

# RJ Vinedos Reunion Bonarda 2016

This sustainably farmed, single vineyard wine is composed of 100% hand harvested grapes from Alto Agrelo in Lujan de Cuyo, Mendoza. Reunión Bonarda has a deep purple color with black and violet hues. The wine explodes with blackberry, strawberry, and currants on the nose which leads to rich, round fruit and a touch of white chocolate and tobacco on the palate and a smooth, balanced finish.

Vintage: 2016  
Varietal: 100% Bonarda

Lees Contact:  
Filtration Method: Tangential Flow Filtration  
Maceration / Fermentation: Pre-fermentation maceration at 46 degrees F  
UPC Code: 895824001056

RJ Vinedos is a family owned winery run by its founder, Raul Joffe, and his four daughters. The winery began in 1996 when Raul purchased and refurbished a traditional cement tank winery in the Perdiel region of Lujan de Cuyo and a small vineyard in the Los Sauces region of the Uco Valley. They now have 60 hectares in the Uco Valley as well as holdings in Alto Agrelo and up north in the Calchaquíes Valley, Salta. Their vineyards are sustainably farmed, and no chemicals are used in either the vineyards or the winery. Winemaker Sebastián San Martín has a minimalistic approach. He believes in letting the grapes have their own voice and looks for purity of fruit with little intervention. They produce the Reunion and MDZ wines as well as a series of reserve wines.
