

Fall Color Fix

The Midwest is a favorite for travelers seeking a fall foliage feast for the eyes, otherwise known as “leaf peeping”.

Here are a few ways to experience the best of Hamilton County’s autumnal offerings:

1. By water – Rent from [White River Canoe Company](#) in Noblesville for a crisp morning or afternoon spent on White River under a canopy of fall hues.

2. By bicycle – Pick up the paved [Monon Trail](#) in Carmel or Westfield for a ride through miles of fiery foliage.

3. By foot – Head to [Strawtown Koteewi](#) in Noblesville for a walk or run on eight miles of crushed limestone trails through Hamilton County’s largest park.

4. By rail – Board the [Hamilton Harvest Train](#) in Fishers beginning Oct. 4 for a rail journey through the Indiana countryside, and pick some pumpkins while you’re at it!

5. By air – Soar 350 feet above the county in a giant helium balloon at [Conner Prairie](#) to see fall colors more than 20 miles away.
