

Rockford Area Convention & Visitors Bureau Website Inclusion Policy

Underlying philosophy and goal of www.gorockford.com

- To position the Rockford Region as a Real, Original destination offering value and convenience for the leisure and business traveler
- To provide trip planning information to visitors to the Rockford Region
- To promote and encourage the growth of local tourism-related businesses, attractions, accommodations and dining facilities to the leisure and group/meeting/convention markets
- To provide a quick-access reference website for Rockford residents
- To improve and promote the perception that Rockford is home to original activities, but not to be a calendar of every-day events, on-going meetings and non-tourism related activities (a role fulfilled by the *Rockford Register Star* calendar).

To be considered for inclusion

- **Attractions, Accommodations, Dining:** Inclusion of any entity is based on the sole discretion of the RACVB, keeping in mind the best interest of the leisure and group market customer and the **uniqueness/originality** of the facility:
 - All hotels in Winnebago County meeting health and safety standards are included at no charge
 - All non-profit attractions/sites in Winnebago County are included at no charge
 - All locally-owned restaurants in Winnebago County are included at no charge to encourage and promote the development of locally-owned and unique dining experiences
 - Chain or franchise retailers are not eligible for inclusion
- Any entity can request to be included on the website, however, ***the RACVB has final say on inclusion and makes the decision on the proper category in which to list the entity within the website:***
 - **All listings are free and can include the following:** company name, full address, phone numbers, website link, and full description (to be edited by RACVB) of site. Photos of site must be approved by RACVB before inclusion.
 - **Events should be of interest to visitors but *not necessarily limited to their ability to draw visitors to Rockford.*** Events may be included based on their contribution to the “quality of visit”—e.g. while a given event might not have sufficient appeal to draw large numbers of tourists by itself, its entertainment or cultural value may be supplemental and provide an increased incentive to visit and stay. Cases in point are prairie walks and children/adult classes at museums.
 - **Sites and events should be located within the boundaries of Winnebago County.** The RACVB maintains contracts with the City of Rockford, Winnebago County and other local municipalities that direct us to use available hotel tax resources to promote events and destinations exclusively within the Winnebago County boundaries. Exceptions to this rule include but are *not necessarily limited to* events that take place in a surrounding community that is not serviced by another CVB, events that do not have any local hotels to service visitors or events that will create significant economic impact for the Rockford Region (in the form of overnight stays). ***Exceptions will be reviewed on a case-by-case basis and the RACVB has final say on inclusion or exclusion of any event.***
