Newport, RI

The best spot for an [East Coast babymoon](#)! The city is known for its mansions (including the famed [Breakers](#)!), which sit along Cliff Walk, but Newport has so many other great things to do and see. Check out the [Newport Art Museum](#), [Redwood Library and Athenaeum](#), or the [Newport Car Museum](#). However, if you want to spend time outside, there is the [Norman Bird Sanctuary](#) and the [Bay Walk](#), which takes in the view from the perimeter of Fort Adams State Park.

With several shopping areas and a quaint section of town filled with coffee shops, don't miss brunch at [Stoneacre Brasserie](#) for field-to-fork dining and some outrageous biscuits. Savor a drink, lunch, or dinner at the [White Horse Tavern](#), the oldest tavern in the US, established in 1673, or visit [Brix Restaurant](#) for a menu that is made completely from scratch.

As for accommodations, [Gurney's](#) has a stunning view of the water and a spa for a good prenatal or couple's massage.
