**Sexual/Pornography Addiction Recovery in Lehi!**

The LifeSTAR network is excited to announce that a new program is launching in Lehi! LifeSTAR is a nationally renowned therapy program that treats sexual/pornography addiction as well as addiction-related trauma for spouses and parents. The new office, near Thanksgiving Point, is now accepting new clients and is launching new therapy groups.

LifeSTAR utilizes a 3 phased system to establish sobriety and support a life of long lasting recovery from sexual addiction and trauma. The program offers counseling for individuals, couples, and families. The program also runs therapy groups for men and women, launching new groups throughout the year.

The clinic in Lehi is run by an experienced and well-trained treatment team including four therapists and an office assistant. All of the therapists are fully qualified and have been trained in addiction and trauma work.

One former client said, "The LifeSTAR program finally helped me overcome my addiction to pornography. It saved me from addiction and has healed my marriage. Although treatment ended a while ago I have remained sober for over two years now. My wife loves and trusts me. This works and it lasts! Thank you, LifeSTAR, for giving me my life of freedom and dreams back!"

If you or a loved one are interested in the services LifeSTAR offers please call (801)707-7734 to schedule an individual session with an experienced, qualified therapist today. For more information please visit [LifeSTARLehi.com](http://LifeSTARLehi.com), email [lifestarlehi@gmail.com](mailto:lifestarlehi@gmail.com), or stop by the office at 2940 Maple Loop Dr, LO1.

*Recovery is possible!*
