## Embossing

### Find the right label for the right application

DYMO® plastic embossing labels stick to any smooth, clean surface and are resistant to water, corrosion, abrasion and most chemicals. Whether you use them indoors or outdoors, you can count on them to last – and to stay in place.

- ▶ Tab Cut - DYMO embossing machines are equipped with a tab cut for easy removal of the plastic label liner
- ▶ Water resistant - withstands water and most milder solvents
- ▶ UV resistant - withstands exposure to sunlight without fading or peeling

## Our sustainability commitment

RECYCLED MATERIALS  
FSC® CERTIFIED\*

### Forest Stewardship Council®\*

DYMO® paper products are FSC Mix meaning that these products are made of material from well-managed, FSC®-certified forests and other controlled sources.

The Forest Stewardship Council® (FSC®) is a global, non-profit organization dedicated to the promotion of responsible forest management worldwide.

### 100% Post-Industrial Waste

DYMO® plastic external cassettes are made from 100% recycled material.

Our materials come from scrap materials created by manufacturers that were destined for disposal. These scraps are then processed and reused to create our label cassettes.

### 80% Recycled Packaging

DYMO® cardboard sleeve and box label packaging is made from 80% recycled material, while DYMO® plastic blister label packaging is made from 60% recycled material.

Our materials have been diverted and recovered from consumer waste materials that were destined for disposal and are now reused to create our packaging.

### DYMO® high quality labels are produced and distributed from Belgium, Europe.

This enables DYMO® to actively reduce our carbon footprint through streamlined supply chains and protect the environment –

One label at a time.

\*FSC® materials used for Authentic DYMO® Letratag and LabelWriter Paper Labels.

A better way to label  
Our sustainability commitment

## Authentic DYMO® products for sustainable labeling solutions!

**DYMO® is committed into maximizing your efficiency, whilst investing into protecting the environment – one label at a time.**

DYMO® has a dedicated team looking into government- and country specific requirements on product compliances, safety and sustainability. We are actively involved in going above and beyond in protecting our environment.

### DYMO® invest for a sustainable future:

**FSC® certified**  
DYMO® LabelWriter™ paper and  
DYMO® LetraTag™ paper labels.

**100% recycled material** used  
for external cassette.

**BPA free**  
LabelWriter™ labels.

**No Ink – No Toner = Less Waste.**

**27% lower** energy consumption\*,  
during production since 2016.

**Rechargeable batteries** for  
majority of DYMO® machines.

**+40%** of DYMO® labels are  
produced\* using **"Water based  
solvents"**.

**73% reduced** use of fresh water  
during production\* between  
2009 – 2019.

**ISO 9001 & ISO 14001 certified**  
since **1998** to monitor quality  
management and impact of  
operations on the environment.

All DYMO® product are  
**REACH and RoHS compliant.**

\*St. Niklas Plant, Belgium, Europe.

**Complete your work professionally  
with sustainability in mind!**
