Solutions for the Defence Aerospace and Marine industries.

We know how tough your industry is.

Harsh environments and extreme conditions require quality products and a reliable distribution service. Whether you work in a port or on airport, RS can ensure you maintain productivity and efficiency.

With our sophisticated MRO procurement solutions and the wide range of products and brands we can play an essential role in making your organisation more efficient.

No matter where you are, we ensure your products get delivered as efficiently and carefully as possible.

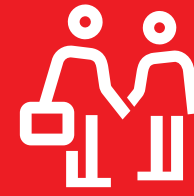

Leave the how to us.

Terms & Conditions

An Electrocomponents Company.

Committed to you.

We understand the important role our solutions and products play in helping you achieve your goals, that's why your dedicated account manager is here to support throughout your journey with RS.

Fast, flexible delivery options.

From same day to next working day to call off and consolidated delivery, we've a range of flexible delivery options to suit you. Free delivery available.*

Our knowledge is your power.

When you need specialist advice, think of our technical experts as part of your team. They're poised with extensive knowledge of our products and specifications to help you make the best choice.

We offer easy access to product support resources online or by phone. Speak to a live chat member on our website for help in finding products or other technical information. Or take a look at our technical data sheets which are available at product level. This can help save time, allowing you access to technical information 24/7.

Best in class eCommerce experience

For a more efficient process for your industrial and electronics product procurement, we have a service to fit your business requirements. From web-based and mobile ordering through to integrated procurement solutions. Ask us about our **Purchasing Manager, PunchOut, Invoicing & eOrdering** solutions today.

Over 650K products, more than 2,500 brands.

We offer a broad and extensive product range to support our industrial and electronics customers with stocked products, from the brands you know and trust – including our own brand, RS PRO.

Our Purpose

Our purpose is
‘making amazing happen’

We plan to inspire a more sustainable world through education and innovative solutions that improve lives. Through a range of projects and activities we’re supporting the engineers of today and tomorrow, ensuring that they have all they require from a broad product range to a number of core services that help to add real value to our customers.

Our most recent campaign, “By Your Side” helps to demonstrate our unrivalled focus on the customer and their needs across the design, build and maintain lifecycle. We’ve collated key products and industry themes with a laser focus on addressing customer problems and offering solutions to help them save time and money.

We’re more than a one-stop show for all of your industrial and electronics product needs; our range of services and solutions is second to none.
From next day delivery to procurement solutions, find a range of helpful services to increase productivity, save you time and money.

hken.rs-online.com

Making amazing happen for a better world

We believe that we have a huge opportunity to accelerate the positive impact we have in society and on the environment. We’re working closely with our suppliers and customers to enable the development of innovation and engineering solutions to make amazing things happen for a better world.

Environment

To proactively help to tackle climate change and ensure our business grows sustainably we will be running cleaner and greener business operations, packaging with more recycled content, and reducing the miles our products travel. We have made a commitment to be 50% more sustainable by 2025 by halving the intensity of our emissions, packaging, waste and water impacts*.

Community

We’re enabling education that inspires the next generation of engineers to develop innovative solutions to improve lives, delivering educational initiatives across our communities to help students realise the potential of STEM careers. We have also launched a global charity partnership with The Washing Machine Project, who have developed an innovative engineering solution to alleviate the burden of hand washing clothes for people in developing communities. Together over the next three years, we will improve 100,000 lives globally.

Customers & Suppliers

We are working with our suppliers to improve the sustainability of our global value chain, and to develop innovative and sustainable products, services and solutions for our customers.

People, Health and Safety

We are building a safe, inclusive and dynamic culture which enables our people to bring their true self to work and thrive, in service of the customers and communities we support.

Our 2030 ESG Action Plan

Environment

We are developing sustainable operations and product and service solutions to reduce environmental impacts and tackle climate change.

Championing education and innovation

We are building skills and fostering innovative solutions that improve lives.

Empowering our people

We are creating a safe, inclusive and dynamic culture where our people thrive and grow.

Doing business responsibly

We are taking action to ensure the highest ethical standards throughout our business and global value chain.

Our Defence Solutions

RS can help to improve the efficiency of procurement departments which work in the Defence sector.

With our sophisticated MRO procurement solutions and the wide range of products and brands we can play an essential role in making your organisation more efficient.

Vehicle Maintenance

One of the biggest capitals of Defence is the huge fleet of vehicles. Military transport and Personnel Carrier are used to transport goods and people to the required locations. It is the responsibility of the engineering maintenance division to maintain and repair the vehicles to ensure they are available when they are needed.

RS offers a wide range of components for vehicle maintenance –whether it is relays or fuses, lighting or connectors, personal protection equipment, cleaning products, greases and lubricants, test and measurement or hand tools RS offers all from leading brands.

Aircraft Maintenance

Aircraft maintenance is managing the overhaul, repair, inspection or modification of an aircraft or an individual aircraft component. Aircraft maintenance is a very sensitive topic and is highly regulated to ensure the safety of people and equipment.

RS offers a wide range of components to overhaul, repair, inspect or modify aircrafts or an individual aircraft component. A full range of workshop equipment, including lifting tables, ladders. Floodlights, specialised tools, lubricants, adhesives, cleaning products and certified spare parts.

Facility Maintenance and Repair

Barracks, workshops or office buildings require ongoing repair and maintenance. Whether it is managed from Defence Personnel or external contractors it is important for the engineers to get what they require in the most convenient way.

Get all your parts for your ongoing repair and maintenance.

The RS range is covering lighting products, cable and cable accessories, ladders, steps, RCDs, test and measurement products, personal protection, plumbing, security systems, electrical sockets and much more.

DELIVERY SOLUTIONS TO MEET THE STEEPEST OF CHALLENGES

SECURITY-CLEARANCE, TIMED, COVID-SAFE WITH REDUCED PACKAGING WASTE

THE BACKGROUND

Engineers and operations teams face a number of different challenges on a daily basis. Having the right parts - on time and in full - to maintain assets and keep lines running is critical not only to the productivity of the plant, but the viability of the overall business. If stock deliveries arrive later than expected it can significantly impact on scheduled jobs and potentially lead to unexpected downtime.

The Coronavirus pandemic has added further complexities to shopfloor challenges with the introduction of COVID-secure workplace guidelines - Health and Safety measures that are necessary to keep the workforce safe during the pandemic. There is also a continued drive from firms to meet environmental targets in line with their corporate social responsibility aims, both areas that need to be balanced and achieved alongside the core daily activities of the business.

As one of the largest providers of industrial supplies, RS Components strives to understand the individual and often complex needs of its customers and tailors its service offering accordingly; aligning with the customer's objectives, helping to improve efficiency and reduce costs, and adding value in other areas even outside of the original remit.

THE CHALLENGE

QinetiQ is a leading science and engineering company, operating mainly in the defence, security and critical infrastructure markets. It is the UK's sixth largest defence contractor, providing innovative technology-based products and services for a range of global customers, including the Ministry of Defence.

The initial challenge for the QinetiQ site at Portsdown Hill was two-fold. Multiple online orders placed throughout the week

could be delivered at any time the next day, resulting in deliveries that might arrive late afternoon, thereby potentially delaying scheduled maintenance by up to 24 hours. In addition, different drivers were regularly making the deliveries, and given the high security nature of QinetiQ's business, extra time is required to process security passes for drivers arriving onsite. In some cases, if the security requirements weren't met, deliveries were being rejected.

"I was actually in store when the first delivery arrived, and it was very professional, in line with social distancing, the driver placed the box of items on the floor and stepped back, and our guy unloaded it. The driver then took the box away with him again"

Paul Greenleaf, Mechanical Engineering Team Leader, QinetiQ

THE SOLUTION

RS met with QinetiQ to better understand their challenges and determine a solution that would optimise the delivery process and best suit the customer's needs. Guaranteed delivery times were agreed and have since been put in place to ensure orders arrive prior to 11am, ahead of any scheduled work planned for the next day. To make the booking in process more efficient, RS has put in place a designated driver to make the deliveries via its local and trusted courier service.

Both solutions have reduced the time QinetiQ spend waiting for parts and made the whole delivery process much more efficient. As well as servicing its markets, QinetiQ is passionate about operating responsibly and safely, both for its people and its communities, and sets annual targets to reduce waste.

In recognition of this and in line with RS's constantly evolving service proposition, RS proposed an 'eco' delivery with the use of tote boxes, consolidating their orders and removing the need for packaging. This proactively supports QinetiQ's sustainability targets on the reduction of waste and improves the efficiency of the 'goods in' process by removing the need for QinetiQ to unpack goods themselves. The totes are also cleaned prior to and after delivery, reducing the risk of potential transfer of COVID-19.

THE OUTCOME

QinetiQ's Mechanical Engineering Team Leader, Paul Greenleaf, is delighted with the results so far. By delivering the orders at the allotted time using a designated driver, RS has enabled QinetiQ's team to work to planned schedules, making better use of their time and improving productivity. In addition, RS has added value in line with QinetiQ's wider responsibilities to the health, safety and wellbeing of its employees, and its impact on the environment.

"RS has been able to give us figures demonstrating the weight of packaging saved. We're delighted by this and the fact we have a regular driver, at a regular time. It shows a real understanding of our needs"

Paul Greenleaf, Mechanical Engineering Team Leader, QinetiQ

Tailoring services to better meet the needs of QinetiQ has also meant RS has been able to make a notable contribution to the customer's waste reduction targets, saving 37kg of packaging in less than six months.

To find out more about how consolidated deliveries can support your business, please contact us.

Our Services

Our service solutions support you across the product lifecycle through design, build and maintain.

We can also give you advice on flexible delivery options, cost-saving ways to help you manage your inventory and procurement, through to preventative maintenance and eCommerce solutions.

Product Support

We offer easy access to product support resources online or by phone.

Our Customer Services team can help understand your needs offering product support or directing your enquiry to a qualified engineer.

Speak to a live chat member on our website for help in finding products or other technical information.

Or take a look at our technical data sheets which are available at product level. This can help save time, allowing you access to technical information 24/7.

Delivery & Invoice Options

With a range of flexible delivery and invoicing options all designed to suit you

From same day to next working day to call off and consolidated delivery, we've a range of flexible delivery options to suit you.

Stay in control of your spend and reduce your purchase to pay costs with our invoicing and payment services.

Calibration

The RS calibration service maintains compliance across a wide range of assets to international standards.

From thermometry to test meters and measuring devices, you can be confident your equipment is compliant.

Buy new, calibrated, ready-to-use equipment or, request recalibration of your own products with a fast turnaround and delivery.

ISO9001:2015 Standard or NATA-accredited laboratory.

Product Plus

When you're sourcing products from many different vendors, it's time consuming and costly.

RS Product Plus is an exclusive service for customers looking to consolidate their spend. Our specialist team can support your requirements and help you source products not published on our website.

Using our expertise and relationships with over 2,500 key manufacturers, we provide access to over a million products. We will also let you know if we find an alternative product offering extract functionality or value for money benefits.

- **Consolidate your vendors:** saving time managing multiple suppliers and reducing purchase-to-pay costs
- **Leverage your spend:** by placing your orders with fewer suppliers
- **Save time and speed up sourcing:** as there's no need for your teams to search and negotiate with multiple suppliers

eCommerce Solutions

For a more efficient process for your industrial and electronics product procurement, we have a service to fit your business requirements. From web-based and mobile ordering through to integrated procurement solutions.

PurchasingManager™

A free web order management solution that helps you manage your spend, whilst providing visibility of orders placed through the RS website.

eOrdering

Fast and secure ordering direct from your system to ours. Improves accuracy by eliminating order and invoicing errors.

PunchOut

Integrated into your own eProcurement system, providing fast and easy access to our full product range and purchase information.

eInvoicing

Fast and secure invoicing direct from our system to yours. Eliminates paper, whilst saving you time and money in administration processes.

Our Product Range

Over 650,000 products, more than 2,500 brands.

We offer a broad and extensive product range to support our industrial and electronics customers with 650,000+ stocked products, from over 2,500 suppliers – including our own brand, RS PRO.

Electronics Components, Power & Connectors

Browse RS Components large range of electronics components from the leading brands. Range includes Military Spec Connectors and IP Rated connectors, displays, LED indicators and more.

HARSH ENVIRONMENTS

Rugged environments and extreme conditions require quality products and a reliable distribution service.

RS stock world leading technologies from trusted brands to ensure you keep moving in any landscape.

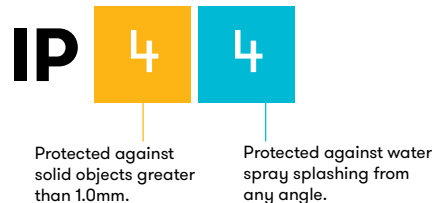

INGRESS PROTECTION (IP) RATINGS

IP ratings are represented by combining the digits of the columns below.

1st digit = Degree of protection against solid objects

No Protection	0
Protected against solid objects greater than 50mm.	1
Protected against solid objects greater than 12.5mm.	2
Protected against solid objects greater than 2.5mm.	3
Protected against solid objects greater than 1.0mm.	4
Protected against dust that could cause sufficient harm.	5
Protected against all dust.	6

Example:

2nd digit = Degree of protection against water

0	No Protection
1	Protected against drops of water.
2	Protected against drops of water at a 15 degree angle.
3	Protected against solid objects greater than 2.5mm.
4	Protected against water spray splashing from any angle.
5	Protected against water jets from any angle.
6	Protected against powerful jets of water or heavy seas.
7	Protected against temporary immersion in water (30 minutes at 1M).
8	Protected against the effects of permanent immersion in water (up to 5M).
9K	Protected against close-range high pressure, high temperature spray downs (80 degC water at 80-100bar for 30sec x 4 angles).

MIL-SPEC RANGES

Amphenol® MILDTL-38999 Series III

- Designed for the harshest of environments and most demanding of applications.
- Connector delivered with crimp contacts
- Rapid coupling via a triple-start thread
- Shell → shell or metal → metal bottoming
- Improved EMI shielding

M1500LF Relative Humidity Transducers

- Constructed from a patented solid polymer structure and provide reliable and accurate measurements,
- Full interchangeability
- Compact size
- Very low temperature dependence
- Not affected by water immersion
- Suitable for 3 to 10 V dc supply voltage

893-7247 SENSOR HUMIDITY HM1500LF HPP805A031

DC Compact Fans

- Ebm-papst ingress protected IP68 fans are ideal for operation in the harshest of environments.
- These fans are designed to perform subject to high dust, high humidity and direct water exposure both in and outdoors.
- IP68 compliant DC fans with electronic rotor switching and integrated electronic switching regulation
- Fibreglass-reinforced plastic, PBTP housing and PA vane

ebmpapst

776-1285 18W 6224NU
776-1282 17W 6424U

Illuminated Pushbutton

- Vandal resistant stainless steel switch body & button
- Dot or ring illumination
- Single pole, push to make
- Bright Daylight LEDs
- Separate LED terminals
- 750,000 mechanical operations minimum

708-3052 Red/Green LED, 19.2 (Dia.)mm MPI002/28/D1

FLIR MR77 Moisture Meter

- High-quality and reliable
- Wireless connectivity allows to view data on mobile
- Field replaceable sensor and relative humidity sensor
- Integrated IR thermometer for non-contact surface temperature measurements

181-2209 MR77

XVR Super-bright LED Beacons

- Simple and quick installation
- Rotating mirror beacon designed for long distance signalling applications
- Super-bright LEDs
- Low power consumption
- IP66 protection
- Red, orange, green and blue units available

690-3857 Orange XVR13M05L
690-3854 Red XVR13M04L

Mushroom Head Push Button

- The contacts on the button are N/O = normally open and N/C = normally closed
- IEC418 tamperproof
- Durable, impact-resistant housing
- M20 cable entries
- 6000Vac rated impulse withstand voltage & 500V rated insulation voltage
- 500V rated insulation voltage
- Screw termination

225-8172 Red, 94mm 229748 FAK-R/V/KC11/IY

Hygienic Terminal Boxes

- Stainless steel 1.4301 (AISI 304) 1.5mm enclosure and cover
- Sheet steel, zinc-plated, 2.0mm mounting bracket
- Stainless steel quick-release locks
- Silicone Seal, compliant with FDA 21 CFR 177.2600
- Intensive water spray IP66 and high-pressure cleaning IP69K
- Enclosure and cover have brushed, grain 400, RA < 0.8 um finish

756-6778 120mm x 200 mm x 200 mm 1672600

High Rotation Filament Beacon

- A high-speed (180rpm) rotating filament beacon offering excellent visibility in for all applications
- 12/24V depending on bulb selected
- Current consumption: 4.6A/ 3A @ 12/24V
- Reverse polarity protection
- IP56 rated
- Operating temperature range: -30°C → +50°C
- Magnetic versions rated to 70mph
- Optional DIN mounting stem for use with Flexible DIN version
- Bulb and Lens must be purchased separately

235-433 12 V dc, 24 V dc

Type 99M® Harsh Environment Wire

- Dual wall construction of irradiated modified polyester.
- Designed to meet stringent low hazardous performance, in particular naval, mass transit and industrial control panel wiring.
- Low flammability
- Low smoke generation
- Low toxicity index
- Small size, lightweight, flexible
- Resistant to chemicals and fluids

398-0959	White 0.6mm ² (100m Reel)

Thalassa PLM Wall Boxes

- IP66 protection meaning the enclosures are dust tight and protect against powerful jets of water and heavy seas
- External mechanical impact resistance of IK10 (protected against a 5kg object dropped from 20cm)
- Self-extinguishing provides you with the added safety regarding fire protection
- No electrical contact risk
- Can be used in a large temperature range

123-0653 160mm x 310 mm x 215 mm NSYPLM32TG

Fluke TiS20+ Thermal Imaging Camera

- 3.5 inch display
- 120 × 90 infrared resolution (10,800 pixels)
- Edit and optimise images and create detailed reports quickly
- Combine infrared and visible images for simpler analysis

198-1147 -20 → +150 °C, 9Hz frame rate FLK-TIS20+ 9HZ

Combination Switched Socket Outlets

- Combination sockets feature a clear dustproof and hoseproof flap with a snap catch latch
- Both the superseded non IP56 plain plugs and the current IP66 retention ring plugs can be accommodated

214-1534	1 Pole 15A 32V	56C215/32-GY
215-0355	1 Pole 10A 110V	56C3/110
214-1799	1 Pole 10A 250V	56C310HD

Extension Sockets & Appliance Connectors

- All connectors have impact resistant, UV stabilised mouldings
- The IP66 rating can be achieved when extension socket/connectors are used in conjunction with compatible accessories such as 56P Plugs, 56PA Plugs and 56AI Appliance Inlets

214-1825	3 Flat PIN, 250V, 10A	56CSC310-RO
867-4589	4 Round PIN, 500V, 32A	56CSC432-EO
867-4573	5 Round PIN, 500V, 32A	56CSC532-EO

Harmony Estop with Illuminated Ring

- The modular Harmony XB5 range of 22 mm plastic control and signaling units combines simplicity of installation, efficiency, flexibility, modern design and robustness to meet most industrial applications
- Complete illuminated e.stop ttr 24V 2 white/red fixed colors 1NO+2NC

195-8730	Round Head	XB5AS84W3B41
195-8732	Mushroom Head	XALK84W3BG
195-8735	Legend Plate	ZBY8L330

100 / 200 Series

- Designed for industrial use where heat, dust, moisture and common oils and chemicals are prevalent, this range offers compact multipole connection where space is at a premium.
- Wide range of accessories

314-6626	4WAY INLINE PLUG,5A	IMC16-2204X
314-6799	2WAY FLANGE REPTACLE,13A	IMC24-1602X
314-6834	12WAY FLANGE REPTACLE,5A	IMC24-2212X
314-6705	2WAY INLINE PLUG,13A	IMC26-1602X

Testo 440 Data Logging Air Quality Meter

- The Testo 440 air velocity & IAQ measuring instrument has Pt100 sensor for accurate measurement and has a interchangeable probe coating made of laboratory glass for safe use in aggressive media.
- USB port for internal data storage
- Automatically detects the connected probes, and the stored, structured measurement menus to make work easier in a wide variety of applications
- Uses 3× AA batteries

201-2166 -5 to +45 °C

0563 4412

Desktop Indoor Air Quality Monitor

- High-quality CO2 monitor with a large LCD display for easy visual identification
- Real-time readings for accurate monitoring and detection
- Also measures immediate air temperature and humidity
- Compact and ergonomic design, suitable for use in workspaces where there is limited space
- This portable CO2 monitor can be used to observe and control CO2 levels indoors

174-6574 RS-967

e2s SON4 Sounder Beacon

- Automatic synchronisation on multi-sounder system
- 3-stage alarm
- 3 level of volume control

192-9485 104dB, Red Xenon, 230 V ac, IP66 SON4AC230R/R

Buccaneer 900 Series Cable Mount Connectors

- Rugged construction
- Polyamide flame retardant materials UL94 V-0
- IP68 sealed electrical connectors to EN 60529
- Strong, durable strain relief for maximum cable retention
- Waterproof and dustproof

344-3983	2 WAY	PX0911/02/P
344-3999	3 WAY	PX0911/03/P
344-4009	4 WAY	PX0911/04/P
344-4021	5 WAY	PX0911/05/P

RS PRO All Weather Steel Padlock

- Laminated steel body for superior strength
- Hardened steel shackle for superior cut resistance
- Pin tumble structure for great pick resistance test

827-4401 47mm

Lightweighting design is an extensively explored and utilised concept in many industries, especially in aerospace and defence applications.

Shop our End to End “Light Weight” components and parts to stay more efficient and competitive.

PTFIX Distribution Blocks

- Distribution blocks using time-saving, tool-free push-in direct connection technology
- Compact design enables space savings of up to 50% as well as simpler wiring
- Available with 6, 12, and 18 terminal points, with various mounting options, and eleven colours for clear, intuitive, and safe installation

XD2-series Joystick

- Light-weight, compact in size, the XD4 Joystick can operate in areas with limited space.
- Chromium-plated bezel with a Zamak based fixing collar.

251-2511	4-Axis	XD2PA24
305-1944	6mm	XD2PA12
251-2505	10mm	XD2PA22

Harting DIN 416126 B-C Crimp Contacts

- A range of crimp contacts suitable for Harting DIN 41612 B-C type connectors.

741-2902	DIN-SIGNAL CRIMP CONTACT FEMALE	09020006484
741-2722	DIN-SIGNAL CRIMP CONTACT FEMALE	09020008474
741-2731	DIN-SIGNAL CRIMP CONTACT FEMALE	09020008484

Omron 3G-3 MX2 Range

- Range of multi-functional compact inverters.
- The range contains various versions of current transducers.
- Digital Operator
- Frequency adjuster
- Data Display

826-4606	1-Phase In, 0.1→400Hz Out, 0.4kW, 230Vac, 3.0A	3G3MX2-AB004-V1
----------	--	-----------------

Han Q 2/0 Axial Screw Inserts

- The Harting Han Q series cable mount hood has screw termination method, straight body orientation and can be used with heavy duty power connector.

843-0008	Male	09120022653
174-1697	Female	09120022753

Viking 3 Feed-Through Connections

- Screw-connection terminal blocks ensure an electrical connection between 2 solid-centre or flexible conductors.
- Grey for standard circuits and blue for neutral conductors.
- One junction (1 input / 1 output).

675-8881	Blue, 12 AWG, 2.5mm², 800 V	0 371 00
675-8900	Grey, 12 AWG, 2.5mm², 800 V	0 371 60

CP2E Compact PLCs

- A Micro PLC for compact equipment where Price/ Performance ratio is a key, while supporting data collection and Machine-2-Machine communication

196-3743	8 in, 6 out relay	CP2E-E14DR-A
196-3745	12 in , 8 out relay	CP2E-E20DR-A

INSTALITE Lightweight Braid

- Up to 50% weight savings over traditional copper braids
- Available in 3mm to 20mm diameters
- Covers wide frequency range
- Offers Lightning protection
- Uses existing termination tooling and processes

887-2866	3mm	LWB-101-3.0(10)
887-2875	6mm	LWB-101-6.0(10)
887-2878	10mm	LWB-103-10.0(10)

Whether on the ground, at sea, or in the air, military systems like monitors, sensors, and radios are filled with small-form-factor embedded computing technologies.

We have a wide range of innovation in technology from the leading brands to help you deliver cutting-edge capability solutions.

52Pi HiFi AMP Hat

- The 52Pi HiFi AMP hat is the best optimized partner for RPi audio output which has high-quality, highly efficient and up to 25W Class-D power amplifier for the raspberry pi.
- In this just plug it into raspberry and do some simple configuration.
- High quality audio.
- Up to 90% efficient

Arduino Nano 3.0 Board with ATmega328

- The Arduino Nano 3.0 is a compact board featuring the ATmega328 microcontroller.
- It's a complete, bread-board friendly development board which measures
- Just 45 x 18 mm

Comparator & Voltage Reference

- 1.5V to 5.5V operating range
- 1.5µA typical supply current
- ±1.25% voltage threshold accuracy
- 10nA maximum input leakage current over temperature
- 10µs propagation delay
- Externally adjustable hysteresis (MIC841)

177-3305 Push-Pull O/P, 12µs 5-Pin SC-70 (Pack of 5) CY15B104Q-SX1

10 A DPDT Non-Latching Relay

- The A transparent polycarbonate cover protects DPDT
- DIN Rail or Surface Mounting
- Contact Material: Ag + Au Flashed
- Contact Rating is 10A
- Maximum switching voltage 240 Vac, 30 Vdc
- Mechanical Life of 107 Operations (min)
- Electrical Life of 105 Operations (min)

348-756 2 Pole, 12V

348-813 3 Pole, 230V

Infineon CoolSiC™ 1200 V, 45 mΩ SiC MOSFET

- Best in class switching and conduction losses
- Benchmark high threshold voltage, V_{th} > 4 V
- 0V turn-off gate voltage for easy and simple gate drive
- Wide gate-source voltage range
- Robust and low loss body diode rated for hard commutation

222-4865 52 A, 1200 V

222-4867 26 A, 1200 V

222-4868 19 A, 1200 V, (Tube of 30)

222-4872 4.7 A, 1200 V, (Tube of 30)

Adafruit 746 Ultimate GPS Breakout Board

- Fully assembled
- High quality
- High sensitivity: -165 dBm
- Built-in ceramic patch antenna
- Built-in data logging
- Automatic antenna switching

905-4630 ST7200USBM

High Power Relays

- Heavy load up to 5000VA, ideal for motor switching
- Withstands inrush current of 80A
- Fitted with 6.3mm quick connect male terminals
- 4.5kV dielectric strength (between coil and contacts)
- Flux proof construction

348-813 20A, 24V dc

FLIR Ex-series Infrared Camera with MSX & Wifi

- Easy to use: The FLIR Ex series cameras are fully automatic and focus-free with an intuitive interface for simple measurements in thermal, visual, or MSX mode.
- Compact and rugged: The FLIR Ex series cameras' low weight of 0.575 kg and the accessory belt pouch make them easy to bring along at all times. Their rugged design can withstand a 2 m drop test, and ensures reliability, even in harsh environments.
- Ground breaking affordability: The FLIR Ex series cameras are the most affordable infrared cameras on the market
- Convenient to share images and findings: Download images, create reports, and share what you've found instantly

RS MAINTENANCE AND REPAIR

RS can help to improve the efficiency of procurement departments which work in the Defence sector.

With our unbeatable range we can support platform maintenance, repair, overhaul and upgrade in a timely and cost-effective manner.

VDE Tool Kit

- Tool kit containing all the essential hand tools for electrical work
- All tools tested to IEC 60900
- Kits contains: combination pliers, long nose pliers, cutters, Ph2 screwdriver, 4 & 5.5mm slotted screwdrivers in a plastic case with transparent lid

RS PRO

473-350 7 Piece

FLIR TG56 Digital Spot IR Thermometer

- Precise, non-contact measurements of temperature
- 1.45" TFT LCD screen
- Rugged, industrial casing will withstand a drop of up to 3m
- High/low visual alarms
- Built-in laser targeting system makes it easy to identify the measurement point

922-8768 TG-56 INFRARED & TYPE K T/C THERMOMETER

TG56

Keysight Technologies U5857A Thermal Imaging Camera

- Allows engineers to safely and efficiently identify potential faults without shutting down the systems or disrupting the productivity of an industrial plant
- Temperature measurement range: -20 to +1200°C
- Detector Resolution: 160 x 120
- IP rating: IP 54

SV87-KIT

Heavy Duty Cobalt Jobber Drill Set

- Industrial quality for drilling materials that have high hardness and tensile strength such as cast iron, bronze, hardened steel & stainless steel.
- 135° split point (drills > 2mm & 3/32) enables accurate positioning and less drilling pressure

suttontools			
204-3775	Imperial, 29 pieces, 1/16 to 1/2 × 1/32 rises	D109S3	
204-3776	Metric, 25 pieces, 1.0 to 13.0mm x 0.5mm rises	D109SM3	

Mini Screwdriver Set

- Double ended mini screwdriver set
- It includes fully interchangeable double ended blades including flat (slotted), PH, PZ and TX blades. It has rotating end piece for easier use when "transporting" the fastening.
- Sizes clearly marked on the shaft

TENGITOOLS			
198-1860	8 Pieces	TM708	

Portasol® Professional Self-igniting Cordless Butane Solder Iron

- A lightweight, compact cordless butane soldering and hot air tool
- ESD safe to protect sensitive components
- Piezo ignition with push-button ease & convenience
- Fast heat-up for high productivity, melts solder in less

Weller

162-4465	Complete kit contains: PSI100C iron with PSI1 tip, PSI3 tip, PSI9 tip, PSI10 tip, Sponge, Case	PSI100K	
-----------------	--	---------	--

Soldering Station

- High power temperature controlled analogue soldering station in a slim, space-saving design
- New Lead free ESD safe soldering iron
- Composite design tip ensures temperature accuracy and excellent thermal recovery

HAKKO

GearWrench 7 Drawer Tool Cabinet

- Professional tool storage cabinet that offers a robust and secure solution to keep your workspace organised. The lockable swivel wheels make it easier to get the tools where you need them and maintain your safety.
- Trigger Lock retention system
- Powder coated full polished lacquer finish protects against scratches and scuffs
- Auto return drawers
- Exceptional drawer load with double and single ball bearing slides

GEARWRENCH			
816-0295	680 × 457 × 991mm	83155	

NF Contact Cleaner

- No Flash Point.
- Non-flammable.
- Fast Evaporation. Minimizes downtime associated with "clean-in-place" cleaning methods.
- Residue Free. Prevents harmful build up and eliminates rinsing or wiping.
- 360°Valve. Ensures that all usable product is expelled from the can evenly when the can is held and sprayed in the upside-down position.

238-7738	400 g	2017
-----------------	-------	------

Brakleen Brake and Parts Cleaner

- Fast Evaporation
- Residue Free
- Non-staining, and non-corrosive
- 360 Valve

238-7825	500 g	5089
-----------------	-------	------

Food Grade Bio Degreaser

- Biodegradable and NSF Registered
- Water-based, Concentrated, Dilutable depending on application
- Environmentally friendly

238-7871	750ml	FG05167
-----------------	-------	---------

ZINC IT

- Easy to apply
- Long term protection to steel because of cathodic action
- Flexible continuous protective film
- Does not contain Lead

238-7749	Grey, 400ml	2085
238-7750	Silver, 400ml	2087
238-7751	Black , 400ml	2089
238-7752	White, 400ml	2090

CO Contact Cleaner

- Safe for use on all plastics
- Quickly penetrates into hard-to-reach areas
- Rapid and complete evaporation leaves no residue
- Low in toxicity
- High purity formula
- Chemically stable, inert
- Non-conductive, non-corrosive, non-staining
- Contains no lubricants, silicones, oils

238-7736	150 g	2015
238-7737	350 g	2016

Electrical Parts Cleaner

- Fast evaporation
- Residue free
- Preventing harmful build-up
- Eliminates rinsing or wiping
- 360° Valve

238-7740	400g	2019
-----------------	------	------

Penetr8

- Extreme Penetrating Action
- Improves Performance and Operating Efficiency
- Outperforms the Competition
- Corrosion Inhibiting
- Safe on metals and most plastics, rubbers and paints

238-7833	400g	5501
-----------------	------	------

The Professional's Choice

From head to toe, our range of PPE and workwear can keep your people safe and comfortable.

RS can support you with our large range, sourced from the leading, trusted suppliers in Australian Personal Protective Equipment and Workwear.

3M™ Head and Face Protection / Industrial Coveralls

3M Protective Eyewear delivers innovation, leading-edge design, and advanced coatings while providing confidence of reliable protective equipment (PPE). This comprehensive range of safety glasses, spectacles and goggles helps to protect eyes from a wide range of hazards associated with working in the marine & shipping industry, including UV-light for extended periods of outdoor working, flying particles or chemical splashes. Many of the range also feature anti-fog coating to reduce the risk of misting and reduced visibility.

The range of 3M™ Protective Coveralls available from RS features options with enhanced safety construction and material technologies that help provide enhanced breathability and lightweight comfort. 3M protective coveralls offer quality and reliability - helping workers to manoeuvre freely and do their jobs efficiently.

Search for 3M Protective Overalls

3M™ Hearing Protection and Communication Solutions

3M understand the risks associated with working in high-noise environments and have developed a comprehensive line of active and passive hearing solutions to address detection, protection and validation for marine & shipping applications.

For example, 3M™ PELTOR™ Communication Headsets do more than just protect the workforce from high levels of noise common on offshore platforms, they also allow workers to communicate critical messages and instructions fast across site, handsfree.

WHATEVER YOUR SIGNAGE NEEDS, WE CAN HELP

Exit Signage

- Designed to show the way out quickly and easily in an evacuation scenario
- Can be shown in words or images with or without arrows
- Available in a variety of sizes and mounting options

Mandatory Signage

- Mandatory signs used to inform people of the statutory requirements for the area they have entered
- These include safety, prohibition, warning or PPE signs

Fire Signage

- It is a legal requirement that all occupants of a building are aware of fire safety instructions
- These indicate fire doors and exits, fire alarms, fire assembly points and fire extinguishers

Prohibition Signage

- Essential for workplaces and public areas that require health and safety orders
- Signs include a red circle with the banned activity
- Available with a variety of messages

First Aid Signage

- Displayed to promote a safer environment by highlighting emergency first aid information
- Used to highlight location of first aid stations or equipment such as defibrillators

Safety Posters

- Selection of posters and wall charts to assist in identifying hazard areas and associated dangers
- Available in different languages and materials to suit different requirements

Security Signage

- Used across a multitude of public and private spaces to communicate the presence of security or surveillance systems
- Can be used as a deterrent to help prevent crime or for making visitors aware that their movements will be monitored

Warning Signage

- These are a legal requirement for businesses where there is a potential risk
- Available in two colour combinations of yellow/amber with black text and images or red with white text and images

RS PRO

Our Range. Your Choice.
