

SET UP:

1. Inspect the inside of the table, carton and packaging to make sure you have removed all separately packed parts. Do NOT dispose of any packing material until the set up is complete.
2. Move the table to its final location.
3. Refer to any additional assembly instructions that may be included with your table.
4. Ensure that the table is positioned square and firm on the floor so that it will not fall over. Some tables are equipped with adjustable floor levelers. Adjust the levelers for maximum stability and proper alignment (Figure 1).

FEATURES: (available on some models)

- **COASTERS:** Due to the porous nature of these materials, the coaster surfaces could stain.
- **FABRIC SURFACES:** Wipe spills with a damp cloth.
- **STONE SURFACES:**
Clean the stone surface on a regular basis with cleaning products specifically designed for use on stone surfaces. Products that contain lemon, vinegar or any fluid that contains an acid or alkali, may damage stone surfaces. Pick up or blot spills immediately to prevent staining or etching. Minor surface scratches may be buffed out with a polishing or restoration product specifically designed for use on stone surfaces. You may consider contacting Stone Care International at 1-800-839-1654 or visit their website at www.stonecare.com

GENERAL GUIDELINES:

- Protect surfaces from scratches, dents, condensation or spills. Use cutting boards and coasters to protect the surfaces. (Coasters under drink glasses and bottles can help prevent glass rings or stains from occurring.)
- Wax and polish your table as frequently as you do your other furniture. Use a non-silicone liquid or paste wax.
- Avoid exposing the table to direct sunlight and protect it from extreme temperatures and humidity changes. Prolonged exposure to direct sunlight may fade the finish while extreme temperature and humidity changes may cause the wood to split or crack.
- Check periodically that your table is level and rests firmly on all four levelers. This is especially important the first few months if the table settles into carpet (Figure 1).

- Check periodically that your table is secure and all the bolts and fasteners are tight.

SAFETY TIPS

- ENSURE THAT THE TABLE IS POSITIONED SQUARE AND FIRM on the floor so that it will not fall over. Some tables are equipped with adjustable floor levelers. Adjust the levelers for maximum stability and proper alignment (Figure 1).
- ENSURE PROPER LOADING of the table for stability of the table. Do not top load heavy items that would allow the table to become unstable and tip.
- Do not allow climbing on the table.
- Do not sit, stand or lean on any part of the table.
- Keep plastic, bags, and small parts away from children.

SERVICE INFORMATION

This product has been manufactured using only the very finest of materials and has been thoroughly inspected prior to leaving our manufacturing facility.

Before pursuing service, ensure that all instructions provided with your Howard Miller product have been carefully followed. These instructions will provide detailed information to answer most questions. Contact the Howard Miller web site (www.howardmiller.com) for a list of frequently asked questions that may conveniently resolve your problem or answer your questions.

In the unlikely event that your product appears to need service, in NORTH AMERICA please call one of our Customer Service Representatives at (616) 772-7277 (extension #386). OUTSIDE NORTH AMERICA please call your distributor or agent.

Before calling, please have the following information available. The model number and serial number can be found on the Product Information Label, which is typically found on the backside of the product.

Model Number: _____ Serial Number: _____
Date Purchase: _____ Where Purchased: _____
Brief Description of Problem: _____

Please have these instructions and the sales receipt or other comparable proof of original purchase available at the time of your call. Most problems can be quickly resolved without returning the product for service.

Return Authorization is required for all returns to Howard Miller. If you have been given authorization to return the product to Howard Miller, you will be provided with a Return Authorization number (RGA#). Please include this Return Authorization number, above your name, on the address label. Also include a copy (original receipts should never be submitted as they can not be returned) of the sales receipt or other comparable proof of original purchase. Returns without prior authorization or proof of purchase may be subject to additional charges and delays.

FREIGHT DAMAGE It is the responsibility of the consignee to claim any freight loss or damage directly with the carrier. If the carton indicates signs of "visible damage", instruct the driver to note the damage on the freight bill. If the carton contains "concealed damage", notify the carrier and request in writing within 14 days of product receipt a carrier inspection and damage report. Failure to notify the carrier within 14 days of product receipt may waive your rights to a damage claim.
