### Mercedes-Benz User Experience (MBUX)

Transforming the in-car user experience, thanks to MBUX: Controlled via voice or touch input, the innovative infotainment system can over time even predict personal habits thanks to artificial intelligence.

The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers

#### Voice control

- Activated by the keywords "Hey Mercedes", the new intelligent voice control LINGUATRONIC¹ lets you control many of the infotainment functions. including destination input, phone calls or music selection
- MBUX is able to understand different accents and will adjust to you over time
- MBUX even understands indirect commands. Feeling chilly? Just say "I feel cold" and MBUX will adjust the temperature for you

### Personalisation

- Turn the C-Class into your very own Mercedes-Benz by personalising driving modes, radio stations and much more
- Your personal settings can be saved in up to seven different profiles, making your driving experience the best one possible
- Thanks to artificial intelligence, MBUX is able to learn and adapt over time. It will be able to predict your personal habits, such as navigation for frequently-driven routes, or the radio station you like to listen to on your way home from work

#### **Touch inputs**

 Beside voice control you can operate MBUX via touchscreen on the centre console, as well as touch control buttons on the steering wheel

#### Maintenance and service

 Wondering when the next service is due? Or how much further you can drive until you need to stop at a petrol station? Just ask your MBUX - it will tell you the answer

<sup>1</sup>LINGUATRONIC off-board functions are currently only available for three years

# Digital Extras Stay connected any time, anywhere

Digital Extras are a range of innovative online services designed to enhance your Mercedes-Benz experience. Accessible via mobile, tablet or PC, Digital Extras let you enjoy the highest standards of care and support, in a way that integrates seamlessly with your busy lifestyle.

#### Safety and Service - Digital Extras help to keep you and your car safe

Check your car's oil level, tyre pressure and fuel from your phone so you'll be ready for every journey.

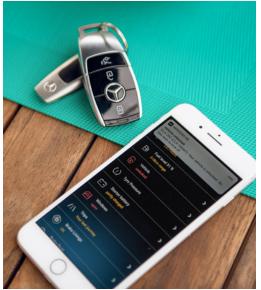

#### Live Traffic Information, Parked Vehicle Locator and much more

Forgot where you've parked? Parked Vehicle Locator1 will show you exactly where your car is as long as you're in a 1-mile radius of where you parked. Real-time traffic data and dynamic route with shorter journey times.

For more information speak to your local Mercedes-Benz Agent or visit the Mercedes-Benz store at shop.mercedes-benz.com/en-gb/connect

#### Comfort - connect to your car anytime, anywhere

Forgot to lock your car? With Remote Car Lock<sup>2</sup> you will receive a notification on your smartphone to let you know. With one tap, you can lock and unlock your vehicle so you never have to worry.

The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers

'Available on all models with the Vehicle Monitoring package. This option may vary between standard and additional cost dependent on the model <sup>2</sup>Part of the Vehicle Status package. This option may vary between standard and additional cost dependent on the model

# Plug-in Hybrid Electric Vehicle (PHEV) The Mercedes-AMG C 63 S e 4MATIC+

Click here for Mercedes-Benz C300 e brochure

Plug-in hybrid vehicles enjoy the same functionality of full Hybrid technology, with the added benefit that they can be charged from an external electricity source. With CO<sub>2</sub> emissions of 13 g/km or less, the Plug-in Hybrid is an environmentally conscious choice of driving.

#### Mercedes-AMG C 63 S e 4MATIC+

Petrol - 1,991 cc, 4-cylinder, 476 hp/350 kW Electric motor - 204 hp/150 kW

Saloon OTR from £100,9351 Estate OTR from £102.6851

Available as: Mercedes-AMG Night Edition Premium Plus and Mercedes-AMG Carbon Edition

#### Standard equipment

Acoustic ambient protection - the tone pitch changes depending on the driving conditions. You can therefore also differentiate whether you are braking or accelerating. Above 19 mph, the system is basically deactivated since wind and tyre noise tend to dominate at higher speeds

Charging cable - Mode 2 cable (5 metres, straight) for domestic socket

Charging cable - Mode 3 cable (5 metres, straight) for wallbox and public charging stations

### Charging socket

Charging system - rated at 3.7 kW AC

Comfort suspension

Pre-entry climate control7

Radar-based recuperation

Remote and Charging Services Plus7

#### **Technical details**

Equivalent All-Electric Range (EAER) <sup>2</sup>	Saloon: up to 7 miles Estate: up to 7 miles

information

The recommended on-the-road price includes the Road Fund Licence applicable to the standard model plus delivery charge (£73.0.0 incl. VAT), new vehicle registration fee (£55.00), fuel (£50.00 incl. VAT), VAT is calculated at the standard rate of 20%. Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different specification, or at a different price 2The indicated values were determined according to the prescribed measurement method - Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK. For Plug-in Hybrid Electric Vehicle (PHEV) figures determined with the battery fully charged, using a combination of both battery power and fuel. These models require mains electricity for charging a vallbox (three-phase) or standard socket (single-phase) or standard socket (single-phase) or standard socket (single-phase) and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10-80% charge using a wallbox (three-phase) or standard socket (single-phase) or shorter charging times and improved charging efficiency of the commenction of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers

# $MB.CHARGE\ Public^1$ One registration, one contract, one billing

MB.CHARGE Public¹ provides access to a multitude of public charging stations located in shopping centres, hotels or at motorway services. A smartphone app as well as the vehicle's navigation system show the precise location, current availability and price at the selected charging station.

#### MB.CHARGE Public - Private customer

#### Tens of thousands charging stations in the UK

Growing network of charging providers includes bp pulse the largest charging network in the UK.

#### Access to fast-charging stations

Enables customers to get access to charging stations of different providers with:

- Mercedes-Benz app
- RFID card
- Vehicle Head unit

#### **Green charging**

All charging using MB.CHARGE Public, will be retrospectively 'greened' by Mercedes-Benz.

#### Transparent and easy billing

One invoice charging processes for payment.

#### Easy access

Charging stations are displayed in Mercedes-Benz app and in MBUX multimedia system.

#### No fees

Enjoy free access to MB.CHARGE Public's convenient, reliable, and user-friendly charging network.

#### MB.CHARGE Public - Business customer

#### **Kev features**

- All MB.CHARGE Public Private customer features<sup>2</sup>
- · Charging fleet portal

- Company payment and billing
- Flexible prices per kWh

The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers

information

### MB.CHARGE Public<sup>1</sup> Private customer tariffs<sup>2</sup>

For more transparency and predictability, enjoy numerous features tailored to your charging habits with the MB.CHARGE Public for private customers<sup>1,2</sup> fixed-priced tariffs S, M and L.<sup>2</sup> Owners of a new Plug-in Hybrid model will be entitled to the MB.CHARGE Public¹ tariff M free of charge for the duration of 12 months.2\*

#### Tariff I<sup>2</sup>

#### Recommended for 'frequent drivers'

Choose our tariff L to benefit from the best fixed prices for public charging, including discounted rapid-charging at IONITY charging stations as well as all MB.CHARGE Public1 features. This tariff is recommended for frequent and longdistance drivers.

#### Consisting of:

- All MB CHARGE Public<sup>1</sup> features
- Fixed prices per kWh (AC: £0.45/kWh, after 300 mins +£0.06/min; DC: £0.62/kWh)3
- · IONITY rapid-charging stations discounted (£0.53/kWh)

### £10.90/month

### Tariff M<sup>2</sup>

#### Recommended for 'regular drivers'

Owners of a new Plug-in Hybrid model are entitled to the tariff M free of charge for 12 months, benefitting from fixed prices, discounted rapid-charging at IONITY charging stations and complete transparency. This tariff is recommended for regular drivers.

#### Consisting of:

- All MB CHARGE Public<sup>1</sup> features
- Fixed prices per kWh (AC: £0.52/kWh, after 300 mins +£0.06/min; DC: £0.69/kWh)3
- · IONITY rapid-charging stations discounted (£0.60/kWh)

Free of charge for the duration of 12 months.2\* Thereafter: £4.90/month

### Tariff S<sup>2</sup>

#### Recommended for 'casual drivers'

Should you wish to downgrade your tariff package after 12 months, there is the option to go for tariff S, which still offers you all the MB.CHARGE Public<sup>1</sup> features based on flexible prices per kWh. This tariff is recommended for casual drivers.

#### Consisting of:

- All MB.CHARGE Public<sup>1</sup> features
- · Flexible prices per kWh

accessories

£0/month

The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers This offer is exclusively for consumers. The distinction between consumer and business is determined by the type of vehicle linkage (private profile or company profile) the BP Pulse charging network Price information is not guaranteed and is subject to change. Please be aware that this tariff, your cancellation rights and current pricing can be found https://eu.charge.mercedes-benz.com/web/en/mb-gb/tariffs \*The Tariff (L and M) and IONITY promotions for MB.CHARGE end on 30.11.2025. # Next generation of home EV charging with Ohme

Mercedes-Benz plug-in vehicle customers with off-street parking can benefit from the convenience and speed of charging at home by installing an Ohme charger.

### Home charging with Ohme: from £925\* incl. VAT and standard installation

#### Key benefits of Ohme:

Ohme specialise in providing future-proof electric vehicle charging solutions, in particular smart, affordable and easyto-use charging products.

Save money: If you have a time-of-use tariff or a variable tariff, you'll pay less for your electricity at certain times of the day. Ohme uses your tariff information to charge your vehicle when the price is low to maximise your savings.

Ohme is the only EV charging provider to integrate with all energy tariffs, including Intelligent Octopus and OVO Charge Anytime - the next generation, smart EV charging tariffs.

Easy installation process.

Choice of tethered or untethered units.

Award-winning customer service check Trustpilot for more information.

#### A 3-year warranty is included.

Connect your charger to the Ohme smartphone app to unlock smarter and cheaper charging at home. Easy-to-use, the Ohme app will give you full control to get more from your EV.

Ohme's chargers are compliant with the UK New Smart Charger Regulations for complete peace of mind.

#### **OZEV Grant:**

You may be entitled to claim an OZEV grant towards the cost of your home charger. To check your eligibility, simply contact your local Mercedes-Benz Agent.

#### Questions?

Need help with home charging solutions? Simply contact your nearest Mercedes-Benz Agent - they'll be happy to submit an enquiry to your preferred charging partner on your behalf.

#### Warning!

If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.

\*Price excludes £350 OZEV EVHS Grant. Price correct at time of publication, subject to change The home charger £350 Grant (including VAT) is only available to customers who meet the criteria of the Office for Zero Emission Vehicles (OZEV). Full details and eligibility criteria for the OZEV EVHS Grant can be found here

# Home charging with Pod Simple, convenient, fast charging

Mercedes-Benz plug-in vehicle customers with off-street parking can benefit from the convenience and speed of charging at home by installing a Pod Point home charger.

### Home charging with Pod: from £925\* incl. VAT and standard installation<sup>1</sup>

#### Key benefits of Pod:

Pod is one of the leading provider of EV charging in the UK with over 250,000 home chargepoints installed.

Auto Power Balancing lets you adjust your charge so that your electrical supply doesn't get overloaded when your home is using a lot of energy.

Built-in earthing protection removes the needs for expensive earth rods.

Choice of tethered or untethered units; £925 for a 7kW universal, and £975 for 7kW tethered.

The Pod public network consists of over 9,200 charging bays across the UK.

5 year warranty as standard, free of charge.

The standard installation package includes up 15 m of external cabling.

Utilise charge scheduling in conjunction with an off-peak EV tariff to reduce your charging costs by up to 70% compared with the current Energy Price Cap.2

#### **OZEV Grant:**

You may be entitled to claim an OZEV grant towards the cost of your home charger.3 To check your eligibility, simply contact your local Mercedes-Benz Agent.

Technology

#### Questions?

# Trailer coupling with ESP® trailer stabilisation

Expand your transport options: with this practical equipment you can hitch up both trailers or caravans and also mount cycle racks. The trailer coupling is ready for use in no time at all – and can be folded in again behind the rear bumper just as quickly

**Trailer coupling with ESP® trailer stabilisation** (code 550)

when it is no longer needed.

AMG Line Premium Plus and all Mercedes-AMG variants. Estate only.

Total incl. VAT £750.00

Operating safety is the top priority: to fold out the trailer coupling, you must first unlock it via the control button in the boot. As soon as the button light goes out, the trailer coupling is correctly engaged and is therefore ready for use.

Even when driving you can benefit from a comprehensive safety concept: the ESP® trailer stabilisation is able to intervene automatically in critical situations when driving with a trailer. The associated sensor system detects the trailer independently as soon as the electric plug is connected to your vehicle.

The ESP® stabilisation functions are automatically active from a speed of 40 mph. When undesired oscillating motions are detected, the Trailer Stability Assist actively dampens these with the aid of alternate brake actuation of each individual wheel. In most cases this is already sufficient to reduce dangerous oscillations. If necessary, the system additionally reduces the speed: for this, the engine torque is reduced and the vehicle is braked via all four wheels.

### Genuine accessories

We've developed a range of accessories you can add to help personalise and enhance your C-Class.

### Velour floor mats CLASSIC, set, 4-piece, All-Terrain - Estate only

Floor mats have to undergo rigorous testing before they are deemed worthy of the star logo. The mats are precision-tailored to your Mercedes-Benz. Can be clip-fastened to the floor of the vehicle to prevent slipping. Elegant, high-quality tufted velour mat with embroidered ALL-TERRAIN label. (A20668007029J74)

### Reversible mat, precision fit - Estate only

This anti-slip mat by Mercedes-Benz protects the boot floor during loading and unloading. This mat is hard-wearing, made from 100% polyester and boasts dual use as it is double-sided. The rubberised and nonslip side minimises slipping of goods. The soft velour side protects the luggage-compartment floor against moisture and dirt. And if anything should go wrong, it is easy to clean with warm water.

(Estate: A2066804902; Estate Hybrid: A2066803404)

### Mud flaps

The mud flaps protect the sides, rear and underbody of your vehicle from scratches and damage from loose chippings. They also protect following traffic from being struck by stones, water spray or mud. And they help minimise spray too. The mud flaps are precision-tailored to the contours of the vehicle. (front: A2068900800; rear: A2068900900)

Made from impact-resistant, non-slip polypropylene. Structured surface holds separately available stowage crate in place. Vehicle's load-securing rings remain accessible. (Saloon: A2068140000; Estate: A2068140100; Estate Hybrid: A2068140100)

All the above accessories are subject to availability and compatibility. Please ask your Mercedes-Benz Authorised Repairer for more information Images shown are for illustration purposes only

#### **Basic carrier bars**

Aluminium carrier bars, precision-tailored to the body of your Mercedes-Benz - the perfect basis for a range of Mercedes-Benz transport accessories. With integral tool for quick, easy fitting. Asymmetrical aerodynamic profile enhances ride comfort by significantly reducing wind noise. Crash-tested. Lockable. (Saloon: A2068900500; Estate: A2068900600)

Technology

#### Semi-automatic trailer coupling

Estate: A2063100900)

Semi-automatic folding trailer coupling, specifically for Mercedes-Benz vehicles. High corrosion protection. (Saloon: A2063100800;

### Bicycle rack

Extremely lightweight bicycle rack, designed to allow you to attach a bicycle to the basic carrier bars. Please bear in mind your vehicle's permissible roof load. Bicycle racks are supplied singly. (A0008900293)

#### Roof box

Mercedes-Benz roof box, impact-resistant. sturdy, durable, recyclable, spray-protected. Opens on both sides. Single lock system with three locking mechanisms on each side. Gas-filled struts for easy opening and closing of lid. Maximum load capacity of 75 kg. Unladen weight 16 kg. (A0008401100)

Figures according to Directive 80/1269/EEC in the currently applicable version 21he indicated values were determined according to the prescribed measurement method - Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK. For Plug-in Hybrid Electric Vehicle (PHEV) figures determined with the battery fully charged, using a combination of both battery power and fuel. These models require mains electricity for charging station with a Mode 3 cable. It is therefore recommended that vehicles with a HV battery preferably be charged at a wallbox or an AC charging station with a Mode 3 cable in order to achieve shorter charging times and improved charging efficiency 4Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10-100% charge using a wallbox (three-phase) or standard socket (single-phase) or standard socket (single-phase) and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10-80% charge using a wallbox (three-phase) or standard socket (single-phase)

### Services and insurance

### Mercedes-Benz Service Plans

We believe that servicing and repair costs should be as flexible and affordable as possible for your C-Class, which is why we offer a choice of Service Plans to make it easy to budget for all your servicing, MOT and repair costs. It spreads your bills into manageable monthly payments based on whether you have a new or used Mercedes-Benz.

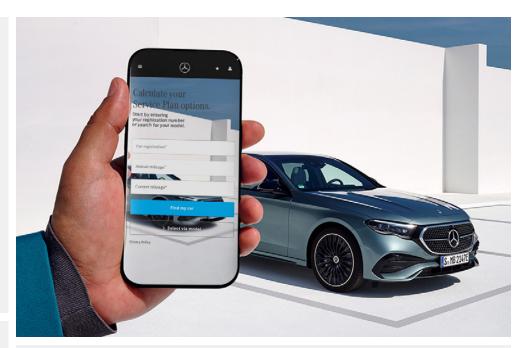

- ServiceCare guarantees the price of parts and labour for up to four services and safeguards against any inflationary influences. It also covers your annual MOT fees depending on the age of your vehicle when you take your plan out.
- CompleteCare our most comprehensive plan covering all your servicing, MOT, wear & tear needs as well as Extended Warranty once your vehicle turns four years old.
- Extended Warranty protect yourself against sudden or unexpected repair costs after your initial warranty period has ended after three years. There are three policy options to choose from: 12-month, 24-month or a monthly pay-as-you-go option.

Click here for more information

#### **Motor Insurance**

We know that once you have chosen your Mercedes-Benz you can't wait to drive it - that's why we created First Cover<sup>1</sup>. It gives you 5 days' free comprehensive Motor Insurance when you buy a new or used vehicle from a Mercedes-Benz Agent. We will also send you a quote for annual cover, so you can enjoy the same peace of mind all year round.

> Apply for First Cover

### Warranty and breakdown cover

Every Mercedes-Benz comes with a three-year unlimited mileage warranty against manufacturing or material defects<sup>2</sup> and up to 30 years warranty against perforation due to corrosion from the inside out.3 What's more, it's also covered by Mercedes-Benz Roadside Assistance - a unique package comprising up to 30 years pan-European breakdown assistance.3

<sup>1</sup>Terms and Conditions apply. We are an independent intermediary dealing with selected insurers in respect of annual insurance

<sup>2</sup>Applies to vehicles sold by Mercedes-Benz in the UK to its franchised Mercedes-Benz Agents

<sup>3</sup>Subject to full Terms and Conditions, dependent on date of registration, available upon request
