Harrisburg Hershey Tours, Talks & Walks offers a unique STEP-ON-GUIDE service to individuals or groups. We make arrangements to "showcase" our city, telling how, why, when and where it was founded. In 1717, John Harris, with a charter from William Penn's proprietors set out to establish this community on the Susquehanna River. The town blossomed with industrious people. Despite wars and economics, the community grew. It became the "crossroads" of 7,000 years of Native American Indians, colonists, businessmen and politicians. Stagecoaches, canals, railroads, airlines and excellent highways gave this abundant agricultural land the most accommodating opportunities possible. Today, Harrisburg Hershey Tours greet guests and presents them with a tremendous opportunity to learn about our city, see our city and come to know our city.
