The long-neglected areas around **Love Field** are seeing an increase in real estate activity, thanks in part to investor **Scott Rohrman**, who's on an acquiring spree.

d retail

building that's been vacant for years. The three story-building at **2626 W Mockingbird Ln** was built in 1962, and Rohrman **told** the Dallas Morning News he hopes to preserve it but is waiting to see if that's economically feasible.

Rohrman is in discussions with potential tenants to lease the building. Several car-rental businesses are interested in the building's **1,000-space garage**.

Rohrman says he's snapping up lots around the area with the attitude that, **“we buy things and figure it out later.”**

Rohrman has bought nearly **40 properties** in Deep Ellum. [[DMN](#)]
