Newport, which is only a short drive from New York, provides visitors with the seaside beauty as well as historic charm and fascinating arts & culture events, especially in spring. In the heart of Newport, on the Wharf, is where road trippers find the Hammetts Hotel. The hotel rooms are designed to resemble a ship's quarters and come equipped with contemporary conveniences. Additionally, its exceptional location makes it the perfect starting point for those who want to fully experience the area. It encourages the exploration of all the attractions situated downtown and removes the need for expensive Ubers and taxis.
