

Glacier Trip Svartisen

A glacier is a distinctive world. The ice of Svartisen is a deep blue colour and forms summits and ridges with deep crevasses in between. Engabreen is spectacularly beautiful! This glacier arm is the lowest point of any glacier on the European mainland. We provide experienced guides. You do not have to do it alone. Our trips are about working together, having fun and getting out of your comfort zone.

Level of difficulty

Moderate fitness and agility is required. The precise route and challenges on the glacier will be adjusted to fit each group's capabilities. Minimum age: 12 years. Previous mountain experience for children is recommended.

Duration

A typical day trip takes about 6 hours, including about 3 hours on the ice. But to make the most of it, an extra day in the area could inspire other adventures.

What to bring

- Steady mountain hiking shoes
- Outdoor clothing, 2 layers minimum (Waterproof clothing is only suitable if it rains)
- Gloves
- Sunglasses
- Daypack
- Lunch (something to eat & drink)
