

#CONCERTSFORKIDS

Activity Guide

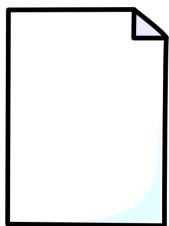

Photo courtesy of the artists

The Pop Ups

The Pop Ups perform a zany, fun-filled set, including live drawing, music, and puppetry. In these activities, we'll explore shapes, collages and animals (on trains)!

Suggested Materials

- Paper
- Pen, pencil, crayons, markers, colored pencils – any drawing utensil
- A computer, tablet or phone with internet access

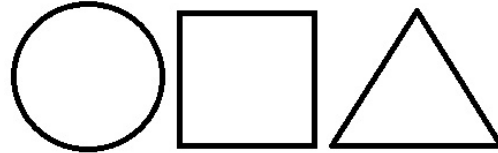

Shapes

In the song "All These Shapes", The Pop Ups explore different shapes and what we can make with them!

STEP 1

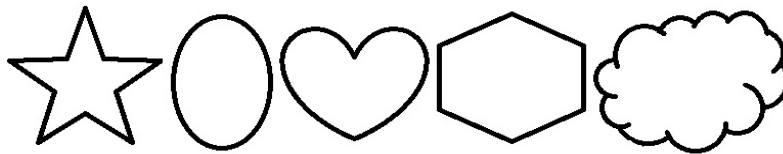

Let's draw some shapes!

Draw a circle, a square and a triangle.

You can also draw other shapes.

Here are some other shapes to choose from or make up your own!

STEP 2

What can we make with these shapes?

Take your shapes and put them next to each other.

What can you make with the shapes?

For example, three circles on top of each other...
can make a snowman!

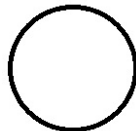

STEP 3

You can find shapes everywhere.

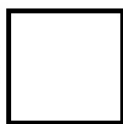

What are the shapes you see here?

Look around your home for shapes.

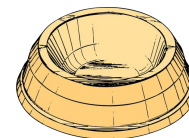

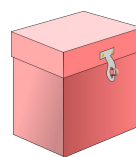

Find a circle in your home!
What is it?

Now find a square! Can you find a triangle?

What other shapes can you find in your home?

Put Your Shapes in a Collage

A **collage** is art that is made by combining different things together. In this activity we are going to make a collage with shapes!

Watch the Collaging Shapes Workshop with Barbara Ellman in the Lincoln Center Pop-Up Classroom!

Alliteration Activity

Alliteration is when words start with the same letter or sound. **S**ome **s**neaky **s**nakes **s**lither is an example of alliteration.

The Pop Ups song "Subway Train" features alliteration, like **a**pes on the **A** train and **b**ees on the **B** train.

Let's think of other animals that could ride the train. What animals would ride the **G** train that start with a **G** sound? Giraffes? Gerbils? What else?

What animals ride the **M** train? Try to think of animals that start with the **M** sound.

Try it for other letters!

Family Discussion Questions

What songs did you like in the concert?

What animals did you meet during the concert?

When did you use your imagination during the concert?

What other shapes can you find in your house?

What did you learn about making a collage?

What do you want to know more about?
