Lincoln Center invites New Yorkers to come together for hundreds of events with thousands of artists celebrating the cultural communities of NYC.

This event takes place **7pm – 9pm on Saturday, July 1st at the Dance Floor in the Josie Robertson Plaza**, New York City's largest outdoor dance floor.

This event takes place both in-person and virtually on Arium. In-person capacity is limited, and space will be available on a first-come, first-served basis. **To join virtually**, please register using [this link](#).

About the Silent Disco:

In large black letters with red and white shading, "Cultivating Access Ecologies." 2023 is sideways, partially obscured underneath. The graphic includes vibrant neon colors, including blocks of bright green and puddles of bright blue water.

When we say everyone is welcome on the dance floor, we mean every body! Closing out Lincoln Center's Big Umbrella Day and a highlight of Summer for the City's ongoing Cultivating Access Ecologies series, the Access Magic Silent Disco puts access ideals into action, rejecting stigma and presumptions of the possible. The Silent Disco unites multiple communities with and without disabilities to share in the manifold blessings of disability-centric nightlife, including fully integrated ASL song-signing, creative captioning, choreographic activations, access doula-ing, and all-senses musical offerings. This event will feature DJ Who Girl, DJ Crip Time (Crip Rave) and Jerron Herman. Together with our community, the Access Magic Silent Disco creates a space for sharing experience, contemplation, and joy. The Access Ecologies series is curated by Kevin Gotkin.
