As part of the partnership, Branson and the Lakes Area will receive a mix of experiential and digital activation assets, including an annual in-market season kickoff rally with Chiefs personalities. SHEPHERD OF THE HILLS STATE PARK PUBLIC MEETING

The public is invited to a town hall-style public meeting for Shepherd of the Hills State Park. Representatives from Missouri State Parks will be on hand to provide information about the park and answer questions. The public is invited to share comments about the park and its operations.

Input from the public is important to Missouri State Parks. These public meetings, which are being held for all state parks and historic sites, help create two-way communication with the public. The meetings give representatives the opportunity to let people know the current statuses and future plans for the parks and sites, and they offer visitors the opportunity to comment on the facilities.
