Total	\$ 19,373,947

#### Investment Income

Investment Income for the year ended December 31, 2014 consisted of:

Interest and dividend income		\$ 225,777
Net increase in fair value		243,081
	Total	\$ 468,858

#### Note 3. Property Taxes

Property taxes include amounts levied against real and public utility property. Property tax revenue received during 2014 for real and public utility property taxes represents collections of the 2013 taxes. Real property taxes for 2014 are levied after October 1, 2014, on the assessed value as of January 1, 2014, the lien date. Assessed values are established by State law at 35 percent of appraised market value. The 2014 real property taxes are collected in and intended to finance 2015 operations.

Public utility tangible personal property currently is assessed at varying percentages of true value. Public utility real property is assessed at 35 percent of true value. Public utility property taxes for 2013 became a lien December 31, 2013, are levied after October 1, 2014, and are collected in 2015 with real property taxes.

The assessed values of real and tangible personal property upon which current year property tax receipts were based are as follows: (Amounts in thousands)

Real Property - 2013 Valuation	
Residential/Agricultural	\$ 16,767,400
Commercial/Industrial/Public Utilities	 742,760
Total Valuation	\$ 17,510,160

Property taxes are payable semi-annually. The first payment is due January 20 with the remainder payable by June 20.

The County Treasurer collects property taxes on behalf of all taxing districts in the county, including Great Parks. The County Auditor periodically remits to Great Parks its portion of the taxes collected. Accrued property taxes receivable represent real property taxes, public utility taxes and outstanding delinquencies which are measurable as of the year end for which there is an enforceable legal claim.

Great Parks property tax is generated from two sources. The first is an unvoted .03 mill levy granted annually by the Hamilton County Commissioners. The second is a replacement levy of 1.0 mill which is scheduled to expire in 2017.

#### Note 4. Leases

#### **Operating Leases**

Great Parks leases various park properties, land, and water, over varying periods. None of the agreements contain unusual renewal or purchase options. Great Parks is responsible for preservation and maintenance of the properties. Future minimum rental payments under operating leases are not material to the financial statements.

#### Note 5. Retirement Plans

#### A. Ohio Public Employees Retirement System

Ohio Public Employees Retirement System (OPERS) administers three separate pension plans, a Traditional Pension Plan (TP), a Member-Directed Plan (MD) and a Combined Plan (CO). The TP Plan is a cost-sharing multiple employer defined benefit pension plan. The MD Plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the MD Plan, members accumulate retirement assets equal to the value of member and (vested) employer contributions plus any investment earnings. The CO Plan is a cost sharing, multiple-employer defined benefit pension plan. Under the CO Plan, OPERS invests employer contributions to provide a formula retirement benefit similar in nature to the TP Plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the MD Plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost of living adjustments to members of the TP and CO Plans. Members of the MD Plan do not qualify for the ancillary benefits. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report. Interested parties may obtain a copy by writing to the OPERS, 277 East Town Street, Columbus, Ohio 43215-4642 or by calling 614-222-5601 or 800-222-7377, or by visiting the OPERS website at www.opers.org.The Ohio Revised Code provides statutory authority for member and employer contributions. Plan members and employer contribution rates were consistent across all three plans. Regular plan members are required to contribute 10% of their annual covered salary to fund pension obligations and law enforcement plan members are required to contribute 12.6%. The employer pension contribution rate for park employees is 14% of covered payroll and 18.10% for park district law enforcement. The contribution rates are determined actuarially. Great Parks' required contributions to OPERS for the years ended December 31, 2014, 2013 and 2012 were as follows:

				Emplo	yee's Contribution for
F	For the Year Ended	Emp	loyee's Contribution for	L	aw Enforcement
	December 31		Regular Employees		Employees
	2014	\$	1,702,710	\$	355,461
	2013		1,656,676		354,287
	2012		1,622,618		335,577

The full amount has been contributed for 2012, 2013 and 2014.

#### B. Post-Employment Benefits

#### **Ohio Public Employees Retirement System**

#### Plan Description

OPERS maintains a cost-sharing multiple employer defined benefit postemployment healthcare plan, which includes a medical plan, prescription drug program and Medicare Part B premium reimbursement, to qualifying members of both the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

In order to qualify for post-employment health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 45.

The Ohio Revised Code permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

OPERS issues a stand-alone financial report. Interested parties may obtain a copy by writing OPERS, 277 East Town Street, Columbus, OH 43215-4642, or by calling 614-222-5601 or 800-222-7377, or by visiting the OPERS website at www.opers.org.

#### Funding Policy

The Ohio Revised Code provides the statutory authority requiring public employers to fund post-retirement health care through their contributions to OPERS. A

portion of each employer's contribution to OPERS is set aside for the funding of post-retirement health care benefits.

Employer contribution rates are expressed as a percentage of the covered payroll of active members. In 2014, Great Parks contributed at 14% of covered payroll for park facilities employees and 18.10% of covered payroll for park district law enforcement employees. These are the maximum employer contribution rates permitted by the Ohio Revised Code. Active members do not make contributions to the OPEB Plan.

OPERS' Post-Employment Health Care Plan was established under, and is administered in accordance with, Internal Revenue Code 401(h). Each year, the OPERS Retirement Board determines the portion of the employer contribution rate that will be set aside for funding of post-employment health care benefits. The portion of employer contributions allocated to the health care for members in the Traditional Plan was 4.0% during calendar year 2014. The portion of employer contributions allocated to health care for members in the Combined Plan was 6.05% during calendar year 2014. The OPERS Retirement Board is also authorized to establish rules for the payment of a portion of the health care coverage by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

#### Information from Great Park's Records

The rates stated in Funding Policy, above, are the contractually required contribution rates for OPERS. Great Parks' actual contributions for the current year, which were used to fund post-employment benefits, were as follows:

	 2014	2013	2012
Regular Employees	\$ 851,355	\$ 828,338	\$ 811,309
Law Enforcement Employees	 139,240	137,017	131,451
	\$ 990,595	\$ 965,355	\$ 942,760

The full amount has been contributed for 2012, 2013 and 2014.

#### OPERS Retirement Board Implements its Health Care Preservation Plan

The Health Care Preservation Plan (HCPP) adopted by the OPERS Board of Trustees on September 9, 2004 was effective January 1, 2007. Member and employer contribution rates increased on January 1 of each year 2006 to 2008, which allowed additional funds to be allocated to the health care plan.

#### Note 6. Commitments

Great Parks has contractual commitments to various vendors for future supplies and services. Determinable amounts are recorded as encumbrances at December 31, 2014, as follows:

		Dollars of			C	Dollars of
Purpose	E	ncumbrances	Fund	b	Enc	umbrances
Park Operations	\$	340,702	General		\$	357,178
Park Improvements		136,308	Capital			130,863
Operating Supplies		16,476	Evergreen			5,445
Total	\$	493,486		Total	\$	493,486

#### Note 7. Capital Assets

A. Governmental Activities - changes in capital assets during the year ended December 31, 2014 follows:

 434,230
\$ 4,726,900
\$

#### Note 8. Risk Management

Great Parks is exposed to various risks of loss related to torts - theft of, damage to and destruction of assets, errors and omissions, injuries to employees, and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past three years, nor has there been a significant reduction in insurance coverage in the same period.

Great Parks pays into the State of Ohio Bureau of Workers Compensation System at a retrospective rate based on gross salaries less any employee contributions to a 457 plan. Workers' claims are submitted to the State of Ohio for authorization and payment to the injured employee. The State of Ohio establishes employer payments, employee payments, and adequate reserves.

#### Note 9. Compensated Absences/Long Term Liabilities

		Balance					Balance			
	- -	January 1,				De	ecember 31,	Current	L	.ong-term
		2014	Additions	Re	eductions		2014	Portion		Portion
Compensated										
Absences	\$	2,519,546	\$ 1,020,357	\$	(951,453)	\$	2,588,450	\$ 258,845	\$	2,329,605
Total	\$	2,519,546	\$ 1,020,357	\$	(951,453)	\$	2,588,450	\$ 258,845	\$	2,329,605

Long term liability activity for the year ended December 31, 2014 was:

Compensated absences will be paid from the fund in which employees' salaries are paid, which in prior years has typically been the General Fund.

#### Note 10. Fund Balance

Fund balance is classified as non-spendable, restricted, committed, assigned, and/or unassigned based primarily on the extent to which Great Parks is bound to observe constraints imposed upon the use of the resources in the governmental funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

Fund Dalaman		C	General		Capital Projects		Aitchell	Go	Other overnmental		Tabal

## Note 11. Contingent Liabilities

## A. Grants

Great Parks receives financial assistance from federal, state, and local agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. Management estimates that such disallowed claims, if any, would not materially affect the financial statements of Great Parks.

## B. Litigation

From time to time, Great Parks is a party to various claims and litigation. Management estimates that any potential claims against Great Parks would not materially affect the financial statements of Great Parks.

## Note 12. Discretely Presented Component Unit

## A. Basis of Accounting

The Great Parks Foundation (Foundation) is a legally separate, tax-exempt component unit of Great Parks of Hamilton County (Great Parks). The accompanying financial statements of the foundation have been prepared in accordance with pronouncements of the Financial Accounting Standards Board (FASB). As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Component Unit financial information in the accompanying financial statements.

Contributions to the Foundation are recognized and reported as revenue at fair value upon the earlier of the period in which a pledge becomes unconditional or the period in which the contribution is received. Contributions with donor-imposed restrictions are reported as temporarily or permanently restricted support while contributions without donor-imposed restrictions are reported as unrestricted support.

# B. Deposits and Investments

## Deposits

Custodial credit risk is the risk that in the event of a bank failure, government's deposits may not be returned to it. At December 31, 2014, \$1,390 of Great Parks Foundation's bank balances were exposed to custodial credit risk as these deposits were uninsured and collateral held was in other than Great Parks Foundation name.

## Investments

At December 31, 2014, Great Park Foundation had the following investments:

Corporate Stocks	\$ 2,829,550
Corporate Bonds	839,872

At December 31, 2014 the investment portfolio included the following concentrations of common stock that exceeded 5% of the total investment portfolio

#### Great Parks of Hamilton County Notes to the Basic Financial Statements For Year Ended December 31, 2014

	Ν	larket value at
Company	Dec	ember 31, 2014
First Eagle Overseas	\$	240,674
Harbor International		236,888
Lazard Emerging Markets		472,240
WCm Focused International		437,904

## Summary of Carrying Values

The carrying values of deposits and investments shown above are included in the balance sheet and statement of net position as follows:

#### Carrying Value

Cash Deposits	\$ 398,789
Investments	3,669,422
Total	\$ 4,068,211

#### Investment Income

Investment Income for the year ended December 31, 2014 consisted of:

Interest and dividend income		\$ 656
Net increase in fair value		 283,160
	Total	\$ 283,816

# C. Support Provided to Great Parks of Hamilton County

During the year ended December 31, 2014 the Foundation provided resources of \$435,451 to or on behalf of Great Parks of Hamilton County for park operations, park programs and other purposes.

#### **Budgetary Process**

<u>Budget</u> - A budget of estimated cash receipts and disbursements is submitted to the County Auditor, who serves as Secretary of the County Budget Commission, by July 20 of each year for the period of January 1 to December 31 of the following year.

<u>Estimated Resources</u> - The County Budget Commission certifies its actions to Great Parks by September 1. As part of this certification, Great Parks receives the official certificate of estimated resources which states the projected receipts of each fund. On or about January 1, this certificate is amended to include any unencumbered balances from the preceding year. Prior to December 31, Great Parks must revise its budget so that the total budgeted expenditures from a fund during the ensuing fiscal year will not exceed the amount stated in the Certificate of Estimated Resources. The revised budget then serves as the basis for the annual appropriation measure. Budget receipts, as shown on the accompanying financial statements, do not include January 1, 2014 unencumbered fund balances. However, those fund balances are available for appropriations.

<u>Appropriations</u> - A temporary appropriation measure to control cash disbursements may be passed on or about January 1 of each year for the period January 1 to March 31. An annual appropriation measure must be passed by April 1 of each year for the period January 1 to December 31. The appropriation measure may be amended or supplemented during the year as new information becomes available. Appropriations may not exceed estimated resources, as certified.

<u>Encumbrances</u> – Great Parks is required to use the encumbrance method of accounting by mandate of Ohio law. Under this system, purchase orders, contracts and other commitments for the expenditure of funds are recorded on the Non-GAAP budgetary basis in order to reserve that portion of the applicable appropriation and to determine and maintain legal compliance.

At the close of each fiscal year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried forward to the succeeding fiscal year and need not be reappropriated.

Great Parks is organized into two sections, each led by a Deputy Director. The Deputy Directors report to an Executive Director, who in turn reports to a Board of Park Commissioners. Under these sections are various departments. All governmental funds of Great Parks have legally adopted budgets at the personal service and other object level within each department for estimated resources and appropriations. The transfer of appropriations

#### Budgetary Process (continued)

within the two respective object levels in each department does not require approval of the Board of Park Commissioners. Revisions to estimated resources or budgeted appropriations must be approved by the Board of Park Commissioners and submitted to the Hamilton County Auditor. Department managers are responsible for operating within the approved budget, as periodically amended. Please refer to page 9 of this report for an Organizational Chart.

Listed below is a reconciliation of the results of operations for the year ended December 31, 2014 from modified accrual (GAAP) basis to the Non-GAAP budgetary basis.

### SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for specific governmental revenues (other than major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action and expenditures for a specified purpose.

LAW ENFORCEMENT FUND – To account for money that is contraband or is derived from the sale of contraband. Ten percent is to be used for community prevention programs and 90% for discretionary law enforcement projects.

LAW ENFORCEMENT AND EDUCATION FUND – To account for fines related to driving under the influence (DUI) of drugs or alcohol. This fund may be spent on any DUI related enforcement or education programs.

DRUG AND LAW ENFORCEMENT FUND – To account for drug fines remitted by the courts. The fund may be used for efforts that pertain to drug offenses.

EVERGREEN FUND - To account for donations identified by the donor to be used for a specific purpose and to account for the following separate funds which are combined for reporting purposes:

Estate of Betty Martin Estate of Virginia Miller Newberry Wildlife Sanctuary Estate of Margaret Embshoff Others

BURCHENAL FUND - Established to account for funds donated to provide trails, gardens and appropriate memorial and other capital improvements on the Burchenal Tract at Glenwood Gardens, Woodlawn, Ohio.

# STATISTICAL SECTION

# STATISTICAL SECTION

The statistical section provides selected financial, economic and demographic information which may be used to indicate trends for comparative fiscal periods.

## **Statistical Section**

This part of the Great Parks of Hamilton County's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about Great Parks' overall financial health.

#### Contents

#### Financial Trends

These schedules contain trend information to help the reader understand how Great Parks' financial performance and well-being have changed over time.

#### **Debit Capacity**

Great Parks has no outstanding long-term debt.

#### **Revenue Capacity**

These schedules contain information to help the reader assess Great Parks' most significant local revenue source, the property tax.

#### Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which Great Parks' financial activities take place.

#### **Operating Information**

These schedules contain service and infrastructure data to help the reader understand how the information in Great Parks' financial report relates to the services Great Parks provides and the activities it performs.

#### Other Information

Other information contained in this report is the Insurance Coverage Schedule, and a list of park facilities.

**Sources:** Unless otherwise noted, the information in these schedules is derived from the Comprehensive Annual Financial Reports for the relevant year.

Source: Hamilton County Auditor's Office, Budget Commission, Tax Duplicate

Note: Property in Hamilton County is reassessed every six years. In Ohio, taxable assessed value is 35% of appraised market value. Estimated actual value is calculated by dividing assessed value by that percent. Tax rates are per \$1,000 of assessed valuation. According to Ohio law, tax exempt property is classified separately and is not included in residential, commercial or industrial properties until it is no longer exempt and its use is determined at a later date.

Excludes tax-exempt property.

Beginning in tax year 2002, percentages for valuing estimated actual value of Tangible Personal properties vary by class and type.

Beginning in tax year 2006, values for telecommunication companies were reclassified from the Public Utility property class to the General Tangible Personal property class.

## Yellow Book Report

December 31, 2014

#### INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Park Commissioners Great Parks of Hamilton County

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Great Parks of Hamilton County (Great Parks), as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise Great Parks' basic financial statements, and have issued our report thereon dated May 29, 2015.

#### **Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Great Parks' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Great Parks' internal control. Accordingly, we do not express an opinion on the effectiveness of Great Parks' internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Great Parks' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and

material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
