

SET UP:

1. Inspect the inside of the table, carton and packaging to make sure you have removed all separately packed parts. Do NOT dispose of any packing material until the set up is complete.
2. Move the table to its final location.
3. Refer to any additional assembly instructions that may be included with your table.
4. Ensure that the table is positioned square and firm on the floor so that it will not fall over. Some tables are equipped with adjustable floor levelers. Adjust the levelers for maximum stability and proper alignment (Figure 1).

FEATURES: (available on some models)

- **COASTERS:** Due to the porous nature of these materials, the coaster surfaces could stain.
- **FABRIC SURFACES:** Wipe spills with a damp cloth.
- **STONE SURFACES:**
Clean the stone surface on a regular basis with cleaning products specifically designed for use on stone surfaces. Products that contain lemon, vinegar or any fluid that contains an acid or alkali, may damage stone surfaces. Pick up or blot spills immediately to prevent staining or etching. Minor surface scratches may be buffed out with a polishing or restoration product specifically designed for use on stone surfaces. You may consider contacting Stone Care International at 1-800-839-1654 or visit their website at www.stonecare.com

GENERAL GUIDELINES:

- **Protect surfaces** from scratches, dents, condensation or spills. Use cutting boards and coasters to protect the surfaces. (Coasters under drink glasses and bottles can help prevent glass rings or stains from occurring.)
- **Wax and polish your table** as frequently as you do your other furniture. Use a non-silicone liquid or paste wax.
- **Avoid exposing the table to direct sunlight** and protect it from extreme temperatures and humidity changes. Prolonged exposure to direct sunlight may fade the finish while extreme temperature and humidity changes may cause the wood to split or crack.
- **Check periodically that your table is level** and rests firmly on all four levelers. This is especially important the first few months if the table settles into carpet (Figure 1).

- **Check periodically that your table is secure** and all the bolts and fasteners are tight.

SAFETY TIPS

- ENSURE THAT THE TABLE IS POSITIONED SQUARE AND FIRM on the floor so that it will not fall over. Some tables are equipped with adjustable floor levelers. Adjust the levelers for maximum stability and proper alignment (Figure 1).
- ENSURE PROPER LOADING of the table for stability of the table. Do not top load heavy items that would allow the table to become unstable and tip.
- Do not allow climbing on the table.
- Do not sit, stand or lean on any part of the table.
- Keep plastic, bags, and small parts away from children.

SERVICE INFORMATION

Howard Miller offers a limited 1-year warranty on your product from the original date of purchase or date of receipt if the product was a service award. In the unlikely event that your product appears to be malfunctioning or requires repair within the warranty period, please contact your retailer or the company who provided the item if it was an award. They will be your first resource for information regarding your warranty and service options.

If your product is more than one year old from the date of purchase or receipt as an award, your product is no longer under the manufacturer's warranty. Support for products that are no longer under warranty is available through the "Help Center" at www.howardmiller.com.

We recommend that you carefully read and follow all instructions provided with your Howard Miller product before pursuing service. These instructions will provide detailed information to answer most questions.

To find additional information regarding your product, to order parts or to find a service center, please go to the "Help Center" located at www.howardmiller.com. The "Help Center" also has links to product manuals, instructions, videos and frequently asked questions.

Before contacting your retailer, award provider or a service center, please have the following information available. The model number and serial number can be found on the Product Information Label which is normally on the back or bottom of the product.

Model Number: _____ Serial Number: _____
Date Purchased: _____ Where Purchased: _____

If the item was shipped directly to you, it is your responsibility to report freight loss or damage to the carrier and your retailer or award provider. If the carton indicates signs of "visible damage", instruct the driver to note the damage on the freight bill. If damage is found after the item has been delivered, notify your retailer or award provider and the carrier immediately. Many carriers require notification within 2 days. Failure to notify the carrier within their required time frame may waive your rights to a damage claim and you may be liable for the damage.
